RAILROADS LOSE THE SPOKANE RATE CASE

Washington—The interstate commerce commission's so-called "intermountain or Spokane" rate orders were sustained as valid by the supreme court, which held, at the same time, that the long and short-haul clause of the interstate commerce law was constitutional. Both had been attacked by the transcontinental railroads.

As to the intermountain rate orders themselves, their effect is that such western cities west of the Rocky mountains as Reno, Spokane and Phoenix will not be forced to pay upon their freight from the east the regular rate through to the Pacific coast and then also another rate from the Pacific back to their stations, because the railroads are competing with water-borne traffic around Cape Horn or through the Panama canal.

"Health Sunday" in Philadelphia. Philadelphia.—"Health Sunday" was observed in more than 50 churches in this city when prominent medical men from all sections of the country addressed the congregations on the fundamental principles of public health.

Judge Benson is Tied With McNary. Salem, Or.—According to official returns received by Secretary of State Oleott Justice Charles L. McNary and Judge Henry L. Benson, of Klamath Falls, are now tied for the supreme court nomination on the republican ticket.

NEWS FROM OUR NATIONAL CAPITAL

River and Harbor Bill, Carrying Large Appropriations, Opposed in Senate.

Washington—The river and harbor bill, carrying one of the largest appropriations in recent years, will meet determined opposition in the senate this week.

The bill on the face of it, as introduced by the senate committee on commerce, carries about \$51,000,000. Actually, however, the sum authorized will be much greater.

Examination of the bill shows that the "pork barrel" has been generously distributed to nearly every section of the country.

While opposition forces are massing their strength in the senate for an attack on the rivers and harbors bill, as the chief "pork barrel" measure of the year, a bill introduced in the house by Representative Rucker, of Missouri, strikes at the use of a "barrel" in national elections.

Would Limit Campaign Expenditures.

The bill limiting the use of the "barrel" provides for the control of campaign contributions and expenditures.

It is a codification of the three existing federal laws with regards to campaign expenditures. It also contains several new sections.

The most significant of these is the one which provides that no "political committee" may use in any state a greater amount than the aggregate contributed by the citizens of that state. Representative Rucker's report expressly states that the bill provides that this is not to limit the use of money for publishing literature, for advertising, or for any other campaign method which appeals primarily to the judgment of voters, but it is designed to prevent the collecting of immense contributions from corporations and individuals in the financial centers of the country for use in various states. In a word, it is aimed at the national "barrel."

House Seamen's Bill is Reported.

A substitute for the La Follette seamen's bill passed by the senate was favorably reported to the house.

The bill substantially adopts the requirements agreed on by the convention on safety of life at sea at London, last January, as to lifeboats on ocean vessels, and applies these in modified form to United States vessels in ocean voyages on routes not more than 20 nautical miles off shore and on the great lakes. It would require an ocean passenger steamer, at every moment of its voyage, to have aboard no more persons than there are accommodations in lifeboats and life rafts, at least 75 per cent of this equipment to be lifeboats. Cargo steamers would carry enough lifeboats for all aboard under existing regulations.

House Agrees to Sell Battleships.

The bill embodying the administration proposal to sell the battleships Idaho and Mississippi to Greece, already approved by the senate, was passed by the house by a vote of 174 to 87. One dreadnought will be built with the proceeds.

The action of the house allows the house managers in conference to agree to the senate amendment, with alterations providing specific appropriations for the new dreadnought, which will cost \$7,800,000 exclusive of armament. The proposal provides immediate funds of \$2,635,000 to begin work on the vessel as soon as the sale is completed.

National Capital Brevities.

Co-operative dairies, mutual fire insurance companies and like concerns must pay the income tax according to a ruling of the United States supreme court.

Investigation will be made in the senate of the report that senate stationery and government officials figured in the promotion of gold mines in North Carolina.

Astrology is a superstition and the moon and planets have no influence on weather conditions, declares the bulletin of the agricultural department.

The Russian government has been asked, it is said, if George Myrny of San Francisco would be acceptable to the czar for the United States embassy in St. Petersburg.

9 KILLED, MANY HURT BY DAKOTA TORNADO

Watertown, S. D.—A tornado struck here Tuesday night and tore a path through the city two blocks wide and 20 blocks long.

Nine fatalities are reported, and scores of people are believed to be injured. The property damage is estimated at \$100,000 or more.

The storm approached from the southwest, striking the southern edge of the city and wrecking buildings in a strip about two blocks wide and 20 blocks long. Telephone service and the electric wires went out with the storm and great confusion reigned.

An incoming Rock Island passenger train was caught in the storm and all of the windows blown out of the coaches. Only one person, who left the train and took refuge in a ditch by the side of the track, was injured.

Watertown has a population estimated at close to 8000. It is the county seat of Codington county, in the north-eastern part of the state, and is the center of one of the most prosperous farming communities.

Baseball Star Arrested.

