NEWS FROM OUR NATIONAL CAPITAL

President Will Veto Burnett Immigration Bill if Literary Test is Embodied.

Washington—President Wilson will veto the Burnett immigration bill if it comes to him for his signature with the so-called literary test contained in it.

This became known from an authoritative source after Chairman Smith, of the senate immigration committee, had announced that the bill, virtually as it passed the house, including the literary test, would be favorably reported to the senate soon. Prospects are that the bill will pass the senate as reported from the committee, but the measure never will become law, according to close friends of the president.

The president does not consider literary test of character, and believes some other means should be devised to prevent undesirable aliens from entering the United States.

It also became known that suggestions with reference to Chinese and Japanese immigration made to the house committee on immigration last Friday by Commissioner Caminetti, of the immigration bureau, were not in accord with the views of the president. Mr. Caminetti's views were expressed without previous knowledge by the white house. The Burnett bill contains no Asiatic exclusion provisions, the house having voted down all amendments in that direction.

Reserve Time Limit Expires Feb. 22.

Warning has been issued to national banks by M. C. Elliott, secretary of the federal reserve bank organization, that to comply with the currency act they must signify within 60 days of its enactment their intention to join the new system. Several banks had expressed the belief that the law allowed them 12 months to make known their intentions. Under the law national banks that do not so signify within 60 days must prepare to liquidate, and are allowed 12 months for this process.

The circular explains also that state banks and trust companies which signify their intention of becoming members of the system will be allowed to participate in the selection of directors of reserve banks in their districts.

At the close of business at the treasury department Saturday, 5849 national banks had applied for membership out of a total of 7500 in the United States. The time limit for applications is February 22.

Investigate How to Make Hens Lay.

How to make hens lay more eggs was one of the multitude of investigations authorized in the agricultural appropriation bills reported.

Congress will continue to distribute free seeds, the weather bureau service will be extended to the Panama canal and insular possessions, more than \$200,000 will be spent studying how to eliminate the waste and profits in foodstuffs between the producer and the consumer and a general reorganization of the department of agriculture along lines of great efficiency as laid down by Secretary Houston were authorized in appropriations aggregating \$25,000,000.

Higher Naval Rank Created.

The bill to create six vice-admirals in the navy was passed by the senate and now awaits action by the house. Their salaries were fixed at \$11,000 a year and the age of retirement at 65 years.

How a British naval commander in Mexican waters might assume command over American forces by virtue of his seniority of rank was discussed in animated fashion in the course of the debate on the bill.

National Capital Brevities.

President Wilson will likely name the men to compose the new federal reserve bank board by about March 1.

The senate passed the Smoot bill to open withdrawn Alaska coal lands to homestead entry, but reserving to the government title to the coal.

President Wilson spent several days in bed last week nursing a cold. All engagements were cancelled.

The new appropriation bill provides for an army of 500,000 men. Changes in the articles of war which had not been disturbed for many years are provided in the measure which just passed the senate.

No one was injured, but the two succeeded in thoroughly terrifying the women and completely intimidating the men, finally escaping on horseback under cover of their guns.

Drain.—A co-operative cannery association was organized here with a capital of \$2000, practically all subscribed.

HIRAM GILL WINS IN SEATTLE PRIMARY

Former Mayor Recalled in 1911 Distances All Competitors for Nominations.

Seattle.—Hiram C. Gill, who was elected mayor of Seattle in 1910, recalled for alleged misconduct in office the next year and defeated by Mayor Cotterill in 1912, was nominated for mayor in the preferential primary, receiving nearly as many votes as his three nearest competitors combined.

For second place, James D. Tremholme, so-called "business men's candidate," is about 900 votes ahead of Richard Winsor. Although Winsor, under the law, filed as a non-partisan candidate, his nomination was made and his campaign managed by the socialist party.

Austin E. Griffiths, endorsed by the ministerial federation, is fourth in the votes thus far counted.

The two highest candidates will contest for the mayoralty in the regular election of March 3.

A remarkable feature of Gill's triumph is that his campaign was directed chiefly by men who brought about his recall in 1911.

Railroad Sues State.

Olympia, Wash.—First action toward a general fight of the five large railroad systems operating in Washington against their 1913 taxes was taken when the Great Northern served papers upon the attorney-general in a suit brought in the Thurston county superior court against the state.

The Great Northern asked injunctions to prevent the treasurers of the 18 counties in which it operates from attaching railroad property in an effort to collect taxes.

SPECULATORS CONDEMNED

Oregon Irrigation Men Take Advanced Position in Favor of Co-operation.

Portland, Or.—The Oregon irrigation congress took advanced position on the question of state and federal co-operation in reclamation, and heartily condemned the speculator who has handicapped reclamation.

