CUSTOMS HOUSE ON BORDER IS RAIDED

San Diego, Cal.—The United States customs office and postoffice at Tecate, 45 miles from this city, on the American side of the international boundary, were destroyed by fire at night, following a raid. Eyewitnesses said the raiders were Mexicans.

Frank V. Johnston, of San Diego, postmaster at Tecate, was shot to death when he resisted the bandits and his companion, Warren Dillon, back, was wounded.

Johnston's body was found in the smoldering ruins. An autopsy developed the fact that he had been shot through the heart. His pistol was found not far from the body.

Elliott D. Johnston, the dead man's brother, sent telegrams to Secretary of State Bryan, Governor Johnson and Representative William Kettner at Washington, demanding a thorough investigation. In his telegram to Mr. Bryan, Mr. Johnston placed the entire responsibility for the affair on Mexicans.

Gill Appoints Opponent Police Chief.

Seattle, Wash.—Without any formality, Hiram C. Gill, recalled as mayor in 1911, and re-elected two weeks ago by the largest majority ever received by a candidate in Seattle, walked into the mayor's office and took charge.

He appointed Austin E. Griffiths, a lawyer, former councilman, and recently a candidate for mayor in the primaries against Gill, as chief of police. Griffiths had received the endorsement of the ministerial federation in his majority candidacy.

Oregon Minimum Wage Law Upheld.

Salem, Or.—Holding that it is within the police power of the state to make such regulations, the supreme court has declared constitutional the minimum wage law and the 10-hour law, passed at the last session of the legislature.

British Navy Estimates Grow.

London.—The British naval estimates for 1914-15 amount to \$257,750,000, an increase of \$13,700,000 over last year.

Captain Held For Alleged Shortage.

Seattle, Wash.—Captain J. H. Griffiths, U. S. A., connected with the quartermaster's depot in Seattle, was summarily suspended from duty and ordered confined to his quarters for an alleged shortage of \$8000 in his accounts as disbursing officer.

Twenty at Pendleton Indicted.

Pendleton, Or.—Twenty indictments were returned by the grand jury after passing the greater part of a week in investigating the alleged charges of gambling, bootlegging and immoral practices under police protection.

NEWS FROM OUR NATIONAL CAPITAL

Panama Canal Tolls Exemption Clause Will Be Forced to an Issue.

Washington.—Open debate on rev. of the toll exemption clause of the Panama canal act will begin late this week in the house, and a vote in that body on the Sims bill to carry out the recommendations of President Wilson is expected by Saturday night. In the senate effort will be made by administration leaders to pave the way for early action on the issue by bringing it squarely before the committee on inter-oceanic canals for consideration and report by the time the house has disposed of the subject. Opposing forces in both houses are prepared for the fight, the prospect being that the champions of toll exemption for American coastwise ships will lose when the roll calls have been taken in both houses.

Representatives Adamson and Sims, in charge of the repeal forces in the house, are doubtful only as to the size of the majority their cause will have. A poll of the senate indicates the president will win by a majority of 10 to 20 votes.

Borah Advises Suffragists.

After a vigorous defense of woman suffrage in the senate, Senator Borah of Idaho, shocked suffrage advocates on the floor and in the galleries by declaring it was impractical and impossible to obtain the vote for women by federal constitutional amendment.

He predicted that after 15 years of endeavor the women would renew abandoned quest for the ballot before the people of the states, because in seeking an amendment in the federal constitution they had loaded themselves down with the negro question, the Japanese question and a dozen other state's rights problems.

"You will never carry the required 36 states for a constitutional woman suffrage amendment," he said.

Asserting that the 15th amendment giving the negro the right to vote, was a blunder in the first place and a dead letter, he asked whether the advocates of the woman suffrage amendment for a moment supposed the states of the south would add 2,000,000 to the list of those whom they must disfranchise.

Settlers Protest Cash Requirement.

Western senators and representatives are receiving appeals from settlers on government irrigation projects to modify the pending irrigation bill so as to relieve settlers on new projects from the payment of 5 per cent of the water charge at the time they file entry. This bill, which is an administration measure, gives settlers 20 years instead of 10 in which to pay for water. Secretary Lane, who heartily approves the extension feature, thinks it is only fair to require 5 per cent of the total payment when the entryman goes on the land.

After that payment is made the settler is exempt from further payment for five years. He then pays 5 per cent each year for the next five year and 7 per cent annually for the last ten years.

400,000 ACRES THROWN OPEN

Land in Deschutes And Paulina Reserves To Be Settled

Portland.—More than 400,000 acres of land in the Deschutes and Paulina National forests in Cook, Lake and Klamath counties will be thrown open for settlement within 60 days through an order just signed by President Wilson withdrawing this land from the forest reservations.

