If you do not need glasses they most positively will not recommend them. They do not go from house to house. Consult them at the Hotel Tillamook. Don't forget the date. Home office 617 Oregonian Bldg., Portland, Ore. They will be in Tillamook every three months.

Public ownership of the stock of the regional reserve banks is permitted only in case enough banks do not join in any district to provide a capital stock of \$4,000,000. In such event the public may purchase the stock in quantities limited to \$25,000 for each individual, but the voting of this stock will be placed in the hands of government representatives on the board of directors of the regional reserve bank.

Wide differences existed between the form of the bill passed by the senate and that passed the house several months ago. An analysis of the senate bill by Senator Owen and Representative Glass, chairmen of the conferees, showed 42 points of difference between the two houses.

Among the more important differences settled by the conference committee were the following:  
The minimum capital stock of each regional reserve bank was fixed at \$4,000,000, a compromise between the \$2,000,000 minimum of the senate bill and the \$5,000,000 minimum of the house bill.

The senate's provision for "from eight to 12" regional banks was accepted by the house in place of the minimum of 12 fixed in the house bill.

The senate provision that each member bank must subscribe for stock of the regional bank in its territory equal to 6 per cent of the member bank's capital and surplus was accepted by the house to replace its own provision that the subscription must equal 5 per cent.

Aside from completion of the currency legislation congress dropped all other problems in anticipation of the first actual recess since April 7.

Bell and Western Union Separate.  
Attorney General McReynolds has announced an agreement between the government and the American Telephone & Telegraph Co., which will prevent litigation to dissolve the corporation under the Sherman anti-trust law.

Briefly, the agreement provides that the corporation shall dispose promptly of its holdings in the Western Union Telegraph company so that each concern shall be entirely independent. The company agrees hereafter not to acquire control of other telephone companies and where control of telephone companies has been acquired but no actual physical union affected, to submit to the interstate commerce commission and the department of justice the course it is to pursue.

Attorney General McReynolds told friends that scores of the independent telephone companies in the United States were gratified over the agreement the so-called telephone trust has made with the department of justice, which will give the independent companies the use of thousands of miles of trunk lines operated by the Bell companies.

Government Ownership Proposed.  
Government ownership of telephone and telegraph lines is sought in a bill introduced in the house by Representative Lewis, of Maryland. The post-office department, if the bill becomes a law, will take over these two public utilities January 1, 1915.

The bill stipulates that the country's telephones shall be operated by the government after January 1, 1915, and that the entire telephone and telegraph business be done over government lines. Farmers' telephone systems, however, are exempted.

## NEWS FROM OUR NATIONAL CAPITAL

### New Currency Law Most Important Financial Measure Passed in Years.

Washington.—The new bill affecting the currency, banking and finance of the country, which both branches of congress passed before adjournment over the holidays, is one of the most far-reaching measures relating to finance that has been enacted in many years. One of the great reforms under the bill is the taking of the reserves out of the reserve centers and scattering them through the regional reserve banks under governmental supervision.

National banks are compelled to join and state banks are permitted to if they bring their reserve requirements up to the standard set for national banks and submit to national examinations.

Public ownership of the stock of the regional reserve banks is permitted only in case enough banks do not join in any district to provide a capital stock of \$4,000,000. In such event the public may purchase the stock in quantities limited to \$25,000 for each individual, but the voting of this stock will be placed in the hands of government representatives on the board of directors of the regional reserve bank.

### May Make Farm Loans.

The new law will make little direct change in the operation of the present national banks, except to allow them to loan a certain amount of their funds upon farm mortgages. Its chief purpose is to add a new piece of machinery to the banking system that will "take up the slack" during the changing business conditions of each year; that will give the banks a place to convert quickly their assets into cash in time of need and that will bring out new federal currency when it is needed, and retire it when money becomes "cheap."

### House and Senate Bills Differ.

### Presbyterian Church Notes.

The Sunday School in session from 10 to 11 a. m.

The Presbyterian Sunday School is organized and graded, and our primary department is a model. The adult members and adherents of the church are urged to attend the adult Bible class taught by the pastor.

Morning service at 11 a. m. Sermon: "At the parting of the days."

The evening service at 7:30 will consist of an hour of song. The pastor will relate incidents connected with the origin and usage of about a dozen of the great hymns of the church, and several of these hymns will be sung by the choir and congregation. The choir will also render special numbers. Come and enjoy a pleasant Sunday evening of song and story. Strangers in the city are invited to attend all the services of this church.

Donald MacKenzie, Minister.

### MRS. LEE LYSER ILL

Mrs. Lee Lyster of Hemlock was taken seriously ill on Saturday. Dr. Hewitt of Tillamook was called and pronounced it a case for immediate operation. Mrs. Lyster was rushed into Tillamook to Dr. Boals' Hospital, where Dr. Boals and Dr. Hewitt operated on her without delay. Mrs. Lee Lyster is well liked here and her many friends are much relieved that she is now safely on the mend.

### DANGER AFTER GRIPPE

Lies in Poor Blood, Cough and Worn-Out Condition.

Grippe, pleurisy, pneumonia are greatly to be feared at this season. To prevent grippe from being followed by either pleurisy or pneumonia, it is important to drive the last traces of it out of the system.

Our advice is to take Vinol, our delicious cod liver and iron preparation without oil, and get your strength and vitality back quickly.

W. W. Lake of Aberdeen, Miss., says: Grippe left me weak, run-down and with a severe cough from which I suffered for a long time. I tried different remedies, but nothing seemed to do me any good until I took Vinol from which I received great benefit. My cough is almost entirely gone and I am strong and well again.

Try Vinol with the certainty that if it does not benefit you we will give back your money.

P. S. For Sores of Scalp try our Sazo Salve. We guarantee it.
