FRIDAY MAY 8, 1914.

As the time for the primaries draws near, there is always more or less danger of an eleventh hour circular being "sprung" on the voters for the purpose of influencing them against a candidate. This is not a fair practice and a proposition of this kind should not be tolerated. It is indeed unkind and unfair to make charges or statements in regard to a candidate without giving him a chance to defend himself. And it is our opinion that any effort which may be made to discredit a candidate at the last minute will come to naught, as it most certainly should.

COMMUNICATION

Tillamook, Oregon, May 5th, 1914.
To the Tax Payers and Water Consumers of Tillamook City.

For sometime past the Water Commission has been seriously considering making a reduction in the water rates. Some of the questions involved in this matter are as follows, and we would ask you to give this matter your serious consideration and advise us what you would recommend.

In the early part of 1905 our present water system was put in at a cost of approximately \$48,000.00. The pipe that was put in at that time was Matherson Steel Pipe and we have been advised by parties who claim to know, that the average life of this class of pipe under ordinary conditions, is about 15 years. If this is true during the next five or six years we will probably be to a large extent in making repairs and the cost of making these repairs and the laying of new pipe in sections of the city that have been paved, will probably be very expensive. Samples of pipe that have been dug up show that the pipe is badly pitted and also shows a large quantity of rust scales.

Tillamook City has outstanding \$15,000.00 water bonds drawing 5 per cent interest that are due in 1915. At the present time, the Water Commission has a sinking fund to apply on these bonds of about \$25,000.00.

The Revenue from water consumers, at the present time, amounts to about \$300.00 per month and the income from taxation amounts to \$129.00 per month and during the past year we have made necessary extensions and have been able to place \$5,000.00 or \$500.00 in the sinking fund.

Notwithstanding the condition of the system we are inclined to think that we could make a reduction in the water rates of at least 10 per cent throughout the City placing the minimum rate \$1.00.

Would ask the taxpayers and water consumers to give this matter their serious attention and submit suggestions at our regular meeting to be held on Monday, May 11th at the City Hall at 7:30 o'clock P. M.

Respectfully submitted,
Tillamook Water Commission,
W. G. Dwight, President.

COMMUNICATION

Hillsboro, Ore., May 5, 1914
Editor Tillamook Herald:

As my wife is feeling a little better today my thoughts wander over the hills to Tillamook. I assure you I have nothing but good will for all my old acquaintances, but as there is to be a Primary Election soon, I shall take the liberty to say Frank Owens is my choice for commissioner. Not because he is the only good man running, but because he has some qualities to my mind that especially qualify him for the place. First his age is in his favor the young men life before them untainted with the past age of old fogeyism can well be trusted with the interest of our county, provided they are young men that have made good, first of moral character, second in possession of industry and business ability to make a success of his own affairs. Frank Owens, just an orphan boy has the esteem of the man who raised him. He has the confidence of every man he has worked for or done business with and he has carved himself out a nice home all in the country where he was raised and is a young man yet. I believe he is as much interested in the welfare of the county as any man and will not let us say if you elect him, I never knew a man until I have learned that a good doctor must cure

many of his patients; a good lawyer must win many of his cases; a good preacher must have converts; and a good man to trust county matters with should not only be a man of integrity, but have business ability to make good in his own affairs. If Frank is elected I am not looking for a job as I am old fat and lazy, but my hat is off for George E. Chamberlain, Frank Owens, Crenshaw, and Oregon Dry.

If you can't possibly vote for these men get busy and vote for a dry state, and may your butter fat continue to grow in price as long as you use the money for schools, roads, churches, beautifying and improving the banner county of the state.

As ever,
C. H. Waymire.

To the Voters of Tillamook and Yamhill Counties.
I announce myself a candidate for the office of joint representative of the two counties comprising the Fourteenth Representative District in the State of Oregon, subject to the nomination of the Democratic party at the primary on May 15th, 1914.

If I am nominated and elected, I will, during my term of office, serve the people of my district to the best of my ability. I favor good roads, enforcement of all laws, and in giving the Governor power to veto single items in appropriation bills. I believe in a retrenchment along every line of expense, except the actual necessities to the conduct of state affairs. I believe in the prohibiting of the manufacture and sale of intoxicating liquors, only for medical and chemical purposes.

"Honesty, Economy and Progress" is my motto. Upon these principles, I stand. If you want such a one to represent you, I am at your service.
