GENERAL CONTRACTORS
Sidewalks, Floors, Foundations, Chimneys, Building Decks, Brick, Etc.
ALL WORK GUARANTEED
OFFICE AT CEMENT FACTORY COR. 2ND AVE. EAST AND 4TH. BOTH PHONES.

OREGON NEWS NOTES OF GENERAL INTEREST

Events Occurring Throughout the State During the Past Week.

Union County Prosperous.
La Grande.—Five hundred carloads of apples, 1200 tons of cherries, four trainloads of potatoes, 80,000 feet of lumber, great numbers of cars of horses, cattle and hogs, and 1,500,000 bushels of wheat form an industrial procession which is moving to the market from Union county. This county has been in extremely fortunate circumstances this year for fair prices have been realized on every product of the soil. Records have been set this year for wheat, cherries, hogs and cattle.

Jail Is Boarding House.
Salem.—Declaring that it was necessary for the man to have plenty to eat for a few days to build up his health, Police Judge Edlin sentenced J. E. Adkins, charged with obtaining a meal at a restaurant and not paying for it, to serve a sentence of five days in jail. The prisoner was thankful for the sentence, and announced that he was almost starved when, in his desperation, he ordered the meal at the restaurant.

Tragedy of Fighting Deer.
Ashland.—Trappers on Lick creek, in this county, recently came across a strange find in the way of two deer with horns interlocked, one of them a six-point buck and the other a five-pointer. The six-point animal was dead, and its carcass was being dragged about by the other one, appearances indicating that the larger deer of the two had been dead several days.

Will Seek Gold Dust.
Phoenix.—The Forbes company has secured leases from the owners of the flats along Bear creek, from Phoenix to Talent, for the purpose of washing the sand for gold. Work will begin in a few days, and will be watched with interest, as it was in this vicinity that rich gold deposits were found in 1842. The developing company is said to be well financed.

FAIRS TO BE INSTRUCTIVE
State Superintendent of Public Instruction Calls Conference.
Salem.—With the object of making the educational features of the county fairs more prominent, State Superintendent of Public Instruction Church III, general director of the industrial school fairs of the state, called a meeting of secretaries of county fairs, school supervisors and all persons interested in the proposition Friday at the capitol. The action was taken by Mr. Churchill because of many requests that he take the lead in calling the conference, inasmuch as his department had charge of one of the most important features of the fairs. A movement has been on foot for some time to enlarge the scope of the exhibitions and make the educational features more important than racing and carnival attractions.

Merchant Gets "Black Hand" Card.
Copperfield.—A postcard picture of a "black hand" and a bomb, inscribed "will soon get you," was received by Samuel Aklin, merchant of this place. Aklin was one of those who refused to sign the petition asking Governor West to close the saloons here. Peace officers are inclined to the belief that the card was sent entirely as a jest.

Douglas Has Good Corn Crop.
Myrtle Creek.—The excellent corn crop grown in southern Douglas county during the past year, together with the showing made by Douglas county at the state fair and the Chicago land show has awakened interest anew in corn growing among our farmers.

Justice Joins Wife Beater.
Oregon City.—In the same cell with B. W. Moore, the man he sentenced to jail for six months for being drunk and beating his wife, George Bigham, justice of the peace at Oak Grove, faced a charge identical with the one for which Moore is completing the fifth month of a six months' sentence.

For Sale: Practically new Remington typewriter, price \$45.00, \$10 down and \$6.00 per month, to responsible party. W. Van Graven, Box 140, Tillamook.

WILSON SENDS FOR LIND

Special Envoy to Mexico on Fast Cruiser to Visit President.
Vera Cruz.—John Lind, President Wilson's personal representative left here to visit the president and talk over the international problems arising out of the Mexican revolution. Mr. Lind left Vera Cruz at 6 o'clock Wednesday evening on board the Chester, the fastest cruiser of the American navy, bound for Pass Christian, Miss., where President Wilson is spending his vacation. Few persons in Vera Cruz knew of the orders to Mr. Lind and that small portion of the Mexican population which saw him walk from the American consulate to the waterfront, two blocks away where the admiral's launch awaited him, regarded his suit cases with expressions indicative of varied opinions.

