

rect within the city, the Common Council shall pass a resolution declaring its intention to make such change of grade and describing the same. Said resolution shall be kept of record in the office of the City Recorder, and shall be published for not less than two consecutive weekly publications in some newspaper published in Tillamook City, together with a notice to all persons concerned, giving the time and place, which shall be not less than 20 days after the date of the first publication of said notice and resolution, when and where the Common Council will have and determine all objections and remonstrances to said change of grade, and provide for the matter of benefits or damages on account of said change of grade. The City Engineer, within three days after the first publication of said notice and resolution, shall cause to be posted in at least two places on the street or streets at points affected by such change of grade, a notice headed "Notice of Change of Grade" not less than one inch in length and shall in legible characters state that such a resolution has been passed by the Common Council, the date thereof, approval of change of grade proposed, and the time within which written objections or remonstrances against the same may be made. An affidavit shall be filed with the City Recorder of the posting of said notice, stating therein the date when and the places where the same had been posted, and the publication of said notice shall be proved in the manner provided by law for the proof of publication of such matters.

Section 20: At any time within 20 days after the first publication of the resolution provided for in the preceding section, the owner of more than one-half of the property affected by such change of grade may make and file with the City Recorder a written objection or remonstrance against the same, and said objection or remonstrance shall be a bar to any further proceedings therefor for a period of six months, after which, if the Common Council proposes to change said grade the same proceedings shall be had as in the first instance.

Section 21: If no such written objection or remonstrance be filed within the time designated, or if the common council finds that such objection or remonstrance is not legally signed by the owners of more than one-half of the property affected by the proposed change of grade, the Common Council shall be deemed to have acquired jurisdiction to change by ordinance the grade as described in the resolution previously adopted.

Section 22: When the grade of any street has once been established, and any permanent building or improvement has been constructed on any lot abutting said street, or affected by such change of grade, the owner or owners of any such permanent buildings or improvements during the time designated for filing objections or remonstrances, may file with the City Recorder a claim of damages by reason of such proposed change of grade, and such claim shall describe the land upon which such buildings or improvements stand, and an estimate of the value of said buildings or improvements, and of the damages which said change of grade will cause thereon, and said claims, and all statements contained therein, shall be sworn to by the party or parties owning said buildings or improvements and the land, or by their agents or local representatives. Thereafter the Common Council shall appoint three disinterested freeholders of Tillamook City, Oregon, having the same qualifications as viewers for the opening, laying out and establishing of streets, to estimate and determine the damages that will be sustained by the owners of buildings or improvements affected by such change of grade, and to assess the benefits accruing to property benefited by such change of grade. The viewers shall be appointed, and they shall qualify, and notice of their meeting, and of the filing of their report, shall all be done in the same manner as similar acts and proceedings are done in the opening and laying out and establishing of streets. The said viewers shall include as a part of the benefits assessed, the amount of their compensations for services, which shall be the sum of \$200, such for each day actually engaged in said service, but in no case shall the amount of such assessment of benefits exceed the actual benefit to the lot or parcel of land, or other property so assessed, deducting therefrom any damages or injuries to the same which are less than said benefits. Nor shall any damages be awarded for any building erected prior to the establishment of the grade which is proposed to be changed, and no award of damages to any person shall be greater than the amount claimed and sworn to by said person as hereinbefore provided, and if in the judgment of said viewers the whole amount of said damages and compensation of viewers shall exceed the actual benefit of the specific property subject to assessment, they shall so indicate in their report. The said viewers shall make a report of their findings of benefits and damages to the Common Council, and the same shall be heard, considered and adopted, and the assessments of benefits shall be levied, docketed and collected, and kept in a separate fund. An appeal from said report may be taken and the findings of the jury in such cases shall be final and conclusive in the same manner, to the same extent, and with the same effect as provided in the opening, laying out, establishing and changing of streets. When such assessment is fully collected the Common Council may change the grade of said street, and warrants shall be drawn upon the special fund so provided in favor of the person entitled to damages. But if after the collection of any assessment as herein provided the Common Council shall not change the grade of any street, the amounts of any assessment so collected shall be refunded to the person or persons paying the same by and through their legal representatives or successors in interest as to said matter.

