HAVE YOU TO OFFER FOR THIS?

Miss W. Watson, Tillamook City, Oregon. Your name has been recommended as a good realty man to deal with. I have 220 acres of slightly rolling land, no rock or gravel, all rich soil, grass grows abundant year round, running water and well on the place, 90 per cent of

this land can be tilled, 25 acres now improved, some in oats, vetch, spuds, garden, an acre family orchard—all crops go with the place. A good house and some out-buildings. Located 35 miles from Portland, Oregon, three-quarters of a mile from a railroad station and the Columbia River Highway now building. Would like to trade for a small acreage tract near coast to the value of \$4000.
Will trade our 220 acres at \$65 per acre. \$300 in cash or more down, long

terms on the balance.
Could you not interest some of your Tillamook dairymen of the Swiss nationality? This would make anyone a fine dairy farm. Please let me hear from you at your earliest convenience.
Yours very truly,
B. B.

Note—If you have anything to offer for the above, please submit the same in writing to Miss W. Watson, at Todd Hotel before the 15th, of July.

OREGON ROBBERS MAKE CONFESSION

Two of Three Men Who Held Up O.-W. R. & N. Train Captured Near La Grande.

Pendleton, Or.—Albert Meadors and Clarence Stoner, two of the three train robbers who held up O.-W. R. & N. train No. 5 near Meacham the morning of July 2, were arrested Saturday night about 9 o'clock by Deputy Sheriff Hatchelor, of La Grande.

The leader of the gang, who was shot and killed by Deputy Sheriff George McEluffly at the time of the holdup is Charles Manning, a professional gambler and not Hugh Whitney, the notorious outlaw. All three of the robbers were from Coquille, Wyo. Manning has a wife and four children in Coquille. He was a close personal friend of both Hugh and Charles Whitney, while Stoner is a cousin of the Whitney boys.

When arrested the two train robbers were walking along the railroad track in the direction of La Grande and less than 20 miles from the scene of the holdup. Neither man was armed and they offered no resistance when placed under arrest. They had \$385 in cash and the \$700 diamond ring taken from H. B. Royce, the Walla Walla brewer, who was a passenger on the train, and a smaller diamond, but the diamonds were thrown away when they were arrested to prevent their being used to connect them with the holdup.

GRAIN YIELD WILL BE LARGE

Wheat Crop of Pacific Northwest Estimated at 65,000,000 Bushels.

Portland, Or.—The season is so far enough advanced to make it almost certain that the cereal crops of the Pacific northwest will be safely gathered. The progress also is sufficient to enable grain men to estimate with a degree of closeness the yields of the leading grains.

That the wheat crop of the three states will break all previous records is conceded by nearly every grain authority in the northwest. The general estimate now is 65,000,000 bushels for Oregon, Washington and Idaho.

GARRANZA IS FIRST; VILLA SUBORDINATE

Torreon, Coahuila.—General Carranza has been recognized as first chief of the rebels and General Francisco Villa is subordinate to him. This confirmation of the relative positions of Carranza and Villa was regarded as the most important step taken at the internal peace parley here intended to reunite the Villa and Carranza factions.

While General Villa owes Carranza absolute subordination, Carranza, on the other hand, is obliged to meet the wants of the Villa troops.

The conference is ended so far as vital points are concerned. The statement was made that the result of the meetings was satisfactory. General Villa said: "I hope that the outcome of the conference will be beneficial to Mexico and that patriotic motives will cause the compact to be kept."

Mexico City.—Elections for president, vice-president, deputies and senators were held Sunday in that portion of the republic controlled by the Huerta government. Indifference was manifested everywhere.

President Huerta, it is reported, received a virtually unanimous vote of confidence. The returns indicate the reelection of all present members of the chamber and senate. The lightest vote in many years was cast, both in the capital and nearby towns.

Blue Sky Law Void.

Des Moines.—Iowa's so-called blue sky law, providing for the regulation and supervision of investment companies, was held unconstitutional in a per curiam opinion handed down by Walter L. Smith, United States circuit judge, and Smith, McPherson and John C. Linn, United States district judges.

OREGON NEWS NOTES OF GENERAL INTEREST

Events Occurring Throughout the State During the Past Week.

Express Company is Indicted.

Salem.—An indictment was returned by the Marion county grand jury against the Great Northern Express company on the charge of violating the law regulating the shipment of liquor properly labeled into dry territory.

This indictment is probably the first one returned in the state for violation of the law. It resulted from the shipment of a gallon of wine by the Rose City Importing company to J. A. Benjamin, assistant attorney general. Because the package was not properly labeled Salem police officers seized it. It is alleged that investigation showed that the importing company had properly labeled the package, showing its true contents, but that the express company had covered the importing company's label with its shipping label, thus causing the package to be shipped in violation of the label requirements of the law.

Medford Guardsmen Plan Club.