Ex-Leader of Pythians Dead.
Chicago.—Charles A. Barnes, ex-county judge of Macomb county, Illinois, is dead in Leamington, England, where he was visiting, according to dispatches received here. His home was in Jacksonville, Ill. He was past supreme chancellor of the Knights of Pythias of the World.

Schmidt Jury Disagrees.
New York.—After deliberating 36 hours, the jury trying the case of Hans Schmidt, the ex-priest of St. Joseph's church, accused of the murder of Anna Autmiller, reported that it could not reach an agreement, and was discharged.

WEST'S SECRETARY TO CLOSE SALOONS

Salem, Or.—"The district attorney and the sheriff of the county having reported to me that they cannot do it, I will send my private secretary, Miss Fern Hobbs, to Copperfield to close the saloons," declared Governor West. "If these men who are sworn to enforce the law and have the great arm of the law back of them cannot close the saloons, we shall see what a woman can do."

"Miss Hobbs will go as a representative of this office and I shall leave the whole matter to her. It will be up to her to close the saloons." Asked if Miss Hobbs would stop at Baker, assemble a company of soldiers and, as a second Joan of Arc, march upon Copperfield, the governor replied: "I have said it would all be up to Miss Hobbs and for you to keep your eye on Copperfield when she arrives. She will show the men who couldn't close the saloons there what a woman can do." While Governor West declined absolutely to give any further details of his plan to close the saloons in the Baker County town it is regarded as certain that Miss Hobbs will be provided with all the protection which might be necessary.

Indian Falls in Barrel and Drowns.
Pendleton.—While drunk and numbed with cold, Julius Williams, a well-known member of Walla Walla tribe of Indians, slipped and fell headlong into a barrel of water near the O.W. R. & N. track.

Grave of Asahel Bush Guarded.
Salem.—Fearing that ghouls would attempt to steal the body of the late Asahel Bush, a millionaire banker, and hold it for ransom, relatives have caused a watch by day and night to be placed at the vault.

Dozen Beets Weigh 147 Pounds.
Cottage Grove.—A dozen mangel beets that tip the scales at 147 pounds have been raised by J. M. McDole as an indication of the possibilities of Cottage Grove soil.

"DROP IN AND LOOK AROUND"

NEWS FROM OUR NATIONAL CAPITAL

Secretaries of Treasury and Agriculture Are Perfecting Bank Plans.

Washington.—Secretaries McAdoo and Houston of the organization committee have taken the first official steps to start the machinery of the Glass-Owen act. In a resolution adopted by the organization committee, it was provided that every national bank which accepts or rejects the provisions of the federal reserve act shall file a report of such action within sixty days. Intention to subscribe to the capital stock of federal reserve banks must at the same time be declared. Under the law these reports must be filed on or before February 22. From January 1 to March 1, Secretaries McAdoo and Houston will devote much of their time with hearings and investigations relative to the designation of federal reserve cities and districts.

Cities to be visited are New York, Chicago, Denver, St. Louis, Portland, San Francisco, Houston, New Orleans, Atlanta, Cincinnati and Cleveland. By April 1 the work of organization will be completed and the federal reserve board will be ready to take up the work where the organization committee leaves off. It is planned to have all essentials completed so that the system may be started as soon as the reserve cities and districts are announced.

Trust Revision to Be Short Work.
Congressmen prospectively viewing the new year declared that the additional legislation to make the Sherman law more effective will not absorb as much of congress time as anticipated. President Wilson's attitude, as they have gathered from talks with him, is that business, needing adjustment from the tariff and currency measures, is not now in a position to withstand a slashing attack. It is, a period of depression, they say, it is merely one of transition.

The president's program is for passage of a law making guilt personal in trust cases—possibly prison sentences, instead of the wide latitude of fines now discretionary with judges under the Sherman law—and prohibition against interlocking directorates. There will also be a law exactly defining a trust, and serving notice on big business just how far it can go.

Beef Inquiry Planned.
Secretary of Agriculture Houston has announced the appointment of a special committee of experts to conduct an inquiry into the present unsatisfactory meat production conditions in the United States. The announcement by the secretary prescribes that the committee will investigate "especially in reference to beef, with a view to suggesting possible methods for improvement."

