Arrival of Boats Gives Relief

The Elmore and Patsy of the Elmore Line Arrive on 24th, Heavily Laden.

On Saturday, January 24th the steamers Elmore and Patsy of the Elmore line arrived in port well loaded with much needed supplies for this city and other points tributary to this place.

The Elmore brought in 179 sacks of mail, besides considerable express and the Patsy brought in the machinery for the new laundry. Both boats carried considerable general merchandise, such as butter, vegetables, etc., which were much needed.

The Patsy left on Monday and the Elmore this morning for Portland. The Elmore carried 62 tierces of pickled salmon shipped by the Tillamook Cold Storage Co. This Salmon weighed 62,000 pounds and will go as far as Astoria on the Elmore from which point it will be sent to European markets. The Elmore also took 375 cases of cheese out on this trip. This is a large shipment of cheese for this time of the year.

The Elmore was just 12 days making her last trip to Portland and back. She left here on Jan. 10th and arrived here Jan. 24th, being bar bound at Astoria most of the time.

HIGH SCHOOL NOTES.

The Debate that was to be held at the school building, Friday the 30th, has been called off owing to the serious illness of one of the debaters, Erwin Schuette. The school will not render the debate at all, as it is uncertain when Mr. Schuette will recover but it will probably be some time. However a musical will be given some time in the near future.

Miss De Bar and the Seniors, (Miss De Bar mostly) have been re-arranging and re-cataloging the books in the library. The work will take several more days, but when it is finished a great deal more service, with much less confusion, will be gained thru the library. The Seniors have been appointed Librarians for doing the work, since it will give them a much better knowledge of books and authors, they will receive a half credit toward graduation. The different periods of the day are assigned to certain students to care for the library, during which the student in charge is the sole authority thereof.

The Camera Club elected the following officers: President, Lelia Drew; Vice-Pres., Mildred Ford; Secretary, Lee Doty.

Prof. Buchanan read a list of rules which he deemed necessary for the welfare and authority of the school, to the student body last Wednesday, but either because of their length or the stupidity of the victims, they were somewhat misunderstood, so on Friday they were re-read and fully explained.

"This fifth space means the fifth period," get that Freshies.

The Seniors and Juniors met and played a fast and decisive game of Basket Ball last Friday which resulted in the defeat of the Juniors by a score of 16 to 11. This was the most exciting game of the season for both teams were in fine form and determined to win. The first half ended with the Juniors in the lead by one point but the second half found the Seniors too much for them. The teams will play again soon. Previous to this game the Freshmen and Junior Second teams played a very laughable game which was won by the Freshmen.

RAILWAY TRANSPORTATION TO BE RESUMED WEDNESDAY

The P. R. & N. track between this city and Portland is said to be cleared of all obstructions today, and it is possible a freight may get through, arriving here this afternoon. It is expected that passenger service will be resumed Wednesday.

Through service might have been resumed a day or so earlier if it had not been for the severe blow of Sunday night, which caused more obstructions.

A large log 16 foot at the butt and 200 feet long rolled down the hill and landed in the middle of the track between Hobsonville and Bay City, Sunday night. This occasioned considerable trouble. The log was rolled off the track into the bay by the use of a steel cable attached to an engine.

EMIL BENSCHIET INJURES ARM.

While splitting wood at his home on the Trask River, on Saturday afternoon, Emil Benschiet seriously cut himself with an axe just above the wrist. The axe severed a blood vessel and cut deep into the bone.

The accident happened immediately after Dr. Wendt had passed Mr. Benschiet's residence in auto on his way to visit Mr. Clem Hurman who is ill with typhoid fever. On the doctor's return Mr. Benschiet was taken in auto to Dr. Wendt's office where the wound was dressed.

RECEPTION TO THE PUBLIC

Citizens of Tillamook and vicinity are cordially invited to a reception at the Public School buildings Friday, January 30, at 7:30 P. M. All teachers will be at their respective school rooms to greet acquaintances and become acquainted with others. The 2nd, 3rd and 4th grades, sewing and cooking are in the old buildings. The 5th, 6th, 7th and 8th grades, the high school and manual training are in the new building. Come, get acquainted with us, see our buildings and equipment, and find out more about what we are doing.

At 8:30 all are requested to assemble at the auditorium of the high school to consider matters pertaining to the school, and to effect the organization of a Parent-Teacher Society.

