

Diogenes Says—

We're in Business For Your Health

This Is All Very True

In the final analysis, you will agree that we are in business for your health.

Suppose you were suffering from a cold and want quick relief— we naturally suggest that you buy Nyal's Laxanoid Tablets, because from our experience, we have learned that these tablets quickly eliminate the most knobby character. They only cost 25c a box. Use them once and you will never go through another winter without them. These practically repress the insurance against coughs and colds, and maybe they are rather run down and in need of a general tonic. They will tone up your entire system, clean out the blood and straighten your nerves. In this instance, we recommend Nyal's Tonic because we sell it to you in full conviction that it will give desired results. The thing sure, when we recommend Nyal's remedies, we do so because we have remarkable confidence in these formulas. We believe in them and so should you.
