

BRIEF NEWS OF OREGON

Oregon Agricultural college defeated the Multnomah Club in the dual track meet at Corvallis by the score of 73½ to 57½.

Pacific University defeated the University of Puget Sound in the annual debate at Forest Grove by a unanimous decision of the judges.

Between 8000 and 7000 Lane county school children and their parents participated in the educational rally day exercises in Eugene Sunday.

Union will be the magnet for hundreds when the sixth annual Union Livestock show will be held in that city June 4, 5 and 6. There will be races and band concerts.

The girls of the 1914 graduating class of the La Grande public schools are establishing a precedent in that the expensive graduation dress cost is to be limited to \$5.

After an inspection of the hopyards of Salem, Louis Lachmuth, dealer in hops, said that the 1914 crop would be from 20 to 25 per cent less than last year's crop.

The contest by the forest service against Hercules Sampson, now in Portland, for a homestead in Josephine county, has been settled in favor of Sampson.

Representative Hawley has applied to the board of engineers for permission to extend the wharf at Port Orford, damaged by rough weather. The board will make an investigation before announcing its decision.

Dr. Withycombe received 750 out of a total of 873 votes cast for all candidates for governor in the city of Corvallis. He received in 15 precincts heard from out of the 22 in Benton county 344 votes of 1173 votes cast for all candidates for governor.

Senator Chamberlain has introduced a bill amending the act to authorize construction of a dike on Olalla slough authorizing the construction on foundations already laid or farther up the stream of a dike with a gate for purposes of navigation, the plans to be approved by the secretary of war.

The Indian appropriation bill, reported to the senate, contains the following Oregon amendments: Appropriation of \$100,000 to purchase livestock, farm implements, seed, etc., to enable Warm Springs Indians to become self-supporting. Fifteen thousand dollars for an addition to the assembly hall at the Chemawa school.

An offer of \$50,000 was refused by Mrs. Mella C. Brown, Eugene woman inventor, for the patent obtained three weeks ago on a sanitary milk cap. The offer came from Denver capitalists. She is preparing to place the article on the market. Instead of slipping into the top of the milk bottle, the cap is convex in shape and slips over the top.

The Pender murder case, famous in Columbia county for its two long trials is soon to be argued again, this time before the supreme court. Pender, on a second trial, was found guilty at St. Helens last January of killing Mrs. Daisy Wehrman and her infant child, and was sentenced to be hanged in March, when an appeal stayed execution.

The postoffice at Amity was robbed Friday night. The robbers entered by means of skeleton keys. The safe was opened by nitro glycerine, the charge used being heavy enough to blow the safe to pieces and to move the front wall of the building, which is a frame one, outward two inches. The robbers secured about \$100 in money, but left other valuables, including stamps and registered letters, untouched.

Between 65,000 and 70,000 acres of land located in Grant, Umatilla, Baker and Wallowa counties have been designated by the federal government as subject to entry under the enlarged homestead act. All of this land is, or is supposed to be, of semiarid character, non-mineral and containing no timber. It will be subject to entry June 1 of this year, where vacant and public.

Out for the purpose of fighting state wide prohibition, as a matter of protection to the hop industry, representative hopgrowers of the Willamette valley met at Salem and perfected the organization of the Hopgrowers' and Dealers' association of Oregon. Besides making the temporary organization permanent, the hopmen elected a vice president for each of the hop-growing counties, and in those counties a county organization will be effected for the purpose of localizing the efforts of the association.

Marshfield society is in a hubbub over the "social highwayman" proclivities of an unidentified member of the local "four hundred." For several months matrons and others, who have attended "500" games, at homes, complimenteries and other similar functions, have been missing jewelry, money and other valuables. The social functions were attended solely by women and so the credit for the lifting goes to a feminine Raffles. Two and two and four and four have been put together and the losers and others now believe they have spotted the guilty party, yet they speak the name only in an abstract way and mention it to those they know won't tell.

TAFT AIRS MEDIATION VIEWS

Ex-President Thinks Offer And Acceptance Important Future Step.

New York.—William Howard Taft gave his views on the Mexican situation in an address at the Free Synagogue's celebration of Peace Sunday.

While the ex-president expressed little hope that the pending mediation conference would accomplish its immediate purpose, he asserted that the offer of mediation and its acceptance constituted an important step toward the future settlement of international disputes in the western hemisphere.

