An Open Letter

TO THE VOTERS OF THE FIRST CONGRESSIONAL DISTRICT.

Hundreds of people living in every county in the first Congressional District have never written, telegraphed or asked me to become a candidate for Congress. However, believing in the principle that if a man wants anything the best way to get it is to go out after it, and not wait for it to come to him, and holding to the doctrine that under our form of government it is no disgrace to seek an office at the hands of the people, I therefore filed my name as a candidate for Congress in the Tillamook district at the meeting primary election.

Being a stranger to many of you, at the risk of being called an agent, I am going to tell you something about myself in order that you may be able to form an opinion as to whether I am as well qualified for the position as other candidates who are seeking the office.

First, in order not to try to deceive you, must say that I have as many faults as the average man, and when the campaign begins to warm up the other fellows will tell you all about them. - From first evidence I have learned that I first opened my eyes in a modest dwelling on a farm near Lawrence, Douglas County, Kansas, more than a half century ago. My father died when I was eight years old, and I came to Oregon with my mother in 1870, and settled upon a homestead in the Yaquina Bay country. Two years later my mother died, and I worked for ranches and farmers until I was eighteen, going to the public schools during the winter months.

From 1876 to 1880, I worked in the logging camps, on the steep range and at steamboating. From 1880 to 1888, was county clerk of Lincoln County, during which time I studied law and was admitted to practice in 1897, since which time I have been in the active practice.

Represented Polk and Lincoln Counties in the Legislature three terms. Appointed Register of the United States Land Office at Roseburg by President Taft December 15, 1900, serving four years.

While a member of the Legislature in 1903, introduced what was known as the six-shooters or demerol bill. It was defeated, and in 1907 I again introduced it, and being a member of the Committee on Railroads, it was incorporated in the Railroad Commission Bill, which became a law. At this same session I introduced and secured the passage of a law providing for the Director's "Parent-Teachers" meetings. I also at the same session introduced the James Free Locks Bill, which became a law, appropriating \$300,000, contingent upon the Government appropriating a like sum, for the purpose of building new, or purchasing the old locks at Oregon City, and the operating of the same free to the people by the Government. The Government having failed to appropriate any money for that purpose, at the 1909 session I again introduced a bill continuing the said appropriation of \$300,000 for another two years, contingent upon the Government making a like appropriation to purchase the locks. Since that time the Government has appropriated this sum and has taken the locks over, and navigation on the Willamette River is now free to all.

At the 1907 session I introduced a resolution to provide for the amending of the Constitution to allow women the right of suffrage. It passed the House, but received only seven votes in the Senate. However, since that time the progressive voters of Oregon have voted to allow our mothers, wives, daughters and sisters the right of equal suffrage, and another stake has been set along the line of good government.

During the 1909 session I introduced a bill which became a law, repealing a former act of the Legislature granting to the Willamette Valley and Coast Railroad Company all the tide and overflowed lands on the Alsea, Siletz and Yaquina Bays. At the same session I introduced a bill appropriating \$100,000 to pay the Indian War

veterans' claims, due for use and loss of horses in the Indian wars of Oregon, a debt contracted by the Oregon Territory and standing unpaid for over fifty years. This bill passed the House but was killed in the Senate, but a similar bill became a law in the session of 1913.

In 1908, upon my own motion and at my own cost, I commenced suits against the Wells Fargo and Pacific Express Companies of Oregon for a reduction of express rates. Both these suits were decided in favor of the shippers, and a reduction of twenty per cent was made in the Oregon rates.

During my term as Register of the Land Office I worked for the revision of the public land laws in the interests of the bona fide homesteaders who were seeking to settle the wild lands of Oregon. I prepared and had introduced in the Senate and House of the United States a bill providing for an annual six months leave of absence, for the purpose of giving the homesteader an opportunity to earn money with which to live on while improving his homestead, and to allow those who had children of school age an opportunity to send them to school. This resulted in the five months leave of absence law.

If elected I shall stand squarely and fearlessly for legislation in the interests of all the people, for the improvement of our rivers and harbors, for the deepening of the Willamette River that it may be navigable from Portland to Eugene at all seasons of the year, for more and better roads, for the amending and enacting of our public land laws to conform to present conditions, and for the surveying and classifying of the lands in our forest reserves that the vast areas of grazing and agricultural lands may be opened to settlement.