It is reported that the land will be opened for actual settlement May 9 and that filings will be permitted on and after June 8.

Officials of the Forestry Bureau in Portland estimate that of the aggregate of 410,751 acres thrown open, approximately 120,000 acres are occupied by settlers. These settlers will be permitted to remain. Settlers on the remaining 290,000 acres will be permitted to take up homesteads of 160 acres each in accordance with the Federal land laws.

The formalities of transferring this land from the Agricultural Department of the Federal Government to the Interior Department now are in progress at Washington, D. C.

The entire area will be placed under jurisdiction of the local land offices at Lakeview and The Dalles. Intending settlers are instructed to make inquiries concerning the lands at these offices.

Crates May Be Mailed.

Postmaster-General Burleson has approved an amendment to the parcel post regulations, under which butter, eggs, fruits, vegetables, poultry and other articles in parcels weighing from 20 to 50 pounds may be shipped in the first and second zones in boxes and crates similar to those handled by express companies.

Bill Aims at all Hindus.

A bill to exclude Hindu laborers from the United States and providing that all Hindus shall be regarded as laborers unless it is shown that they are in fact professional men intending to pursue their professions here, was introduced by Representative Church, of California.

National Capital Brevities.

Secretary of the Treasury McAdoo ruled that taxes on partnership incomes are not to be collected from the source, but held the partners individually liable.

Extension of the parcel post rates to seeds, cuttings, bulbs, roots and various plants have become effective as the result of an order issued by Postmaster-General Burleson.

The department of agriculture does not believe in the value of oats as having any material effect on the flavor of milk. The view of the experts differed considerably on the question of feed for the cows.

That Gustav Bauch, the American, was executed by Pancho Villa at Juarez, was declared before the house foreign affairs committee by Alferda Baca, of Albuquerque, N. M., once candidate for congress.

President Wilson extended what he termed "the hand of real helpfulness and brotherhood to Alaska" when he signed the bill authorizing the expenditure of \$35,000,000 for the first government owned railway constructed by the United States.

Subscribe for the Herald, it comes twice a week.

OREGON NEWS NOTES OF GENERAL INTEREST

Events Occurring Throughout the State During the Past Week.

Alleged Thieves Held.
The Dalles.—One of the worst bands of boxcar thieves the northwest railroads have had to deal with in years was rounded up, it is said, when E. B. Wood, chief special agent of the O. W. R. & N. company, brought about the arrest of five men in this city and in Arlington. The prisoners are all alleged ex-convicts. They are said to have been operating for several months. Two of the five are in the county jail here and three, who were arrested at Arlington, are in custody there.

Polk Fair Plans Set.
Monmouth.—At a meeting of the Polk County Fair association, committeemen and committeewomen were named for the fair this year, and Rev. Edgar W. Miles, a retired Presbyterian minister, was re-elected secretary and general manager. A bond issue of \$4800 to purchase a tract of 16 acres, west of Dallas, was voted by the directors. The dates of the annual exhibit have not been fixed, owing to uncertainty as to the time set for fairs in neighboring counties.

Tax For July 4 is Plan.
Baker.—A levy of half a mill on all taxable property in Baker City for a fund for an annual Fourth of July celebration here was indorsed at a meeting of the merchant's committee of the commercial club.

It was proposed and decided to start initiative petition to call a vote at the next regular election to determine whether the city should make such a levy.

The total on half a mill levy would be \$3000 on present valuation.

Loss Of \$600,000 in Portland Fire.

Portland.—Two great docks were burned, half a million dollars' worth of grain was ruined, a steamship badly damaged, a steam schooner destroyed, almost totally, and a dozen buildings were injured by fire on the east side water front. The loss, at first estimated at \$1,000,000, is cut to \$600,000, and of this amount insurance covers more than half.

Newport Has Herring Run.

Newport.—An unusual run of herring has brought a bonanza to Newport residents, for the fish were so plentiful that it was possible to pick them out of the bay, where they swarmed around piling, with one's hands. One rowboat caught five tons in a net and small dip-nets were responsible for hundreds of pounds being caught. The fish are near the surface of the water only at low tide.

Social Centers Planned.

Ashland.—"A social and intellectual center" is planned as the outgrowth of a movement now under way by residents of Evans valley, in this county, for the institution of a central farm or country life school. Several districts would be consolidated in the merger in a territory of which Rogue River station is the hub. Roads in that section are of the best and other conditions are favorable.

Sand Spit to Be Sown.

Marshfield.—Roy Roselle, United States engineer in Coos Bay, started the planting of 35 acres of sea grass Monday on the north sand spit. Mr. Roselle is also expecting to plant bull pine and willows in the sand country.
