ORDER RESTORED IN ITALY BY SOLDIERS

Rome.—With the occupation of the defeated provinces by the military forces, order is rapidly being restored and it is expected that within a day or two the district of Romagna, comprising the provinces of Bologna, Ferrara, Ravenna and Forli will have resumed normal conditions.

An outstanding feature in the general strike situation was the proclamation of an Italian republic by the people of several towns bordering on the Adriatic, in northeastern Italy.

In some towns like Fabriano and Rimini scenes similar to those of the French revolution were enacted. The substitutes, misled by reports issued from the headquarters of the anarchistic committee at Ancona, an important seaport on the Adriatic, to the effect that a revolutionary movement had been successful in overthrowing the monarchy, proclaimed a republic and substituted for the national flag the black banner of the Peasant League.

Illinois Court Upholds Suffrage.
Springfield, Ill.—Illinois women suffrage act, which permitted women in this state to vote for officers created by statute and on propositions presented to the electorate, was declared valid in a decision by the state supreme court.

Idaho Bankers Not Convicted.
Nampa, Idaho.—After 35 hours of deliberation, the jury in the case of the state against J. A. O'Brien and C. E. Lees, ex-Nampa bankers, was unable to agree on a verdict and was discharged by the court.

Emil Seidel Nominated as Senator.
Milwaukee, Wis.—Emil Seidel, ex-mayor of Milwaukee, was nominated by the Social Democratic party of Wisconsin for United States senator.

Fatal Storm in Paris.
Paris.—Eleven persons are believed to have been killed, an unknown number injured and heavy damage to property resulted from a thunder and rain storm of phenomenal violence which raged over Paris for three hours. Several streets caved in, engulfing passers-by, and immense pits replace some of the finest boulevards in the city.

GEN. VILLA TENDERS HIS RESIGNATION

Supporters Held a Conference and Declare They Will Accept No Other Leader.

Mexico, Tex.—General Villa tendered his resignation to General Carranza within the fiscal week. It has become known here. Following this Villa's military chiefs held a conference and sent a "round robin" to Carranza, declaring they would accept no other than Villa as their leader.

Carranza's offices at Juarez were contacted by Villa supporters here. Similar confessions are automatically reported to have taken place at Chihuahua City and at Torreon.

The seizure of the offices in Juarez was taken here as conclusive evidence of the long-predicted split between Carranza, leader of the constitutionalist revolution, and Villa, his most successful chief.

In addition to the information by mail and telegram, it later was learned that the custom-house and the treasury department at Juarez had been confiscated by Villa's officers.

The report followed conflicting reports from the south regarding the failure or success of troops under General Natera, Carranza appointee, in attacking Zapotlan.

General Villa, in the meantime, has remained at Torreon, although ordered to proceed to the assistance of Natera by General Carranza.

All of the officials removed by Villa and appointed by Carranza, whose civil cabinet had taken over the management of the railroad and telegraph and incidentally the information bureau, in accordance with the prescribed custom in Mexico.

General Villa ordered all commanders of garrisons throughout the territory he controls to report at once at Torreon.

MEXICAN ARMISTICE ASKED

Notify Carranza Must Cease Warfare Before Can Participate.

Niagara Falls, Ont.—The three South American mediators formally advised General Carranza by telegram they would not admit his representatives to the conference here unless an armistice was declared and internal as well as international phases of the Mexican problem accepted as the scope of mediation.

This action followed the receipt of a note from Rafael Zubaran, special representative of Carranza in Washington, announcing the appointment of Fernando Iglesias Calderon, Luis Cabrera and Jose Vasconcelos as constitutionalist delegates to the mediation at which, according to the view of the constitutionalist chief, "it is sought to settle the international conflict which has arisen between the United States and the Mexican republic."

BUTTE RIOTERS FOR TIME CONTROL CITY

Butte, Mont.—An attempt to lynch two special deputy sheriffs, efforts to throttle the newspapers, intimidation of the fire department of the city and general rioting featured the Sunday disturbance brought about by the schism in the Miners' Union, which became wide Saturday during the celebration of the organization's 34th anniversary, and was capped by the dynamiting of the homes of two officials of the union.

Early in the afternoon a crowd took two prisoners from the jail, later took possession of an aerial fire truck.

A delegation visited the three newspaper offices and demanded that no further mention be made derogatory to the I. W. W. and that the words "mob" and "rioters" not appear in any newspaper story.

The riots were caused by long-standing ill-feeling between the regulars of the 3900 members of the Western Federation of Miners here and the insurgents, mostly members of the I. W. W.

MANY MEASURES FOR VOTERS OF OREGON

Taxation Proposals Are Held to Be of Far-Reaching Importance to the State.

Salem.—That the electorate of the state will have nearly the same number of proposed bills and constitutional amendments to wade with at the November election as it had at the last general election is indicated by the number referred by the last general assembly and those filed with the secretary of state for approval as to form. The general assembly referred eight amendments and three bills and 16 other amendments and 19 measures to be initiated have been filed with the secretary of state.

Nearly all measures suggested, discussed and "rumored" have been filed and, July 2 being the last day for filing completed petitions, it is not likely there will be many more.

The measures probably of the most far-reaching importance to be determined at the coming election relate to taxation. The \$1500 tax exemption constitutional amendment is certain to go on the ballot, for the petitions for it have been completed.

This measure provides that every person be exempt from tax on \$1500 of the total assessed value of his dwelling, household furniture, livestock, machinery, orchard, vines, bushes, shrubs, nursery stock, marauding, buildings and other improvements, in and under his lands made by clearing, ditching and draining.

A constitutional amendment creating the office of lieutenant-governor, or is referred to the legislative assembly.

Officers of the State Grange, State Federation of Labor, People's Power League, Farmers' Union, Farmers' Society of Equity and the Proportional Representation Bureau have filed a constitutional amendment to abolish the state senate. The amendment is in all respects self-executing and if approved shall be immediately operative.

With all the agitation for abolition of state boards and commissions, only three measures have been filed looking to this end.

Jonathan Bourne, Jr., ex-United States senator, offers a measure to "prohibit the giving or promising of any valuable consideration to induce another to circulate or secure signatures to any petition for the initiative, referendum or recall, or for placing any name on any official ballot, and to provide penalties for violation thereof."

The Socialist party of Oregon has a constitutional amendment which would establish a department of industry and public works to be under the control of the state labor commissioner. Its function would be to establish industries, systems of transportation, distributing stations and public works for the employment of unemployed persons and for the sale and distribution of their products.

The money for operating the department would be derived from a tax upon the estates of dead persons appraised at \$50,000 or more and from appropriations that may be made for the purpose. The tax on estates shall not be less than 10 per cent and may be graduated above that percentage by law.

Typhoid Germs For Militia.
Eugene.—Six tubes of typhoid germs, prepared for inoculation purposes, have been received by Colonel Creed Hammond of the Oregon Coast artillery corps for use among the members of the two militia companies in Eugene. The men will be treated in small groups after working hours.

Dry Flour Saves His Life.
Pendleton.—His life saved by the prompt application of dry flour to an ugly cut in his throat, William Frazier, a farmhand, is in a Heppner hospital recovering from the effects of an automobile accident which happened on the Sand Hollow road between this city and Heppner.

Peach Crop is Promising.
Cottage Grove.—The peach crop in this section promises to be unusually large this season. While this crop is usually the most susceptible to frosts, and there were several late frosts this year that caused some injury to cherries and berries, peaches seem to have escaped entirely.