To Amend Article VIII of the Charter

OF TILLAMOOK CITY, OREGON. BE IT ENACTED BY THE PEOPLE OF TILLAMOOK CITY, OREGON, AS FOLLOWS:

Section 1: The Common Council of Tillamook City is authorized and empowered within the limits of Tillamook City, whenever it may deem it expedient, to open, lay out, establish, widen, alter, extend, vacate or close streets, and to appropriate and condemn private property therefor, and to assess any special benefit arising from any such matters, and to make the same a lien against property benefited.

Section 2: Whenever the Common Council shall deem it expedient to lay out, establish, or widen any street, it shall direct the City Surveyor to survey such street, or change therein as the case may be, and to make a report thereof containing a plat of the survey of such street or change, showing the boundaries thereof, and of that portion of each lot or tract of land to be appropriated for such street or change, which report shall be made to the Common Council within ten days from the time the same is ordered, unless the Council grant further time. Should the Council deem said survey, plat and report satisfactory, it shall adopt the same by ordinance embodying such report.

Section 3: Thereafter, and within 60 days from the adoption of such report, the Council shall appoint three disinterested freeholders of Tillamook City to view such proposed street or change, and to make an assessment of damages and benefits as provided in the next following section, and shall assign a day and place for them to meet, and shall cause a notice to be given by publication for at least four successive weeks in some newspaper published in Tillamook City of the appointment of such viewers, with their names and the time and place for them to meet, and specifying with convenient certainty the boundaries and termini of the proposed street or change, and the boundaries and description of the private property to be appropriated for such purpose and specially notifying all persons claiming damages by reason of the appropriation of such property to file their claim for such damages with the Recorder before the time so appointed for the meeting of the viewers, and the Recorder shall also send by mail, postpaid, a copy of such notice to each of the property owners whose property is proposed to be appropriated, or to the agent of such owner when the postoffice of such owner or agent is known to him, but if such postoffice address be unknown, then such notice shall be directed to such owner or agent at Tillamook, Oregon. The published notice herein provided for shall be deemed conclusive notice to all owners of property whose property shall be appropriated for such purpose.

Section 4: The Recorder shall, at least five days before the date set for such meeting, cause said viewers to be notified of their appointment, and of the time and place of such meeting, and said viewers shall meet at the time and place designated, and shall then be sworn to faithfully discharge the duties assigned them. They shall then, or on any subsequent day on which they may adjourn, which adjournment shall not exceed one week at a time, proceed to view the proposed street or change, and to determine and assess how much, if any, less valuable lands, or any part thereof through or over which the proposed street is to be opened, laid out, established, or changed, will be rendered thereby, and shall also ascertain the respective interest of all persons claiming to be the owners of the lands or other property affected, or of the improvements thereon, or to have any interest in such lands, or improvements, and the damage which each of said owners, respectively, will sustain, but the right and title of the owners of such improvements shall not be affected by such proceedings, and the appropriation of such lands, if such owner shall within 60 days after the appropriation of such lands shall be completed, or within such further time as the Council shall allow thereafter, remove such improvements from such lands. Other wise such improvements shall become and be the property of Tillamook City. Said viewers shall also make a just and equitable estimate and assessment of the value of the benefits and advantages of said proposed street or change to the respective owners and other persons interested in all lands or other property which said viewers shall deem specially benefited by such opening, laying out, establishing or change. Said viewers shall thereafter, at their earliest convenience, report the assessment for damages and benefits as in this Section required to the Common Council, but any failure to state the name of any owner, or a statement of a name other than that of the true owner, in such report, or in the ordinance adopting such report in the docket of city liens where the same is entered, or in any notice required by this Charter, shall not render void assessment upon the property assessed. The viewers shall receive as compensation for their services, the sum of \$200 for each day actually rendered in such service, to be paid by the city and charged as costs, and assessed as part of the benefits by said viewers, and shall prepare all reports for them.

