AND 6TH ST. BOTH PHONES.

Tillamook High School Notes

Tillamook-St. Johns Debate Postponed.
Basket Ball in Full Swing.
Teachers Return.

School began again on last Monday after a vacation of more than two weeks; and a sorry beginning it was. There had been heavy rains and the rivers were flooded so that the students living away from town were unable to attend. Trains were held up by slides so that three teachers, Miss De Bar, Miss Ueland, Mr. Will and several students were missing from their accustomed places. However, the lack of English recitations, nor their renewal upon Miss De Bar's return, was not the worst of the situation, the greatest trouble was the way in which the water poured into the school house (although Prof. Buchanan thought the poor attendance more terrible). There was a great puddle of water in the front part of the assembly room and another in the back part which apparently required most of the janitor's time, in spite of the splendid array of pans, buckets, tubs, etc., for catching dripping, to keep mopped up; while some of the grades were excused on account of their rooms being so wet. Then the room was hot, at least very warm, so that steam kept rising from the water until one could almost see it.

It has been noticed that a certain Freshman, a class officer of highest rank, has, at noon and other odd times, continually, almost perpetually, occupied a seat in front, behind or beside the desk of a Junior girl, the gossip whisper "flirtation" but of course they may be wrong.

We wonder why "Doc" Maddux rooted for the Freshmen in the Senior-Freshmen basket ball game.

The debate that was to be held on Friday evening was indefinitely postponed because slides along the railroad have cut off transportation. The other schools in this district held their debate but the returns have not reached us yet. It is uncertain when the railroad will be in condition for use, so nothing can be said with any degree of certainty concerning further work in regard to debate.

Basket Ball is in full swing at school these days. Three class teams have been organized and have the following standing.

	Played	Won	Lost	Per ct.
Senior	2	2	0	1,000
Freshmen	2	1	1	500
Junior	2	0	2	000

Friday night witnessed the defeat of the Freshmen, hitherto undefeated team, by the Senior quartet. The Freshmen had met the Juniors and come off victorious with a score of 6 to 17 and consequently their hopes were high when they marched out to play the seniors; but sad as it may be, the Freshmen met a horrible Waterloo, and great was their fall thereof. Previous to this game the Juniors played a tie game with a scrub team.

ANNUAL MEETING OF COW TESTING ASSOCIATION

Notice is hereby given that the annual meeting of the Tillamook Cow Testing Association will be held on Thursday the 29th day of January, 1914 at 1 P. M. of said day at the Court House for the Election of Officers and for the transaction of such other business as may lawfully come before it.

Every dairyman who is interested in his welfare is cordially invited to attend.

Prof. Graves of the dairy department of the Agricultural College will be present and talk on the subject: "A Balanced Ration for Milk Cows."

The Secretary.

COMMUNICATION.

Kind Editor of the Herald: Many thanks to you for publishing my last communication in your paper, for it brought me joy, knowledge and tender memories of other days. Please allow me space to reply to those who remembered me by a written thought. I bow myself to all readers of the paper this beautiful New Year's Day of 1914. If any wish to know my meditation this day, please read the 55th Chap. of Isaiah.

I had been away from the post office for about ten days; the P. M. began to hand out mail with a suspicious look at me as if I had slipped my former home owing bills; and the letters were duns, statements etc., but as the pile grew large so rapidly I acted like a child and chuckled out loud. Others standing by asked for their mail stating that they were in a hurry; he grinned assuring them that his service was still at my disposal until I was served. I feasted on their contents—namely such as these: "We have taken up Bible Reading in our home."

New advancement in Church work. Christian Calendar, Christmas greetings and cards. Prayer and words of encouragement. From some who used to reside in Tillamook Co., but have moved away but still the Herald follows them. Some read my communication late at night got up earlier than usual next morning to write.

Dear little children who lip my name in their evening prayer. Some described how certain elements clashed near their home causing them to escape the disaster. One, was postmarked Beaver but whose name I could not remember, said they miraculously escaped by climbing a high peak,—thanks anyhow. Others stated that Beaver was on the map to stay, etc. and so on. I am spending my leisure time soliciting for an old church debt; hope to liquidate the indebtedness and have a bonfire of the note and mortgage before I leave Coos. People are now coming to church in their gasoline launches. The beautiful green meadows that I walked on when I first came here, are now covered with water so I do part of my pastoral calling in a small boat with a twelve year old boy at the oars and his dog.

The wild ducks are very plentiful and so many hunters I am somewhat timid as some shot fell on the boy; the dog just jumps in and out of the boat at his pleasure and almost upsets it, but the "bitter goes with the sweet." I must tell the children how I got fooled. I had seen a duck staying just in the edge of the water for several days, concluded it must be partly tame thought what a nice pet it would make, when I got hold of it found to my surprise it was one of the wooden decoy ducks.

Watch for my Valentine story which I hope will be published soon in the S. S. Watchword.

Rev. Dora Young, Coquille, Ore.

