REVOLT IN MEXICAN CAPITAL IS FEARED

Diplomatic Quarters Uneasy as to Fate of Foreigners in Mexico City.

Washington.—Much apprehension was expressed in diplomatic quarters as to the fate of foreigners at Mexico City in case a sudden revolt should overthrow Huerta and permit the entry of the Zapatistas and other undisciplined rebel bands. These foreigners are said to number 6000, not counting the Americans, most of whom have left.

Word has reached some of the legations here of savage threats Zapata has sent to leading citizens and their wives and daughters in towns near where he was operating. One message is said to have notified a prominent citizen that when the town was captured Zapata would cut off his ears and "eat them fried."

The chief fear in diplomatic quarters is that the city will be overrun and looted.

Elimination of General Huerta and the establishment of a provisional government in Mexico, in which both the Huerta and the constitutionalist actions would be represented is contemplated in a plan which the three South American mediators now are working out to be proposed for the solution of the entire Mexican problem.

It was learned the proposal might be that the setting up of a temporary government be undertaken by a commission composed of five persons, two of them to be named by Huerta, two by the constitutionalists and the fifth by the mediators.

Justice Lamar, of the United States supreme court, and Frederick W. Lehmann, former solicitor general, were chosen by President Wilson as the American representatives in mediation negotiations before the South American triumvirate at Niagara Falls, Ont., next Monday.

GOOD ROAD BOOSTERS MEET

On Monday evening the new Tillamook County Good Roads Society met at the club rooms in this city and had a very profitable meeting. Outside members present were Mr. Chapin, Bayocean, J. O. Bozorth and W. S. Lane, Bay City, and John Nelson of Garibaldi.

Mr. Chapin reported that Mr. Sam Hill the biggest good roads man in the state would be here sometime between June 1 and 15th. In the meantime a committee has in charge the task of arranging a suitable place for Mr. Hill's talk which will be accompanied by pictures bearing on the question.

Secretary Botts was requested to write the county clerk of Jackson county for a transcript of the full proceedings which were carried out when that county voted to bond.

BRIEF NEWS OF OREGON

All the tillable land available for settlement in the area recently eliminated from the forest reserves in central Oregon will not accommodate more than 200 families comfortably.

The president has restored to entry for 30 days from May 8, 1906 acres in the Oregon national forest in section 28, township 2 north, withdrawn from entry October 11, 1912.

The judgment of the lower court in Portland, where Attorney Max Cohen was found guilty of subornation of perjury in a white slave case, was affirmed by the United States court of appeals at San Francisco.

In shipping 1200 pounds of seed rice from Astoria to Port Rock, Lake County, a distance of 120 miles, L. Woldenberg mailed it by parcel post, the shipment going by way of California and Reno, a distance of 2300 miles.

Massive logs cut from the forests of Oregon, some of which weigh 20 tons each, have been received at San Francisco for use in building the great colonnade at the Oregon fair structure. They were shipped by rail.

Dr. Clarence True Wilson, general secretary of the temperance society of the Methodist church, will head an auto tour for the prohibition party. Headquarters will be opened in Portland.

Mines placed by the war department on the edge of Peacock spit at the mouth of the Columbia river, will be taken up on account of protests of fishermen. The mines are unloaded, but are a menace to the gill net men.

Plans have been consummated for Salem's biggest cherry fair, June 25, 26 and 27. A temporary pavilion will be erected on the courthouse square for the exhibits, and many novel entertainment features will be provided.

The Dubois Lumber company has filed suit against Clatsop county, at Astoria, to restrain the collection of more than \$5000 taxes under a special levy made by road district No. 15, on the ground of illegality of proceedings.

Through the efforts of Luther J. Chapin, Marion county farm expert, a potato growers' association was organized at Salem for the purpose of improving the grade of spuds being produced in that section. The plan is to ship in good potato seed.

Judge William Galloway of the Marion county circuit court has ordered that a peremptory writ of mandamus be issued directing State Treasurer Kay to deliver the \$8000 or more school fund notes, representing loans of school money aggregating over \$5,000, 000, to the state land board.

