## DISTRICT ATTORNEY AFTER TAMMANY

Chief Murphy's Bank Accounts to Be Investigated by Whitman.

New York.—The Tammany dough bag is being opened and its contents examined. Not since William Sulzer, impeached and removed from office as governor, first charged that Charles H. Murphy threatened and then wrecked his administration, have political circles been so stirred as they were following the announcement that District Attorney Whitman was investigating the "chief's" bank accounts. Following the trial of graft unearthed in connection with the awarding of highway and barge canal contracts, Whitman is now seeking to drive straight into Tammany Hall. It is even said that Murphy's personal liberty is threatened.

Sulzer has again come forward as a vital force in assault against corruption. An inquiry is to be made into the impeachment proceedings which resulted in the removal of Sulzer. Certain railroads, it is alleged, had a money interest in the impeachment and Sulzer has furnished Whitman with a mass of documentary evidence.

United States Senator O'Gorman is scheduled to take the stand in the John Doe hearings on the graft.

"If he backs Sulzer, the chief's a soner," was the remark heard more than once, even among Tammany braves.

## JUDGE TURNER HOME AGAIN

Neither President Nor Secretary Bryan Have Asked Him to Quit.

Spokane, Wash.—Judge George Turner returned from Washington, D. C., and declared that he had not resigned from the international joint commission, "and have not been pressed for my resignation by either the president or Secretary Bryan. I did say to some of my friends in Washington that I should resign if I became a candidate for the senate."

The judge declined to declare himself a candidate for United States senator, but stated that he is "considering the suggestion made to me by many friends in different parts of the state that I become a candidate."

**Miners Would Bar Immigration.**  
Indianapolis.—Laws to prohibit further immigration until all surplus laborers in the United States are fully employed were favored by a resolution adopted at the convention of the United Mine Workers of America. The resolution was introduced by the Roslyn, Wash., union.

## NORTHWEST SUFFERS DAMAGE BY STORM

Portland.—Causing injury to members of at least one family at Tacoma, wrecking small buildings and damaging large ones; killing livestock in at least one locality, leading to one railroad wreck and minor trouble in practically every district of Oregon and Washington, the gale of Sunday and early Monday was one of the worst "blows" that has ever been experienced in the Pacific Northwest.

A big gravity pipeline at Tacoma gave way, flooding a large area, wrecking four houses and injuring three persons. Several others had narrow escapes from the rushing waters, which carried away their homes. Trains on three railroads were held up about seven hours by the flood.

At Baker, Or., the courthouse and a factory were damaged, while one house was lifted from its foundation and set down on another lot. Wires were damaged, trees snapped off and smaller buildings razed.

Ranchers in various sections were affected by the storm, some losing hay, which was blown away, while light land grain of others was blown from the ground.

Numerous towns report small buildings damaged, some destroyed, while heavy rains or light showers followed the gale.

## Brief News of the Week

Turkey and Bulgaria have concluded an offensive treaty against Greece, it is reported.

The authorities estimated that \$20,000 damage was done to the Botany gardens at Glasgow by a suffragette bomb.

With 11 cases of smallpox at San Jose, Cal., the school authorities were requiring all pupils to show vaccination certificates or leave school until the disease has disappeared.

Robbers early Saturday dynamited the safe of the Farmers' National bank at Ludlow, Mo., and escaped with \$5000. They left no clue.

Wednesday was celebrated as the birthday anniversary of President McKinley. One of the most notable of the observances was a banquet given by the Ohio Society of Washington.

Arguments in the government's civil suit against the Chicago Butter and Egg Board for alleged violations of the Sherman anti-trust law were scheduled to begin Monday before Judge Landis in the federal court at Chicago.

The Oregon Agricultural College basketball team was outclassed by the University of Washington five in the second game of the series at Seattle. Score, 32 to 9.

The German Imperial Parliament, in order to demonstrate its indignation over the recent incidents between the military and civilians at Zabern, adopted by a large majority, a resolution demanding government action to prevent the use of troops against citizens, unless at the request of the civil authorities.

## People in the News

The Panama canal is now ready for the passage of large vessels, according to Colonel Goethals.

Formal announcement of the candidacy for the Republican nomination of United States senator has been made by Charles Curtis, ex-United States senator from Kansas.

Reid Zieder of the New York Americans and Claude Hendrix of the Pittsburg Nationals have each signed a three-year contract to play with the Chicago Federals.

It is said that Sir Richard McBride, premier of British Columbia, advocates the plan of British Columbia taking over the Yukon country. The development of railroads in that section is one reason for the policy.

Thomas Taggart, Indiana's member of the democratic national committee, will be a candidate for the United States senate against Senator Shively, it is announced.

Gaining a big lead in the early rounds, Al Wolgast, the "Michigan Wildcat," former lightweight champion of the world, surprised even his most ardent admirers by outpointing Joe Rivers, of Los Angeles, in a 10-round no-decision bout at Milwaukee.

## Dry State Predicted.

Spokane, Wash.—The state of Washington will be voted dry at the November election of this year by a majority of at least 20,000 votes.

