NO. 37

PATRICK CALHOUN IS ACCUSED OF LOOTING

San Francisco.—Patrick Calhoun, ex-president of the United Railroads of San Francisco, was accused by the railroad commission of "looting" that corporation of \$1,096,000 and being forced to give for that amount a promissory note for an equal sum, made payable one day after date, which his successor, Jesse W. Lillenthal, credited on the company's books with a value of \$1.

The Calhoun deal, which was put through apparently with an idea of aiding the finances of the Molano Irrigated Farms, Inc., a land scheme in which Calhoun was heavily interested, came to the attention of the commission through an application for authority to borrow money to add to the railroad's rolling stock.

Cleveland.—Mr. Calhoun denied the statement that he had applied funds of the railway company to his own purposes.

"Dry" Orator Says He Knows Captors.

St. Louis.—Rev. Louis R. Patmont, the prohibitionist advocate, who said he was kidnaped from Westville, Ill., on March 31, and found in an abandoned house near Columbia, Ill., Saturday, asserted here he knew the ones responsible for his detention. He left for Danville, Ill., where the grand jury now in session will take up the investigation of his story.

NEWS FROM OUR NATIONAL CAPITAL

President Insists on Passing Anti-Trust Legislation at Present Session.

Washington.—President Wilson will be satisfied with nothing less than the passage through both houses of congress, at the present session, of the anti-trust legislation recently agreed on. This was made clear by officials close to the administration. His attitude was made known in answer to suggestions that some leaders at the capital believed it would be sufficient to pass the anti-trust bills in the house and only agree on a time for a vote next session in the senate.

The house of representatives, in an effort to rush through the second of the administration's anti-trust measures, began night sessions this week and the senate is also endeavoring to speed up legislation to insure an adjournment in July.

Congress leaders admitted however, that if the senate undertook to put through anti-trust legislation of a comprehensive nature adjournment could hardly be taken until late in the fall.

Took Indictment to Save Morgan.

A dramatic climax marked the close of the sensational testimony of Chas. S. Mellen, ex-president of the New York, New Haven & Hartford railroad, before the interstate commerce commission.

With evidence of deep emotion Mr. Mellen asserted the late J. Pierpont Morgan was cognizant of the Grand Trust negotiations for which Mr. Mellen himself was criminally indicted for violation of the Sherman anti-trust act, and that he took the indictment that belonged to Morgan, as he believed it would have killed the aged financier to be indicted.

Absolute monopoly of transportation under government regulation and control was suggested by Mr. Mellen as the solution of the American railroad problem.

Majority of 10 for Repeal Predicted

Democratic leaders in the senate are confident the Panama canal tolls exemption repeal bill and the arbitration amendments will be disposed of this week. Senator Kern, leader of the majority, said a vote would be taken May 28 or shortly afterward, and added that the repeal bill would be passed by a majority of at least 10.

Opponents of repeal are not inclined to doubt that the bill will pass, but the vote on the many amendments offered to modify its meaning will be watched with interest by senators on both sides. The administration is said to center its support on the amendment proposed by Senator Simmons, declaring that the United States waives no right over the Panama canal.

Parcel Post for Settling Truck.

Postmaster Otto Praeger, of Washington, has sent out to the patron of the Washington office an advertising poster, containing the names of 150 truck farmers, fruit and poultry growers, home fruit and vegetable canners, and producers of smoked hams and bacon, who desire to serve Washington consumers direct by the parcel post.

On the reverse of the poster are illustrations of a parcel post delivery truck and of a basket, in which a Washington consumer has received a sausage from a Pennsylvania farmer during the past winter, together with testimonials from 14 patrons of the Washington office recommending the parcel post for efficiency and economy in the shipment of produce.

Producers from 12 states, including New Jersey and Mississippi, offer to sell their product direct to Washington consumers.

National Capital Brevities.

The senate adopted an amendment to the agricultural appropriation bill proposed by Senator Johnson, appropriating \$100,000 for potato quarantine inspection.

Creation of an aviation section of the army as part of the signal corps, is planned by a bill that has passed the house. The measure has the approval of the war department.

Copy of the proposed peace treaty between the United States and Norway has been received at Washington.

IDAHO GUARD HALTS ATTEMPTED OUTBREAK

Boise, Idaho.—One prisoner is dead and two wounded as a result of an attempted wholesale delivery at the Idaho state penitentiary Saturday. U. G. Bereup, serving a life sentence for murder, committed at Pocatello, died two hours after the attempt was made. C. A. Allers, a prisoner from Shoshone county, serving an indeterminate sentence for forgery, will lose an arm, which was shattered by a bullet from one of the guns of the prison guards. Lyman Jones, serving a sentence of from 10 to 40 years for murder in Fremont county, was slightly wounded.

The break for liberty was made while half of the guards on the prison wall were at lunch. The prisoners put up a bench to the wall where No. 2 guard usually stood, but which was unprotected. The men were able to make the top of the wall.