Section 5: Upon the filing of said report of viewers with the Recorder, he shall immediately cause a notice to be published for a period of two weeks in a newspaper published in Tillamook City, Oregon, of the filing of said report, giving the date not less than 20 days from the date of the first publication of said notice, when the same will be considered by the Common Council, describing with convenient certainty the boundaries of the district assessed by the viewers in said report, and notifying all persons interested to present in writing their objections to said report, if any they have, and said objections, if any there be, together with said report shall be heard and determined by the Council at the time specified in the hearing thereof may be adjourned to. It shall also be the duty

of the City Recorder forthwith to send by mail, postpaid, a notice of each assessment, stating the date when the same will be considered by the Council, and directing all persons interested to present in writing their objections to said report, if any they have, to the owner (if known) of each lot, or part thereof, or tract of land assessed, any part of which is appropriated for the proposed street, or to the agent of such owner when the post office address of such owner or agent is known to him, and if such postoffice address be unknown to him, then such notice shall be directed to such owner or agent at Tillamook City, Oregon. If such report shall appear to the Council to be in all respects reasonable and just, it may be adopted by ordinance embodying such report. Or if it shall appear to the Council that the damages or benefits assessed be unreasonable, unjust or insufficient in any respect, the Council may send the same back to the viewers for further consideration, and the viewers may alter and revise the same as they shall deem just and again report the same to the Council who may thereupon adopt or reject the same, or the Council may appoint new viewers with like powers, duties and obligations as the first viewers to make such assessments and awards and to report the same to the Council, which shall have the same power over such report as over that of the original.

Section 6: The owner or owners of any lot, tract or part thereof, so to be appropriated as aforesaid, or of the improvements thereon, or any person having an interest therein, or any person against whom an assessment or benefits has been made, may appeal to the Circuit Court of the State of Oregon, for Tillamook County, from such report and assessment of damages and benefits. An appeal, and the only question to be determined by such appeal shall be the question of the excess of damages over benefits and the excess of benefits over damages suffered and received by each person joining in such appeal.

Section 7: An appeal shall be taken by serving a notice of appeal within 20 days from the adoption of the report of the viewers by the Council upon the Mayor, Recorder or Attorney of the City, and filing an undertaking with one or more sureties who shall possess the qualifications of bail upon arrest in a civil action, and shall justify in like manner, conditioned that the appellant will pay all costs and disbursements that may be awarded against him on appeal, not exceeding \$5000, together with proof of service of such notice in the office of the Clerk of the Circuit Court.

Section 8: The City shall be considered the plaintiff, and such appeal shall be conducted and be heard and determined, and the judgment thereon enforced, as far as practicable, in the same manner as an action at law. The jury shall view the proposed street, the property to be appropriated, and the property against which benefits are assessed, and the evidence of damages and benefits may be introduced by the city and the appellants, but the issues, testimony and verdict upon such appeal shall be confined to the parties appealing, and the jury shall not receive any damages or benefits not appealed from. The jury in making the reassessment of damages or benefits, shall, in its determination of the same, be governed by the same laws and in this Charter provided for the action of viewers. The verdict of the jury shall be a final and conclusive determination of such assessment, unless the judgment rendered in such case shall be reversed or modified on appeal. An appeal to the Supreme Court of the State may be taken from such judgment in the same manner as other judgments of such Circuit Court and with like effect.

Section 9: If any appellant fails to recover greater damages, or to secure a more favorable assessment of benefits, as the case may be, than were assessed by the viewers, judgment shall be rendered against him and his sureties on appeal for his proportion of the costs of such appeal to be paid pro rata according to the respective amount of damages and benefits assessed. The same fees and costs shall be taxed and paid upon such appeal as are allowed in other actions.

Section 10: In all actions, suits and proceedings concerning the opening, laying out, establishing or changing of any street under the provisions of this Charter, all proceedings had for that purpose shall be presumed to have been regularly and legally taken, unless the contrary is shown.

