Land Is Best Old Age Insurance

You never heard of a property owner who had to be supported by his children. Go out and get a bit of land. The only thing it will keep you out of is the poor house. People who own property can't get in there. You never knew a man with a corner lot being supported by the state. A man with out any property, even has to obey the will of his own children. But when he owns property his children begin worrying about his will. So get a little while your own for you—a little will power—a little will power against coming oblige. Come and buy some property and let it work for you. Whether you have ten dollars or a hundred, you can be a property owner now, a man who will have a steady income of his own. A man with a life insurance that will beat all the endowment policies ever made. For here, with this office the safety of your present is of just as much importance to us as the certainty of your future is to us both. We always have in mind that when a man has had enough of us once he is going to be a customer for more the day his pocketbook will permit. Act now. Act here, where the safety of your present is made a twin to the certainty of your future.

PROGRAM FOR G. A. R. ENCAMPMENT AT TILLAMOOK

At a meeting of the committee on arrangements for the G. A. R. Encampment on Thursday evening, it was decided to give an excursion to Bar View on Thursday afternoon, June 18, after the business sessions are over. This was done to give the visitors as much enjoyment as possible, for it seems they are anxious to spend a little time together on the beach, which is only natural in coming to the coast. The committee has been debating this matter for several weeks, which was decided on Thursday evening, none of the committee voting against it. The Bar View people offered to give a clam bake free of charge and provide the camp fire, and besides this the committee have made arrangements for a light lunch for the visitors. From letters received from a large number of those who will attend the encampment they are

looking forward to a good time while in Tillamook, and the committee acted wisely, and was broad-minded, in making it possible that the visitors could have a little pleasant time on the beach, for we want the visitors to go away talking about our city, our beaches and other beautiful things they saw while they were at visitors.