Mediators Leave Much to Mexico.

Niagara Falls, Ont.—Smooth progress toward a common agreement on all phases of the Mexican problem is being made by the mediators and the American and Mexican delegates. The mediators have taken the position that they are essentially counselors and not dictators. They will not suggest names for the provisional presidency, nor recommend any form of government. From the Mexican delegates themselves must originate proposals concerning the internal affairs of their country.

Jacob Rils, Author, is Dead.

Berre, Mass.—Jacob A. Rils, author, honored by his intimate friend, Theodore Roosevelt, as "the most useful citizen," is no more.

BISHOP SCADDING IS DEAD

Portland, Or.—Right Rev. Charles Scadding, Episcopal bishop of the diocese of Oregon, passed peacefully away Wednesday morning at his residence here.

Bishop Scadding was taken ill last week with pleural pneumonia, following the diocesan conference at which he had been presiding. The eminent ecclesiast was conscious to the last, speaking calmly with his wife just before death came.

Funeral services will be held Saturday afternoon from the pro-cathedral.

Roosevelt Visits Washington.

Washington.—Colonel Roosevelt returned to Washington Tuesday on one of the few visits he has made since he left the white house.

The primary object of the colonel's trip is to deliver a lecture before the National Geographical society on his South American explorations, but Washingtonians who mix in politics were interested in the conference held with the progressive leaders in congress.

Secretary Bryan and the minister of Norway will sign it when the draft has been made.

A bill putting telephone and telegraph companies and pipelines under the jurisdiction of the interstate commerce commission was introduced in the house by Representative Rully, of Wisconsin.

President Wilson appointed a committee to arrange for the formal opening of the Panama canal June 1. Its members are Colonel Goethals, chairman; Richard Metcalf, vice chairman; Colonel Harry Hodges, Surgeon General Gorgas, Colonel Rousseau and Colonel William Sibert.

OREGON NEWS NOTES OF GENERAL INTEREST

Events Occurring Throughout the State During the Past Week.

Free Books Asked For Schools.

Klamath Falls.—A petition is being circulated to place a measure on the ballot at the school election in June, proposing to furnish text books free in the graded public schools. It is thought that the books can be purchased by the district more cheaply than by the individuals, that there will be no discrimination in those furnished and that the district will always have an ample supply.

For Orchard Protection.

Hood River.—An insectary has been established in Hood River county by Professor V. I. Satro, of the Oregon agricultural college, for the purpose of studying the insects that infest Hood River valley orchards. Specimens of each breed of insects will be gathered and their entire life course will be studied under powerful microscopes. Hood River orchards are badly infested with insects this season.

Mines in River Removed.

Astoria.—Three of the four submarine mines that were planted along the channel edge of Peacock spit and have been a great menace to fishing operations have been removed.

Two of the mines, one the marker and the other floating near the surface, were picked up by the steamer Fornace.

Has His Ear Sewed On.

Marshfield.—Floyd Boyles, an employe on the logging train on the local railroad, caught between cars, had his ear pinched off between two logs. He was brought to this city, where the ear was sewed on. The surgeons say the operation will be successful.

La Grande to Stage Motorcycle Meet.

La Grande.—La Grande motorcycle men are to stage the second annual motorcycle race meet centering about a road event from La Grande to Baker and return. The date has been set for June 21, and is sanctioned by the national federation.

SMITH'S LEAD OVER \$1600

Official Count of Votes Cast for Governor Not Finished Yet.

Portland.—Although the official count of votes cast for governor at the recent primary election has not been compiled yet in all the counties of the state, approximately correct totals show the relative positions for the republican nomination with Dr. James Withycombe leading by over 4700 votes, Gus C. Moser second and Attorney General A. M. Crawford third.

With a complete vote from all but one of the 147 precincts of the state, the vote received by these three candidates was:

Withycombe 19,313
Moser 14,561
Crawford 13,665

Dr. Withycombe carried 29 of Oregon's 34 counties showing his greatest strength in the west coast counties.

Due to the fact that county officials have almost invariably canvassed the republican vote first, the democratic totals are not as complete as those of the rival party. With Lane and Clackamas counties incomplete, one precinct missing from Marion county and eight from Yamhill Dr. C. J. Smith leads the democratic field by over 1500 votes.

Dr. Smith carried 16 counties to Judge Bennett's 18, none of the other three candidates coming anywhere near carrying a county. Smith carried Benton, Coos, Crook, Curry, Douglas, Grant, Harney, Jackson, Josephine, Lane, Multnomah, Tillamook, Umatilla, Wallowa and Yamhill counties.

Judge McBride received the highest vote at the primaries for re-election to the supreme bench of Oregon.

Boy Kills His Brother.

Grants Pass.—Richard Sauer, 10 years old, son of George Sauer, was accidentally shot and killed by his brother, Cremon Sauer, 12 years old, while the latter was loading a revolver. The bullet struck Richard in the