Detroit, Mich.—Tyrus Cobb, baseball hero and outfielder of the Tigers, was arrested for drawing a revolver on a butcher who, Cobb declares, had insulted his wife.

J. J. Hill is Doctor of Laws.

St. Paul, Minn.—James J. Hill was honored with the degree of doctor of laws by Macalester college at the commencement exercises of the college.

FRUITMEN FORM COMBINE

New Organization Will Sell Through Distributors.

Portland.—A combination of fruit growers in the Willamette, Rogue River and Columbia River valleys was effected at the commercial club to provide future co-operation in cultivating, harvesting, packing, shipping and marketing the orchard products of this territory.

The organization will be incorporated as the Western Oregon Fruit Distributors and will operate in co-operation with the North Pacific Fruit Distributors of Portland and Spokane, organized a year ago.

The western Oregon organization will confine its efforts only to the preparation of the fruit for market. The actual marketing will be done by the North Pacific Distributors.

The principal objects of the new organization, as outlined at the meeting, are:

To procure stability and uniformity of pack and grade.

To provide the ability to market in carload lots and to pool cars.

To eliminate the middleman.

As soon as the secretary of state grants a charter the new organization will be placed on a permanent basis.

Temporary officers elected are: President, Charles E. Brand, of Roseburg; secretary, J. J. Conger, of White Salmon, Wash.

Title of transcontinental railroads to some \$700,000,000 worth of petroleum land as against other private claimants was upheld by the supreme court in a test suit brought by Edmund Burke of California against the Southern Pacific Railroad company.

The interstate commerce commission has ordered reparation of the excess freight payments made on 450 shipments of wool from Oregon and other western states pending a hearing of the cases of the railroad commission of Oregon and National Wool-growers' association versus the Oregon Short Line and other railroads. The amounts of reparation to shippers range from \$5 to \$1100.

DYNAMITE WRECKS BUTTE MINERS' HALL

One Dead and Three Wounded by Fire of Deputy Sheriffs in Crowd.

Butte, Mont.—The front of the Western Federation of Miners' union hall here was blown out with dynamite by a mob of insurgent miners and their sympathizers in a pitched battle between 80 deputy sheriffs in the hall, armed with sawed-off shotguns, and insurgent miners stationed on the tops of adjoining buildings. More than a score of charges of dynamite were exploded.

One bystander was instantly killed and three were injured, one fatally, when the deputies began firing over the heads of the mob, fearing that the crowd that surged up to the hall would try to rush a meeting of the union miners, called by Charles H. Meyer, president of the Western Federation of Miners, who expected to announce his plan for settling the strife between the warring factions of miners.

President Meyer and Bert Riley, head of the federation local here, who were in the hall and who had asked Sheriff Driscoll for the presence of deputies in anticipation of possible trouble, eluded the mob when the firing began by leaving through a rear entrance, where an automobile was said to have been waiting.

The deputies continued to hold the hall until the miners succeeded in gaining the roofs of nearby buildings, when a hot fire was directed into the hall. With darkness falling the deputies withdrew from the building when it became apparent that the approaches no longer could be protected from attempts at dynamiting.

WAGE REDUCTION ADVISED

Shingle Manufacturers Plan to Meet Foreign Competition.

Seattle, Wash.—A meeting of shingle manufacturers of the state for the purpose of recommending ways and means to compete with British Columbia manufacturers, held here, resulted in the decision that the best way to meet the situation was to reduce the wage schedule. A report embodying this view was presented.

It is generally understood that a new schedule of wages among the shingle manufacturers of the state will be put into effect on July 1. The committee appointed at the meeting did not make such a recommendation, but put the question to the individual manufacturer to act as he thinks best.

Ex-Mayor of Copperfield Shot Down.

Copperfield, Or.—Believed to be the victim of men whose enmity he incurred while he was mayor of Copperfield in the "wide open" days before Governor West declared martial law and "closed" the town, Henry M. Stewart was shot by an unknown person or persons.

Mr. Stewart was working alone at the time repairing a fence on his farm and the first that was known of the shooting was when he staggered into his home bleeding profusely from two bullet wounds. The first shot penetrated his left hand and leg. The other shot struck him in the abdomen just below the ribs.

\$250,000 Option is Taken.

North Bend.—John R. Smith's black sand holdings on South Inlet, 12 miles from this city, have been optioned to a syndicate of local men and others for 20 days for a sum around \$250,000.

Demonstrations and showings have been made which indicate the deposits are rich in gold.

Medford Society Women Give Skin.

Medford.—Seven Medford society women, whose names are withheld, gave 150 square inches of skin from their bodies to save the life of little Sarah Green, aged three years, who was seriously burned while playing with matches at the 401 Ranch, three weeks ago.

Overturning Car Kills.

Myrtle Point.—When an automobile returning from Marshfield and driven by Joseph Schilling, Jr., overturned two miles this side of Coquille, Delos Davenport, aged 22, was instantly killed. The other occupants, Ivan Rose and Lloyd Jarvis, as well as Schilling, escaped injury.