The work of the committee, it is said, will center largely on the study of economic questions involved in the production, transportation, slaughter and marketing of meat.

Railroads Asked for Information.
A series of interrogatories was addressed by the interstate commerce commission to the railroads of eastern classification territory in relation to a petition of the roads for an advance of 5 per cent in their freight rates. The inquiries are designed to develop such facts concerning the physical and financial operations of the roads as heretofore have not been submitted to the commission.

"Among other things it is desired to determine to what extent conflicting and intertwining interests commonly described as interlocking directorates prevail," the announcement said, "and what influence, if any, this practice has had in increased railroad costs."

National Capital Brevities.
The quarantine on potatoes has been continued by Secretary Houston. The ban affects Canada, the British Isles and all continental Europe.

Third Assistant Postmaster General Dockery says that the people should manifest more interest in postal savings banks.

One thousand democratic women representing every state in the Union, will gather in Washington from January 1 to 15.

MINERS BURY THEIR DEAD

Bodies Borne By Marchers; Thousands Form Spectacle of Grief.

Calumet, Mich.—The Western Federation of Miners buried its dead. Fifty-nine bodies, including those of 44 children, were carried through the streets down a winding country highway and laid in graves in a snow-enshrouded cemetery within sight of Lake Superior.

Thousands of saddened miners formed the escort of the funeral parties and passed between other thousands who as spectators testified to the grief that has oppressed the community since 72 men, women and children were killed in the Christmas eve panic in Italian hall.

Calumet Owners Will Not Mediate.

Calumet, Mich.—Uncompromising adherence to their determination never by direct or indirect means to recognize the Western Federation of Miners was pronounced by mine managers of the copper strike district who were willing to discuss the visit here of John B. Denmore, solicitor of the department of labor.

YOUTHFUL BANDIT IS SENTENCED TO DIE

Los Angeles, Cal.—John Bostick, "the El Monte bandit," pleaded guilty in the superior court to the murder of Traveling Passenger Agent Herace E. Montague and was sentenced to be hanged, must be inflicted within 90 days.

The crime for which Bostick, who is but 22 years old, must hang, was committed on the night of December 1. He boarded the Southern Pacific's Sunset Express at Pomona, held up the passengers of the rear Pullman and shot and killed Montague, who he thought was killed to resist.

Arthur Cole and his bride, of San Francisco, were responsible for the bandit's capture December 23. The Cole's, returning on the express from their wedding trip, were robbed by the bandit. While Christmas shopping on Mission street, in San Francisco, they saw Bostick. They left the car and trailed him for half an hour.

Federals Fighting For Life on Border.

Presidio, Tex.—A battle in which 5000 or more rebels are seeking to exterminate or drive across the United States border the northern division of the Mexican federal army was in progress around Ojima, Mexico, opposite here.

That the federals will surrender is improbable, because of General Ortega's explicit orders to execute the so-called volunteers and their commanders.

Two University Regents Step Out.

Seattle.—Two of the regents of the University of Washington, F. A. Hazeltine and G. A. Walker, have sent their resignations to Governor Lister and he is seeking the resignations of three others.

City Clear Quarter Million on Carline.

San Francisco.—The public works board decided that when the city finishes its first year's operation of the Geary street carline its profits will have reached nearly \$250,000.

President Wilson 57 Years Old.

Pass Christian, Miss.—President Wilson was 57 years old Sunday, and letters and telegrams of congratulation poured in from all parts of the country.

When congress reconvenes after the holidays, Senator Chamberlain, of Oregon, will endeavor to call together all the senators and representatives from the public land states in the hope of agreeing on a bill to amend the three-year homestead law.

Manuel Quezon, commissioner from the Philippines in congress, asserted, upon his return from Manila, that since the announcement of President Wilson's policy the Filipinos are more friendly towards the Americans than ever before, and that they now look to the United States as well as to its representatives in the Philippines, as their saviors.

The Feeney-Bremer foundry has taken the contract to make the tanks and part of the machinery for the new Natatorium that will be constructed at Bayocean this year. Work will be begun on the construction of this machinery and equipment at once. The pieces to be made by the Feeney-Bremer Co. are very massive.