U. S. Senator Lane of Oregon, in the debate on the amendment to the agricultural bill, said that the government did not want any of John D. Rockefeller's money in extension work. He said the money was "tainted" with the blood and tears of the women and children shot down in Colorado.

The prune crop in several sections of Polk county is injured and prospects for the average crop are unfavorable, according to the growers. There are some orchards, however, that are well protected by nearby hills and are expected to yield the usual crop.

Vivian Gray, secretary of the Harney County Cooperative association, has appealed to Governor West and Secretary of State Olcott for state assistance in protecting the crops of Harney county against the jackrabbits. She says that the jackrabbits have taken the crops for several years until the farmers are discouraged and financially impoverished.

A completed railroad grade between Eugene and Coos Bay is practically finished and rails will be laid to Marshfield early in 1915, according to H. P. Hoey, Southern Pacific engineer in charge of the Willamette Pacific. One thousand men are at work and this number is to be increased as fast as men can be shipped in.

Representative Sinnott, by authority of the house committee on public lands, has reported favorably to the house a bill, heretofore passed by the senate, authorizing the state of Oregon to exchange its scattered school and indemnity lands in forest reserves for a compact body of forest lands of equal area and approximately the same value. The bill affects about 50,000 acres and was introduced originally at the request of Governor West in order that the state might obtain title to a single tract of land suitable for a state forest.

With the women enfranchised the registration in Oregon for the primary May 15, this year, totals 226,924, with 11 counties reported unofficially. There will be little change either way in the final statement. For the primary, 1912, when only men voted, the registration was 131,880. That the women will substantially figure in the primary and the election in November is proved by the registration figures. That the big lead of the prohibition party over other minor parties is due to the recent victories of the "dry" element in this state is the belief of the men who oppose the manufacture and sale of intoxicating liquors.

"CEREAL KING" IS DEAD

Charles W. Post, of Battle Creek, Mich., Commits Suicide.

Santa Barbara, Cal.—C. W. Post, multi-millionaire cereal king of Battle Creek, Mich., committed suicide at his winter residence here by shooting himself through the head with a rifle.

Mr. Post had been convalescing. It was thought, from a prolonged illness. He excused himself from the attending nurse, against her protest, by saying he wished to lie down and to be alone and quiet. He went to his apartment and in a moment a shot was heard. He had placed the muzzle of a rifle in his mouth and touched the trigger with his toe. The top of his head was blown off.

TRIBUTE PAID SAILORS KILLED AT VERA CRUZ

New York.—Nation and city paid tribute in silence Sunday to the 17 men who gave their lives in the occupation of Vera Cruz. Bearing the bodies of the bluejackets and marines, the armored cruiser Montana, escorted by the presidential yacht Mayflower, having aboard the secretary of the navy, reached port early Sunday morning and conveyed by the superdreadnought Wyoming, steamed up the harbor shortly before noon.

The bodies were brought ashore shortly before 8 o'clock Monday morning and placed on caissons for the procession up Broadway to City Hall for a brief ceremony there and on across the Manhattan bridge to the navy yard for the services. President Wilson reached the city from Washington at 7:15 Monday and delivered the memorial address at the navy yard.

"The feeling that is uppermost," he said, "is one of profound grief, and yet there is mixed with that grief a profound pride that they should have gone as they did, and if I may say it out of my heart, a touch of envy of those who were permitted so quietly, so nobly to do their duty."

The head of the nation looked out over the thousands massed about the coffins on the parade grounds, and his voice shook with emotion as he declared his creed: "We have gone down to Mexico," he said, "to serve mankind if we can find out a way. We do not want to fight the Mexicans. We want to serve them."

State Road Aid Is Decided by Board.

Salem, Or.—That only counties which provide substantial funds with which to build permanent roads will be aided from the state highway fund was the decision reached by the state highway commission. In further outlining its policy the commission announced that only permanent thoroughfares would be built with the state highway fund.