If the government shall finally win the suit now pending against the Oregon and Clatsop Railroad Company, I shall avail myself of the money to keep these lands from being placed in the forest reserves, and work to the end that the smaller and agricultural lands may be open to settlement under the homestead laws.

Having lived forty-three years in Oregon being acquainted with the conditions in every county of the district and with many of the people, having worked as lumberjack, farmed the rich valley lands, run an "armstrong" mowing machine on the fertile bottoms where the timothy, redtop clover and timothy grass grow six feet high; having watched nearly every mile of the west line of crops of our counties that border and stretch along the Pacific Ocean for three hundred miles, from Clatsop to Curry, pulled stroke oar in a fishing boat on the mouth waters of the mighty Columbia when the splash of the dipnet and Chinook was music to the ears of three thousand spectators; double reefed and scurried before a howling southwest when the storm king was on and the whitecaps lit the way from Sand Island to Astoria, worked as deck hand and captain on steam and sailing vessels on our rivers and bays, with this personal knowledge of Oregon I believe that I can be of some service to the state and the people whom I seek to represent.

If I am elected, come and see me. Being of modest means, I will not be able to entertain you in the latest style, but you will be as welcome as the flowers in springtime, and if I only have a tent on the Capitol grounds, the latch string will be on the outside, and there will be no sign "keep off the grass."

Sincerely yours,
B. F. JONES.

NEW I. O. O. F. HALL DEDICATED

One of the most important events of the season took place last Tuesday evening in the dedication of the new Odd Fellows hall and building. This event was to have taken place last January, but was postponed on account of the stormy weather.

A large delegation of Odd Fellows and Rebekahs from all parts of the county were present and it is estimated that there were all told more than 500 people in attendance.

Judge Galloway, deputy grand master of the Grand Lodge of Oregon, conducted the dedicatory services. He was assisted by Grand Marshall T. R. Monk and Grand Herald J. C. Holden. H. Crosslaw, John Ashen and R. L. Strere.

Judge Galloway made the address of the evening and was followed by attorney H. T. Bots who gave a very appropriate talk.

It is estimated that over 500 people participated in the banquet which was indeed a sumptuous affair.

The Odd Fellows have every reason to congratulate themselves upon the completion and dedication of one of the finest halls and buildings in the state, at a cost of \$35,000.

PROMINENT BAY CITY GIRL WEDS.

On Wednesday afternoon Miss Edie Justice of Bay City, was united in marriage to Frederick C. Robison, until recently employed as life saver at the Bay View station.

The wedding took place at the home of the bride's parents, Mr. and Mrs. Henry E. Justice, Rev. Jesse of Tillamook officiating, the ring service being read. Just preceding the ceremony, Miss Myrtle Lantz sang an appropriate selection, "O' My Promise Me," and she played several selections upon the piano during the ceremony.

The bride was beautifully crowned, in white crepe de chine, with long braided veil, the groom wore the conventional black. Miss Nettie Smith of Tillamook acted as bride's maid and Mr. Merrill Robison, brother of the groom, was best man.

After the wedding ceremony a sumptuous repast was enjoyed by the wedding party which was composed of the following friends and relatives in addition to the immediate family of the bride: Mrs. L. M. Alley, Miss Emma E. C. Robison, Pearl Alley, Manville Robison, and Mrs. A. McMullen all of Portland; Mrs. J. O. Rozorth, Mrs. Luella Nelson, Mrs. W. C. Crombley, Mrs. Geo. Williams, Miss Myrtle Lantz and Miss Nettie Smith.

In the evening the Bay City band succeeded the happy couple after a high the wedding party went to the opera house where a public reception was given in their honor.

The bride and groom were the recipients of many valuable and useful gifts. The bride is a most estimable young woman. During the past four years she has been employed as clerk at the Nelson store at Bay City. The groom is a young man of good habits, is industrious, and held in high esteem by all who know him. We understand that Mr. Robison will engage in the mercantile business at Bay View in the near future.

Mr. and Mrs. Robison left soon after the public reception on a short trip to Portland.

The Distance Between WHEELER And Nehalem City

Is less than 2 miles. Between these two towns there is more traffic than between any other two towns in the county located but that distance apart.

Yet to drive a team from Wheeler to Nehalem you would have to drive over 10 miles around through the valley.

A wagon road between the towns of Wheeler and Nehalem should be built at once and thus eliminate the waste of time and money occasioned by forcing traffic over a 10 mile haul instead of over a two mile haul.

We believe work should be started on this project at once.