"But if we are to be involved in war because of Mexican anarchy, let us have it fully understood that we go into it in the service of mankind, as the president phrases it, and not upon the issue of a mere punctilio in naval ceremonial."

Dynamiters Must Return to Prison.
Chicago.—The United States court of appeals ordered all the convicted dynamiters whose appeal for a retrial had been received into custody within three weeks. They must report to the warden at Leavenworth penitentiary or to the United States marshal of the district, who will return them to prison.

Mt. Vernon Is Reshingled.
Washington.—Mount Vernon, the home of the Father of His Country, is to have its fourth set of shingles since it was built in 1743. The mansion was reshingled in 1785 and in 1856.

Before putting the fourth roofing on the shingles were rounded at one end to make them conform to the original shape of 1743.

Primary Notes.

Dr. Henry Waldo Coe was elected progressive national committeeman without opposition.

Marion county republicans nominated their first woman candidate for county office, when Mrs. Mildred R. Brook led the ticket for county recorder.

The proposed issue of \$850,000 road bonds in Marion county was snowed under by a two to one vote, it having lost in practically every precinct.

Miss Iva Harrington won the republican nomination for clerk of Clackamas county.

John A. Jeffrey of Multnomah county was the only democratic candidate for attorney general and received the nomination without opposition.

Mrs. Mary Scott, of Sheridan defeated Mr. G. Nelson for the democratic nomination for treasurer of Yamhill county, and to oppose her the republicans placed Alice L. Adams in nomination. Miss Adams defeated three opponents, all men.

O. P. Hoff is nominated for labor commissioner. Frank J. Miller for railroad commissioner. John H. Lewis for state engineer and Ralph E. Williams for national committeeman on the republican ticket.

On the democratic ticket H. M. Estely is the chosen national committeeman. It is probable that Samuel Evans, of Klamath Falls, has received the democratic nomination for congress in the second district.

COUNTY PRIMARY RETURNS.

Following is the result of the primary in Tillamook county:

REPUBLICAN.

National Committeeman.

Charles W. Ackerson.....414

Ralph E. Williams.....458

United States Senator.

County surveyor, L. F. Wilson;

county commisn'ers, four years,

Francis J. Welsh, two years, D. F.

Thompson.

LONG BEACH

The Beach Beautiful

But Recently Put on the Market

Now is the time to buy

LONG BEACH is located on the extreme southerly end of the Bayocean Spit, about one and one-half miles from the Bayocean Hotel. A short interesting tramp up one of the prettiest beaches on the coast.

Long Beach has these advantages over other resorts: The surf is not so wild owing to the shelter of Cape Mears, which also breaks all of the high southwest winds so that none of the terrible storms of winter are felt. The property lies high enough above the level of the ocean to eliminate all danger of damage from the most extreme high water. The famous Bayocean Boulevard will run within one quarter mile of this property and in time should extend a branch to this part of the beach. Cape Mears Light-house is within an easy walk of our lots.

Plenty of clams, crabs, mussels, rock oysters, and good sea fishing. Good hunting in the mountain back of us. The beautiful LONG BEACH sea-caves and famous agate beaches right at your front door.

Can You Beat That? You Can't

Lots Cheap and On Easy Terms

Fuller & Johnson Gasoline Engines Can Not Be Excelled

Practically all the machinery used on the farm is equipped so that it may be driven by a gasoline engine. Labor for farm work is very scarce and very expensive, thus the farmer like any up-to-date business man, in actually doing the most work in the cheapest way, cannot afford to be without a FULLER & JOHNSON engine. TILLAMOOK SHEET METAL WORKS

COMING!

Twelve months in a day! Twelve months in a day! The wonder who ever did see? But list what we say: It is coming this way! And soon in our midst it will be! Each month its own harvest of good things will bear. Just think what a feast it will mean! June roses will bloom tho' December is there! And snow balls in August be seen! The ice of old Winter and Summer's sweet cream Will be joined in a union complete! While fruits of which gods might lovingly dream In salads entrancing will meet! The wheat will be there all turned into bread; Beans already baked brown and dandy; Pop corn that is popped and straw-berries red; With sugar-cane turned into candy; Vegetables humble and vegetables rare In a common assembly will meet; While cherry and pumpkin, rhubarb, and pear Enclosed in pastry you'll see—