Section 11: The Council at the expiration of the time limited for appeal, if no appeal be taken, or immediately after judgment is rendered on appeal, if appeal is taken, if it shall deem it advisable to open, lay out, establish or change said street in pursuance of said judgment, shall by resolution direct the Recorder to enter in the docket of city liens the respective sums of benefits over damages so assessed, upon each particular lot or parcel of land, and the names of the owners or other parties in interest in the lands or other property benefited and assessed in like manner as assessments for street improvements are entered in said lien docket, and when so docketed said sums shall be a lien or charge upon the estate and interest of the respective owners and parties interest in such lands or other property and also the said owners and other persons interested, as aforesaid, shall be respectively and severally liable to pay said assessments, and in case no appeal or other proceedings in Court be taken as to any such assessment of benefit or damages, the said excess so assessed shall be paid to the Treasurer of the City of Tillamook within ten days from the time of entering the same on the docket of city liens, or the same shall be deemed delinquent; and thereupon shall be collected in like manner as provided for the collection of other delinquent assessments by this Charter, excepting that if all the property upon which assessments are due and delinquent is not sold at a sale, proceedings may be begun for a subsequent sale immediately after the returns of a sale are made. All

money arising from such assessment of benefits shall be kept in a separate fund and be applicable to the satisfaction of the excess of damages over benefits assessed to the owners and other persons interested in the property taken or damaged for the purpose of laying out, establishing or changing the street in the matter in which such benefits are assessed, and for the payment of the expenses incurred by the City for surveying, advertising and viewers in said proceedings.

Section 12: Whenever the full amount of the assessment of benefits as entered in the docket of City Liens is paid into the City Treasury, warrants shall be drawn on the Treasurer, payable out of the fund to be provided for that purpose, for the amount of excess of damages, or excess of damages and costs, assessed, and in favor of the owner or owners, or other persons interested, and when said warrants therefor are drawn and ready for delivery to the parties entitled to the same, such property shall be appropriated for the purpose of such street and out otherwise, provided, that no process of any court shall issue to compel any appropriation for damages or the issuing of warrants for the same. And unless such assessments are collected, and said warrants are so drawn and ready for delivery within nine months after the termination of the time limited for appeal, if no appeal be taken, or within nine months from the rendition of final judgment on appeal, if an appeal be taken, all acts and proceedings under such survey and view shall be null and void, provided that the Common Council may order the whole amount of damages allowed, or such part thereof as it may deem proper, to be paid out of the general funds of the City, or may order the same to be so paid temporarily, and that the general fund be reimbursed for said payments from the special fund provided for that purpose when the same shall be collected.

The Recorder shall not deliver any warrant for damages on account of the opening or widening of a street until the person in whose favor such warrant is drawn shall have exhibited to him satisfactory proof that there are no prior liens on the land appropriated which may be affected by such appropriation.

Section 13: And when said warrants are drawn and ready for delivery to the parties entitled to the same, the property required for public use as shown in the report of the City Surveyor shall be deemed appropriated for the purpose of the street, and the Council shall be deemed appropriated for the purpose of the street, and the Council shall by resolution declare such street to be opened, laid out, established or changed, and within thirty days after the adoption of said resolution the City Surveyor shall file for record with the County Clerk of Tillamook County, a copy of said resolution, and an accurate plat of said street, and if it is a street so appropriated for public use.

Section 14: The Council may provide by ordinance any regulations as to the manner of opening, laying out, establishing or changing streets not in conflict with this Charter, and may provide by ordinance anything convenient and necessary for the efficient carrying out of the spirit and intention of this Charter.

Booster Band Notes

The Tillamook County Booster Band, will entertain and be entertained at Wheeler, Oregon, for the 1st of July.

There is some talk now in regard to the band playing on engines for the Oregon State Fair in September with a 50 piece organization.

The Tillamook County Booster Band will be engaged to play at A. R. Encampment at Mcville next year with their own organization.

The Band is making all its preparations for their trip to Fraconia, next year. The music is bound to be the biggest item Northwest to the Fair.

The band boys deserve the support of everybody in Tillamook County, as Mr. Kramer of Coos says: "If the band does nothing than bring the people together in awhile in social intercourse, efforts would not be in vain and would accomplish a great deal."