Officers elected were: President, Asa B. Thompson, Echo; first vice-president, J. W. Brewer, Redmond; second vice-president, J. R. Blackaby, Ontario; third vice-president, W. Lair Thompson, Lakeview; secretary, Fred M. Wallace, Laidlaw.

The congress went on record as supporting state-federal co-operation in reclamation of arid lands in Oregon on a dollar for dollar basis.

Gore Brands Suit as Political Plot.

Oklahoma City, Okla.—Denouncing the allegation as an "infamous lie," United States Senator T. P. Gore, from the witness stand, declared that charges of improper conduct, the basis of the \$50,000 damage suit against him by Mrs. Minnie E. Bond, were the invention of a coterie of disappointed office seekers intended to bring him into disrepute and wreck his chances for renomination.

ON EVE OF INQUIRY OFFICIAL TAKES LIFE

Buffalo, N. Y.—John J. Kennedy, state treasurer, committed suicide here at the Markeen hotel, where he had lived with his family. He was found in a small room off the hotel ballroom with his throat cut. An open razor was lying on the floor beside him. His jugular vein had been severed and death ensued before a doctor arrived.

Temporary insanity, induced by worry over his impending appearance before a New York jury, where District Attorney Charles E. Whitman has been conducting a John Doe graft inquiry, is said by District Attorney Dirnberger, Jr., to be the only reason that can be assigned for Mr. Kennedy's act. He had been subpoenaed at the inquiry.

Fruit Men Win Old Rate.

Washington.—Washington and Oregon fruitgrowers will save \$100,000, it is estimated, as a result of the action of express companies in withdrawing for the coming shipping season increased tariffs on berries filed some time ago.

People in the News

Mrs. Bertha Drury, wife of a Spencer county, Ky., farmer, gave birth to three boys and two girls. The girls died.

The court of appeals of New York has decided that because Mrs. Bridget C. Pexlotta is mother of a baby she is not eligible to teach in the public schools of New York.

James R. Garfield, secretary of the interior under the Roosevelt administration, has announced his candidacy for the progressive nomination for governor of Ohio.

Sir Lionel Carden, British minister at Mexico City, will go to Washington to confer with President Wilson. His visit was suggested by the British foreign office.

William Marconi, using a 100-horse-power engine, lighted an electric bulb at a distance of six miles, by means of wireless. It is hoped that in course of time houses may be lighted and heated by wireless.

Willie Ritchie, lightweight champion, and Harlem Tommy Murphy will fight 20 rounds at San Francisco the night of Friday, April 17.

Senator Borah of Idaho, addressing the republican club of New York, predicted that the party will be reunited at the next annual convention. He said that evolution, not dissolution, was the result of the recent trend of political events.

Announcement of his candidacy for governor of Ohio on the Socialist ticket at the primaries next August was made by "General" J. S. Coxe, at Massillon, Ohio, who led an army of unemployed men on a march from Massillon to Washington in 1894.

Saloons Win in Oakland.

Oakland, Cal.—An initiative ordinance doubling the statutory number of saloons in Oakland was carried at an election here. Four hundred saloons now are permissible. The saloon license is reduced from \$1000 to \$650. The action was a repudiation of an ordinance passed by the city commission last October.

Coal Taxed to Guard Mines.

Denver.—A tax of one cent a ton on all the coal mined by the principal operators in Colorado since the strike began last September has been used to pay the expenses of guarding the mines, according to the testimony of C. L. Baum before the house subcommittee investigating the labor war.

State Hangs Man, Sues.

Astoria.—The county court made an order directing that G. C. Fulton be employed to prosecute a suit in equity to foreclose a lien of the state in the sum of \$622.70 against the estate of Oswald C. Hansel, who was executed at the state penitentiary recently.

The amount due is the court costs for the trial of the case against Hansel, when he was convicted of murder.

EXPRESS RATES LOWERED

State Railroad Commission Says Tumble Will Come About March 1.

Salem.—Express rates in Oregon will take a big drop about March 1. The extent of the tumble was made known by the state railroad commission upon receipt of word from the interstate commerce commission that certain modifications desired to be made in this state from the interstate schedule will be favorably considered.

There are three features about the new rates that are of particular importance. One is that through rates will hereafter be quoted from any point in Oregon to any other point within the state. Another is that the western states will put in a 55-cent minimum rate, as compared with the 70-cent rate on interstate shipments, and the third is a special modification for the benefit of Oregon, adjusting rates within the state to commercial conditions, instead of following in every case the rate basing points selected for the interstate rates.

Because the rates vary with distance and with the weight of the package, it is impossible to state the percentage of decrease, but in a general way it may be said that the rates from Portland to eastern Oregon points will be lowered from 25 to 60 per cent. The decrease to southern Oregon towns will not be so great, as the distance north and south does not allow so large a variation, and the blocks are longer north and south than east and west.
