

OREGON NEWS NOTES OF GENERAL INTEREST

Events Occurring Throughout the State During the Past Week.

Liquor Goes into Sewer.
 Albany—For almost three hours, D. H. Bodine, sheriff of Linn county, and A. Austin, chief of police of Albany, worked steadily and rapidly pouring whisky into the Albany sewer, destroying the shipment of 35 cases of liquor seized here and ordered confiscated because it had been shipped from "wet" to "dry" territory without being labelled properly as to contents.

The officers removed the corks and turned the bottles upside down in the catch basins until they were empty, when they were re-packed in the cases.

About Two-Thirds of Voters Tardy.
 Salem—While the registration figures of the state were increased about 30,000 the past fortnight, only about one-third of the persons expected to participate in the coming election have qualified to vote. Secretary of State Olcott reports that the total registration was 193,791 divided among parties as follows:

Republicans, 65,981; Democrats, 25,393; Progressives, 2248; Prohibitionists, 4917; Socialists, 2514; and miscellaneous, 4324.

Planting Grass in Sand.
 Marshfield—Roy Rogell, who has charge of the government harbor work on Coos bay and the Ugnille river, has put to work a force of men planting Australian grass on the sand spit at the north side of the Coos bay entrance. This grass is almost the only kind of plant that will grow in the sand and several years ago a large area was planted. The grass took root and has done much to keep the sand from drifting.

Growers to Make Tests.
 Hood River—A cannery will be established here by E. M. Cloud and John R. Newton in time to handle this year's strawberry crop; no vegetables will be canned the coming year. The growers, however, will conduct experiments in their orchards during the coming season in order to determine the most profitable varieties of plants to set between the trees.

Planning Recall of the School Board.
 Gresham—The voters of the Quince school district met in the school house for the purpose of considering the recall of the school board, because of its failure to remove the principal, Mrs. Flora I. Foreman, who was tried during the winter on a charge of teaching Socialistic principles in the school.

TO INVESTIGATE PROJECT
 Visit to Follow Land Board's Decision to Allow Extension of Thirty Days.
 Salem—For the purpose of making the investigation of the Deschutes Land Company's project in Crook county, authorized by a resolution passed by the desert land board, when the company was given 30 days' extension of time on its contract with the state, which expires April 1, State Engineer Lewis left for Crook county Monday.

Governor West contends that the company's contract should not be extended, but that a new one should be made which would contain provisions affording better protection to the interests of settlers than is furnished by the present contract, which was executed under the old law regulating Carey acts in this state.

He said that the commissioner of the general land office, to whom application has been made by the board for an extension of time on the state's contract with the government for this project, has indicated to him that the state should require more safeguards placed about the settlers on the project before asking the government to extend the state's contract.

"Medford Flyless" is Slogan.
 Medford—"Medford flyless in 1915" is the slogan of the swat the fly campaigners who have started cleaning up the alleys and rubbish heaps in the city. The Commercial Club will give cash prizes for dead flies.

Cleanup Week Planned.
 Independence—The civic improvement club of this city has set apart the first week in April for cleanup week. This is to be a step toward beautifying this city.

Myrtle Point Wants Water.
 Salem—Myrtle Point has filed with State Engineer Lewis an application for a permit to appropriate the waters of Carey Creek for municipal supply.

Ashland Has Ripe Strawberries.
 Ashland.—St. Patrick's Day witnessed the picking of the first home-grown strawberries of the season.

BRIEF NEWS OF OREGON

Stockholders of the Datin Cannery and Growers' association met and completed a permanent organization.

Oregon granges will meet in their annual three days' business session in Monmouth May 19 to 21, inclusive. Preparations are being made for a conference of the Intercollegiate Prohibition association in connection with the annual oratorical contest to be held at Pacific College April 10.

An aggregate of \$1600 was paid in fines as the result of indictments returned by the grand jury at Pendleton against gamblers and those who permitted games in their places of business.

Senator Lane has received telegrams from fishermen and commercial bodies of Portland and Astoria, urging him to have the Fish Commission steamer Albatross sent to Alaskan waters next summer.

The Southern Pacific company has paid over to county treasurer of Jackson county \$25,552 in taxes. Balance due of \$1,100 will not be paid until land grant matters have been adjusted.

The holy Oregon claim in the omnibus-claims bill was stricken out by the senate committee, leaving Oregon without representation. It was the claim of John E. Butler of Lane county.

The last refuge of the canvass back duck in Oregon—Wapato lake at Gaston—is to be drained and Oregon's duck hunters will eat few canvass back ducks in the future. Arrangements have been made to drain the lake and use the land for farming purposes.

If the recommendations of Adjutant General Finzer and the commissioned officers of every company in the state are followed by Governor West, the Oregon National Guard will hold its annual encampment in 1915 at the Panama-Pacific Exposition in San Francisco.