Owing to the illness of a member of one of the high school debating teams the public debate announced for the 30th inst. is, of necessity, postponed.

Signed, Teachers of Tillamook Public Schools.

J. W. Buchanan, Principal.

NOTICE TO THE PUBLIC

On or about February 1st, I will be ready for business at my new location 3rd St. and 4th Ave. East, and will be in shape to supply my customers both old and new, with the best fuel to be obtained, both wood and coal, in any quantity, and wood sawed any length, or split if desired. Wood sawed and delivered and thrown in shed if we can drive to it, and no extra charge. Wood measured at the yard and we invite you to see it measured. We have a portable saw and can saw wood on short notice any where in the city. Come and see us any time. Full measure, fair prices and courteous treatment to all.

Annual Meeting Testing Association

Thursday January 29, the Date, Meeting Will be Held at Court House.

On Thursday afternoon, January 29th, at 1:00 p. m., the Tillamook County Cow Testing Association will hold its annual meeting at the court house.

The election of officers and the transaction of other important business will take up some of the time of the association, after which Prof. Graves of the Dairy Department of Agricultural College will talk on the subject: "A Balanced Ration for Milk Cows."

Now that the resumption of railway transportation is assured, we can expect that Mr. Graves will be present. His talk will no doubt be a good one, full of instruction for the dairyman. It is to be hoped that a good crowd will be in attendance at the meeting on Thursday as those who attend will no doubt receive much benefit.

The cow testing association is one of the most beneficial organizations in the county. In fact these associations are considered a fine thing everywhere. They enable the farmer to learn what cows he is keeping at a loss, and thereby he can intelligently dispose of his unprofitable stock.

It is to the interest of all dairymen to learn and to join the cow testing association.

INDUSTRIAL CLUBS TO BE ORGANIZED

January 29, 1914

To the Editor:

Dear Sir: This department with the aid of the Oregon Agricultural College has planned to organize in every school district a boys' and girls' industrial club. We are now publishing a bulletin giving full details of the plan, and shall take pleasure in sending you a copy as soon as it is off the press.

Each club is expected to take up one or more of the projects named below, the choice of the project depending upon the work which is of greatest interest to the community in which the club is organized. The following are the Industrial Club projects suggested by this department for this year:

- 1 Boys' Corn Growing Contest.
- 2 Boys' Potato Growing Contest.
- 3 Girls' Canning Contest.
- 4 Girls' Cooking and Baking Contest.
- 5 Boys' and Girls' Poultry Contest.
- 6 Girls' Sewing Contest.
- 7 Boys' Pig Feeding Contest.
- 8 Boy' and Girls' Gardening Contest.
- 9 Dairy Herd and Management.
- 10 Manual Arts Contest.

The Agricultural College has promised to assist us further in preparing bulletins giving expert advice to the children as to how best to produce the different things named in these projects, such as bulletins on potato growing, etc. These will be distributed through the clubs, and will be of value to parents as well as to the children. The work of organizing the clubs will fall largely upon the county school superintendents working through the teachers. The University of Oregon, the Oregon Agricultural College, and the Oregon Normal School have promised to send out men in addition to the field workers from this office to help the superintendents in this work.

The State Fair Board has appropriated to this department \$1000 to be distributed among the boys and girls as prizes at the State Fair. The Board has also promised us \$500 to be used to entertain two boys from each county for the whole week of the Fair. The boys will be under the most careful supervision and will make a study of every department of the Fair, including especially the poultry and the stock judging. In addition to this we expect to send the ten children who stand highest in the state contest to the Panama exposition at San Francisco.

Personally I feel that the great success which the children's industrial work has had in this state is due to a great extent to the encouragement which has been given to the movement by the press of Oregon. All of us will appreciate most sincerely your continued support in helping to organize this work, and thus make the work of our public schools more practical and efficient. I shall send you from time to time copies of all bulletins as they are published. For any editorial support you may see fit to give this movement, the state and the county superintendents will be truly thankful.

Yours very truly,
J. A. CHURCHILL
Superintendent of Public Instruction.

On Your Own Account

Have you any money in the bank? A part of your earnings ought to be placed there, anyway. Everybody can afford to save something, however little. Have a bank account of your own and you will feel happier, better, more independent. Make your little money earn more, and so grow bigger. Better than hoarding it where fire or thieves can reach it. Your bank-book is a receipt and an evidence of your wise economy.
