FRIDAY FEBRUARY 6, 1914.

The dries won another victory in the recent Supreme Court decision, whereby the late local option elections in the cities of Salem, Oregon City, Stayton, Springfield, Hillsboro and Gresham were declared legal. These cities had all voted dry, and it was upon the flimsiest technicalities only, that the liquor interests sought to annul the elections. Gradually, step by step, the liquor interests are being overcome. The prospects for putting the state in the dry column this fall are looking brighter every day.

The jetty contractors, Gebisch & Joplin, who have bought the Watt quarry above Garibaldi, have begun preliminary work by putting a force of men at work getting the quarry in shape. Everyone is pleased to see work begin on our harbor improvements. The prospects for harbor improvements did much for Tillamook City last year and will no doubt do much for us this year. As soon as the Jetty work is well under way the big timber firms will begin their preliminary work for the manufacture of lumber, by building docks, log roads, mills, etc. Tillamook City will get a great benefit from this and will soon grow to be a city of considerable importance. Tillamook City's prospects to become one of the most important cities on the Pacific coast are growing brighter every day.

Editor Baker, the only representative of the Warren Construction Co. who has had nerve enough to remain in town, was not present at the recent sewer investigations. It is indeed strange that a matter of such public importance should escape our "Champion Booster." Not having taken the trouble to investigate and learn the facts of the case, Mr. Baker will be in a fine position to show his loyalty to his company by shouting, "detectives," "spite work," "outside attorneys," etc. The sewer investigations certainly furnish much food for solid thought. Possibly that is one of the reasons Bro. Baker is not greatly interested. In other words he has never shown much ability to assimilate that kind of food. If you don't see the point Bro. Baker we will send some five year old boy around to explain.

COMMUNICATION

Editor Herald:
My Dear Sir:—Having been attacked for my attitude in enforcing the eight hour law on public works, I wish you would kindly print the following:
Much adverse criticism having been made because of my determination to enforce the eight hour law on public works, the same as other laws, I desire to answer so that the work of the Bureau, which in dealing with what is today the greatest question before the American people—the labor question, should not be hampered by wrong conclusions. The laws coming under my jurisdiction to enforce, like all laws, are enacted by the people of this state, either direct through the initiative or by the legislature. I am not responsible for the same. When an act is passed it is either a good law, a faulty law, or no law at all. If a good law it should be enforced for its value; if a faulty law it should be enforced that the faults may be seen and cured; if no law at all, or its intent obscure, it is for the Supreme Court to decide. I believe all good men and women on sober second thought will realize that it is my sworn duty to see that the laws are enforced. "Trimming" by officers settles nothing. I should know what the law means and the people whom it effects should know what it means. It is my duty to enforce the labor laws, and I believe the right thinking people of this state, when they understand the situation, will back me up in doing so, but whether they do or not, believing I am right, I shall go ahead.
O. P. Hoff,
State Labor Commissioner.

Sarah Ann Larson, Piff. vs J. F. Larson, Defendant. Suit for divorce. Piff. asks for decree of divorce, that her former name be restored, and that she have a 1-3 int. in property of Def't.

THE HIRED HELP PROBLEM

How many dairymen in this county are always in a condition of anxiety, frequently in a state of distraction over the hired help problem? There are some things which stand even above profit and some of them are satisfaction and contentment. Besides being a big net profit-getter the Sharpless Mechanical Milker is also a producer of satisfaction and contentment. It will relieve you from dependence upon unreliable help.

It does not need the same soft skillful hand to operate the milking machine that is necessary in a first class hand milker. It does not need a man with a disposition so patient that he

will sit quietly and gently milk a cow, while she wraps her dirty tail around his neck and places her foot in the bucket. It does not need a man that will coolly sit down beside a hot cow and milk her in fly time with the thermometer at ninety degrees in the shade with the foulest smells of the stable within a few inches of his nose.

One man with a Sharpless Mechanical Milker outfit can milk from 60 to 70 cows in two hours and do it easily, cheerfully and better than three of the best milkers in the country can do it by hand.

With all these facts before you, can you bear to hear the exhaust pipes of gas engines announcing the milking time of many a successful dairyman and that his contentment is worth more to him than all the profits in money that he will get by the use of the Sharpless Mechanical Milker, without even investigating and hearing from his own lips what he has to say about the Sharpless Mechanical Milker. Just ask him how much he will take for his Milker outfit and if you are not satisfied with the explanation call on us or write us and we will see that you are supplied with an outfit for a 30 trial.

Yours truly,
R. F. Zachman.

United Brethren Church Notes.

Sunday School—10 a. m.
A good place to spend an hour in Bible study.

Morning Worship and Sermon by Pastor—11 a. m.

Evening Service and Sermon—7:30 p. m.

Prayer Meeting on Wednesday eve. 7:30 p. m. You are cordially invited to all of these services.

H. F. White, pastor.

Christian Church Notes.

The church where all are always welcome.

10. A. M. Bible School. Classes for all.

11. A. M. Preaching by Pastor.

2:30 P. M. Junior Endeavor.

6:30 P. M. Senior Endeavor.

7:30 P. M. Preaching second sermon in series on God's place of salvation. Subject, "Repentance."

You are welcome to any or all of these services.

R. E. Jope, Pastor.

Presbyterian Church Notes.

The Church Bible school meets at 10 a. m.

Morning service at 11 a. m. Communion service, reception of new members, and a communion address by the pastor on the "Eleventh Commandment." Every member of the church ought to be present at this interesting service.

Peoples' Praise service at 7:30 p. m. Song service and a gospel address by the pastor. Special music by the choir. Violin solo by Miss DeBar.

The members of the church are reminded that the annual dues of this congregation for Presbyterial and general Assembly expenses are now called for. The amount is only 25 cents. Please bring it or send it next Sunday.

The interest and attendance at the Wednesday evening talks on Mexico is increasing. This is a living topic of conversation and reading these days. Next Wednesday the subject will be: "The Intellectual Awakening through popular education and Christian Institutions." The general public are cordially invited. The ladies of the church will furnish refreshments after the lecture.

D. A. Mackenzie, Pastor.

The Distance Between WHEELER And Nehalem City

Is less than 2 miles. Between these two towns there is more traffic than between any other two towns in the county located but that distance apart.

Yet to drive a team from Wheeler to Nehalem you would have to drive over 10 miles around through the valley.

A wagon road between the towns of Wheeler and Nehalem should be built at once and thus eliminate the waste of time and money occasioned by forcing traffic over a 10 mile haul instead of over a two mile haul.

We believe work should be started on this project at once.