Subscribe for the Herald, it comes twice a week.

"DROP IN AND LOOK AROUND"

Patsy With Mail Shipment Due

May Get Daily Mail Service By South Route. Rail Tie Up May Last Another Month.

There have been many conflicting rumors in regard as to when transportation would be resumed on the railroad. W. S. Cone who returned from Portland on Sunday over the Sheridan route, tells us that while in conversation with J. M. Scott, General Passenger Agent of the S. P., last week, Mr. Scott said that it was possible that a regular passenger schedule would not be resumed between Tillamook and Portland until March 1. However, he said that in case the weather was favorable trains might be running sooner. A late report which we have just received here is to the effect that we may get a train by the latter part of this week. There are so many different rumors in regard to this matter that it is rather hard to draw any accurate conclusion.

Temporary stage service will be established between Tillamook and Nehalem, making the trip three times a week. Harris and Vidito will handle the route.

The Patsy leaves Portland tonight with 157 sacks of mail, weighing 4800 pounds. We understand that if the tie up in rail transportation promises to continue much longer, that a daily mail from outside points will be brought in over the south route.

CHEESE PRICES UP.

The Oregon Journal of the 8th has the following to say in regard to cheese prices in Portland:

Prices in the cheese market are sensationally high here owing to the fact that no additional shipments can be received from Tillamook for some days. Sales are reported in a limited way as high as 19½ at 20c a pound.

NOTICE TO TAXPAYERS

Taxes are now due and payable. If paid in full before April first 1914 will be received at face. All tax including half payments remaining unpaid April first will be collected with an interest charge of one per cent per month until September first when all tax becomes delinquent and an additional penalty of ten per cent will be added. Please give a complete list of all property you wish to pay taxes on when writing for statement.

B. L. Beals,
Tax Collector.

The Progressive Club met with Mr. and Mrs. Sam Anthes, Thursday evening, January 8th. The evening was enjoyably spent in playing "500". Mr. Arthur Stillwell received first prize and Mrs. Arthur Stillwell received the consolation prize. The hostess served a dainty lunch after which the club adjourned to meet with Mr. and Mrs. Art Ruger, Jan. 22nd. The members present were Mr. and Mrs. Will Hill, Mr. and Mrs. Alva E. Williams, Mr. and Mrs. Art Ruger, Mr. and Mrs. Arthur Stillwell and Mr. and Mrs. Arthur Carpenter.

WATER COMMISSION ELECTS OFFICERS

On Monday evening the Tillamook Water Commission elected the following officers for the coming year:

W. G. Dwight, president.
Chester Holden, secretary.
Chester McGhee, treasurer.
Chester McGhee, P. W. Todd, Erwin Harrison, financial committee.

The financial committee reported favorably on two loans which totaled \$25,000.

The report of the committee which was appointed to check accounts of the collector was read. The report showed that the present method of keeping accounts was cumbersome and that a different system of book-keeping was necessary, so that the commission would know what a month's revenue should be, and if the amount was not forthcoming there would be some positive means of knowing why. President Dwight is anxious to place the keeping of all accounts in connection with the water system on a strictly up to date basis and will exert his endeavors to that end.

JETTY CONTRACT SENT TO WASHINGTON.

The following taken from the Oregonian of the 8th, tells us that another step has been taken in a long drawn out endeavor to dispose of a lot of red tape in connection with our harbor improvements. The prospects are that active operations will begin in the course of another month or so.

Major Morrow, Corps of Engineers, U. S. A., will forward to Washington today a contract executed with Giesch & Joplin for the construction of the north jetty at the entrance to Tillamook Bay. Immediately on notice of its approval being received plans will be carried out for beginning the work.

FIRE BOYS HOLD ANNUAL MEETING.

At the annual meeting of the Fire Department which was held on Thursday evening of last week the old officers were all re-elected as follows:

E. J. Claussen, Pres.
Elbert Ginn, Sec.
Dr. Monk, Treas.
A. L. Page, Chief.

Mr. Page wanted to resign the office of chief, because of the fact that it seems impossible to get the boys out for drill. Six calls were made for drill last year and not enough men turned out to carry the drills out. When the department was made up of business men, as it was a few years ago more interest was taken, but it seems that young fellows who have no financial interest at stake will not run the risk of ruining their clothes and go to other discomforts for nothing. Mr. Page has taken a great deal of interest in regard to the work of the department and the business men should come to his support and help put it in shape.

Mr. and Mrs. H. Lowe of Klamath Falls have been visiting at the home of Mrs. Lowe's mother, Mrs. Sanburn. While being detained here by the tie-up, Mr. Lowe has been working at the Moulton barber shop.

On Your Own Account

Have you any money in the bank? A part of your earnings ought to be placed there, anyway. Everybody can afford to save something, however little. Have a bank account of your own and you will feel happier, better, more independent. Make your little money earn more, and so grow bigger. Better than hoarding it where fire or thieves can reach it. Your bank-book is a receipt and an evidence of your wise economy.