When McMinnville College won the intercollegiate oratorical contest in Albany it made the fifth victory that institution has won in the annual state contests and gave it rank next to the University of Oregon for the largest number of contests won in this association.

Active indorsement of the "swat the cigarette" campaign has been made by the city council of Seaside. One ordinance prohibits the sale of tobacco to anyone under the age of 18 years and another provides penalties for misrepresentations of the age of an applicant for tobacco.

Seven counties have availed themselves of the bill passed at the last session of the legislature providing for agricultural and horticultural extension work. The state, under the provisions of the measure, gives an amount equal to that appropriated by each county for the work.

The county court plans to set apart a day on which every man and boy in Linn county will work the roads. The date will be some time in April. According to plans business of all kinds will be suspended throughout the county and the efforts of every resident, irrespective of occupation or vocation, will be devoted to road work.

According to Douglas county nurserymen, about 1500 acres of orchard land will be planted this year in that district. Almost all of this acreage will be given over to prunes, for in the last two years one season's crops on some of the farms has brought in more cash than the land is assessed for.

A county educational rally, to be held in Eugene on Saturday, May 16, and to comprise the final spelling contest of the year, a school children's parade and an exhibition of the work of the manual training and domestic science classes has been announced by E. J. Moore, county superintendent of schools.

The Wallamette Valley Press association at a meeting in Salem went on record as being opposed to further legislation that will hamper the development of the state and indorsed the movement to make Mrs. Abigail Scott Duniway the western representative on the honorary board of women to represent the United States at the Panama-Pacific Exposition.

Practically all the unreserved public land in Baker county, except that lying in arable valleys, has been designated by the secretary of the interior for entry under the enlarged homestead law. Between 900,000 and 1,000,000 acres, mostly in Baker county, together with small tracts in the southern end of Union county, are now subject to entry in 320-acre tracts.

If Governor West's plans materialize, the battleship Oregon, after it leads the water pageant through the Panama Canal at its opening, will find a harbor in Oregon waters. The governor during his recent visit to Washington, D. C., asked the navy department to substitute the Oregon for the Oregon Naval Militia. While he received no definite assurance that the substitution would be made, he is satisfied that it will be agreed to by the department.

SIR EDWARD CARSON

Sir Edward Carson, leader of the Unionists party in Ireland, opposed to Home Rule for Ireland.

ROOSEVELT PARTY IS SAFE

Colonel Not With Section of Party When Equipment Lost.
 New York—Theodore Roosevelt was not with the section of his exploring party headed by Anthony Fiato when the camp equipment was lost in a river rapid in Brazil, according to a dispatch received from Fiato by the New York Times.

Fiato's dispatch was dated from Santarem, Brazil, and relieved the anxiety of the Roosevelt family and others here, as no definite word had been received previously regarding Colonel Roosevelt and other members of the expedition.

Will Test "Blue Sky" Law.

Portland, Ore.—An attack upon the "Blue Sky" law of Oregon which is designed to wipe it off the statute books will be commenced this week, when a complaint and petition for an injunction is filed in the federal district court by the National Mercantile company of Vancouver, B. C.

D. D. D. Opens New Era in Cure of Skin Disease

Professor Budlong's case of eczema was known to almost every hospital and physician of reputation throughout the state of Connecticut. His letter is another interesting demonstration of what is being accomplished by the famous specific D. D. D. Prescription. "It may be of interest to you to know that your life-giving preparation, D. D. D. Prescription has been of incalculable value to me. I was covered with eczema from head to foot when I began using your remedies. I could get no relief, although I tried a thousand means. I applied but two bottles of the Prescription; a cure was effected in a very short time, in less than one month."—Prof. C. J. Budlong, South Lyme, Conn.

Ask any druggist today for D. D. D. Prescription. He'll tell you it allays the itch instantly—and soon there are signs of cure.

We have handled the remedy for skin troubles of all kinds. Come in or ask us about D. D. D. Prescription, for tender skins.

We offer the first full size bottle on the guarantee that unless it stops the itch at once, it costs you not a cent.

"FAGGED-OUT" WOMEN

Will Find Help in This Lot

Overworked, run down, "fagged" women who feel as though they can hardly drag about, should profit from Mrs. Brill's experience.

She says: "I was in a very bad run-down condition. Life was worth living. I could not sleep, very nervous, stomach bad, and not able to work."

"I consulted with one of two physicians, without benefit. I read of Vinol helping some one in a similar condition so I began to take it. It simply did wonders for me. I gained weight and I am now in health and stronger than ever. I do not find words enough to praise Vinol."—Mrs. W. H. Brill, Rockford, Ill.

Thousands of women and men were formerly weak and sickly. Their present rugged health is due to wonderful strength-creating Vinol. We guarantee Vinol to give you up and make you strong. We do not give back your money.

P. S.—For rough, scaly skin, our Sazo Salve. We guarantee it.

Chas. I. Clough, Druggist.

Manzan

Remember the Manzan Soap. It's the Great Soap with a real story.