This is the prediction made by Mayor Hindley, who has just returned from the coast, where he talked with the Mayors of 11 Washington cities and prominent coast business men on the present issue of prohibition.

## Citizens' Alliance Exonerated by Jury.

Calumet, Mich.—The grand jury investigating the assault upon Charles H. Meyer, president of the Western Federation of Miners, who was beaten and deported from the strike district, reported a complete exoneration of 17 members of the Citizens' Alliance, charged with participation in the affair.

## NEWS FROM OUR NATIONAL CAPITAL

Senate Passes Bill Authorizing President to Purchase or Build Alaska Railroads.

Washington.—By a vote of 46 to 16, the senate passed the Alaska railway bill, directing the president to purchase or construct 1000 miles of railroad in Alaska at a cost not to exceed \$40,000,000.

Fifteen republicans and Senator Poindexter, progressive, voted for the bill. Senators Bacon, Hoke Smith and Williams, democrats, voted against it.

The bill places on the president responsibility for the selection of the route from tidewater to the interior of Alaska, and the construction, equipment and operation or leasing of such lines as he may construct or buy to constitute this route. The broadest powers are conferred on the president in carrying out his duties.

## Redemption Fund Provided.

The bill provides for a redemption fund into which shall be paid 75 per cent of all moneys derived from the sale of public lands in Alaska or of the coal or mineral contents thereof.

Machinery utilized in the construction of the Panama Canal is made available for the construction work.

The bill provides for the senate's approval of the appointment of civil engineers receiving more than \$3000 per annum; forbids any payment for the good will of existing railroads; gives injured employees the right to sue the government, and limits the government's defense to the grounds provided for in the Federal employers' liability law of 1908.

## Goethals Will Be "One" Man at Canal

Organization of a permanent government for the Panama canal zone to supersede the Isthmian canal commission on April 1 was authorized by President Wilson with the announcement that the nomination of Colonel George W. Goethals to be first governor of the Panama canal will be sent to the senate.

Colonel Goethals' idea of a "one man" government is carried out in the executive order which was made public by Secretary Garrison. The authority of the governor is to be supreme under the secretary of war.

A sweeping investigation of strike conditions in the coal fields of Colorado and the copper district of Michigan was authorized by the house.

## Accident Benefits for Postal Employees

The postoffice appropriation bill, carrying a record breaking total of \$305,000,000, was passed by the house.

It includes an amendment which extends to postoffice clerks, letter carriers, rural food delivery carriers, mounted letter carriers and postoffice messengers, for injuries received on duty, full salary for one year after injury, with an additional half salary for another year if necessary, and \$2000 lump sum payment in case of death.

## "ALFALFA WEEK" DATE SET

Mr. Churchill Arranges For Schools To Celebrate.

Salem.—Believing alfalfa-growing of so much importance, not only to the livestock interests of the country, but also in its relation to the maintenance and upbuilding of soil fertility, the entire second week of March has been designated by State Superintendent of Public Instruction Churchill as "alfalfa week." Every school in Oregon, including the one-room country schools, the grades and high schools of the cities, will be asked to observe the weeks through placing special emphasis in the language work on the subject of alfalfa-growing.

Bulletins of the Oregon Agricultural College and of the Holden Improvement committee, which give valuable information about the growing of alfalfa, will be distributed among the schools.

Superintendent Churchill announces that boys' and girls' industrial clubs are being organized throughout the state, the work to include poultry-raising, sewing, pig-feeding, gardening, dairy records and manual arts. It is planned to add alfalfa-growing next year.

## Fruit Union Wants Packing Plant.

Roseburg.—At the annual meeting of the Douglas County Fruit Union held here, steps were taken toward establishing a fruit packing plant here for the union, and a resolution favoring employment by the county of an agricultural expert was adopted.

## Immorality Charged to Indians.

Pendleton.—Major E. L. Swartzlander, agent on the Umatilla reservation, and several witnesses are in Portland to lay before the federal grand jury charges of immorality on the part of reservation Indians. It is said a number of reds with wives are living with other squaws.

## Coquille Coal is Moving.

Coquille.—The output of the three coal mines on the Coquille river at Riverton, nine miles below this city, is 200 per cent greater now than it was a year ago. Their production is now running 500 tons a month, and 100 laborers are at work in them.

## Justice Urges Rockpile.

The Dalles.—Justice of the Peace J. W. Allen is urging the establishment of a rockpile on which to work the city and county prisoners. Most of the 40 criminal cases which have come before the justice in the last four months have been for minor offenses.

## Silver Gray Is Captured.

Bend.—A silver gray fox, the fur of which is believed to be worth from \$300 to \$1500, was caught by C. L. Smith, a rancher, near Bend.

## County Attorneys' Election 1916.

Salem, Or.—Attorney General Crawford, in an opinion, holds that under the county attorney act no district attorney can be elected until 1916. All vacancies, no matter how they occur, says the attorney general, must be filled by appointment by the Governor.