Medford.—Because there is no Y. M. C. A. at Medford members of the Seventh company, Oregon national guard, have decided to incorporate club features in their organization, establishing bowling alleys, a library and reading room for the young men of the city who are members. Later a swimming pool in the natatorium where the company rooms are located will be rented by the company on certain days in the week and a small gymnasium installed.

Polk Display Planned.

Rickreall.—Preparations are under way in various sections of Polk county for exhibits at the Panama-Pacific exposition at San Francisco in 1915. Prune and hog scraples, grains, sheep, goats, hogs, cows and poultry will be exhibited. The fine flocks of sheep and goats of William Hiddell & Sons, of Mouthout, and F. A. Koser, of Rickreall, are to be represented.

Lady Woman "Freighter"

Eugene.—Mrs. Charles Croser has the distinction of being the only woman "freighter" on the McKenzie river. She makes regular weekly trips over the 60 miles between Eugene and Kenzie bridge, hauling supplies for the summer resort, her load averaging 1200 pounds.

BILL WILL PROFIT O. A. C.

Oregon Will Receive \$10,000 For Educational Extension Work.
Corvallis.—Under the provisions of the Smith-Lever bill recently passed by congress, Oregon will receive \$10,000 for educational extension work in agricultural and domestic economy to be carried on during the next year. The money is appropriated for use through the land grant college in each state, and therefore will be administered in this state by the Oregon agricultural college. The money became available July 1, or as soon thereafter as the work has been outlined and approved by the United States department of agriculture. The plan of operation has already been prepared by the college officials and forwarded to Washington for approval.

If the plans outlined by the college are finally approved \$5500 of the fund will be used to carry instruction by means of field demonstrations and advice and assistance to individual farmers. The college experts will be sent into certain communities where they will make a survey, call on the farmers, help them to solve their problems as they meet them on the various farms; carry on demonstrations in orchards and fields and hold frequent meetings for the more extensive discussion of the common community problems with the people of the respective districts.

Siuslaw Bar Being Surveyed.

Florence.—Five men are here to make a new survey of the Siuslaw bar to ascertain the effect of work which has been done on the jetties here. Soundings of the bar taken by boats passing over it show an increase in the depth of the channel of from four to six feet.

DEATH DEALING BOMB WRECKS TENEMENT

New York.—In the ruins of the tenement wrecked by the explosion of a bomb, which it is believed was intended for use against John D. Rockefeller or his son, the authorities found evidence that Arthur Charon, who was killed with three others, had used his apartment as a center for the distribution of inflammatory literature, and that it was filled with death-dealing explosives.

A small printing press, revolutionary pamphlets and circulars, an electric dynamo, two electric batteries, cartridges and bits of steel were among the articles uncovered, which tend, in the opinion of the police, to show an anarchist plot. That the demonstration, halted by the bungling of some one who was preparing an infernal machine for its mission, was planned against the Rockefeller family in Terrytown, is the theory on which the authorities are working.

Two of those killed in the wrecked apartment were prominent agitators who were to be placed on trial at Terrytown on the charges of disorderly conduct in connection with the mourning inaugurated against John D. Rockefeller, Jr., as a protest against his attitude in the Colorado mine strike.

Young Idaho Girl Murdered.

Pocatello, Idaho.—Finding their 8-year-old daughter missing from her bed on their return from a dance after midnight Sunday, James T. Henderson and his wife, ranchers at Robin, an isolated hamlet 30 miles south of here, discovered the child's badly mutilated body in a spring 300 yards from her home.

Alfred Henderson, who is not a relative, was arrested, charged with murder and was brought here for safe-keeping because of the high feeling against him at Robin.

\$15,000 is Loss in Fire at Stevenson.

Stevenson, Wash.—The biggest fire in the history of Stevenson occurred at 3 o'clock Sunday morning, when a block of buildings on Cascades avenue was burned to the ground. The buildings were occupied by a hotel, barber shop, two pool rooms, two saloons and one restaurant. The losses aggregate \$15,000.

Mayor's Assailant Dies.

Butte, Mont.—Eric Lantala, the Finnish miner who attacked Mayor Duncan with a dirk in the latter's office and was shot by the mayor, died of the wound. Lantala refused to make any statement to the county attorney.

Land Grant Case Goes Up.

San Francisco.—The appeal in the case involving 2,300,000 acres of land, part of which is in Oregon, was passed up by the United States Circuit Court of Appeals to the United States Supreme Court.

Whitman Enters Race.

New York.—District Attorney Chas. S. Whitman, of New York, announced his candidacy for the republican nomination for governor.

Jordan to Head Educators.

St. Paul.—The unanimous election of Dr. David Starr Jordan, chancellor of Leland Stanford university, to the presidency of the National Education association, one of the most coveted positions in the educational world, was assured when Dr. David B. Johnson, of Rockhill, E. C., suddenly withdrew from the contest, thereby terminating one of the most active political campaigns in the history of the association.

Ritchie Loses Championship.

London.—Fred Welsh, lightweight champion of England, outboxed Willie Ritchie, the American champion, and on the referee's decision won the lightweight championship of the world.

The fight took place at Olympia and the 8000 spectators witnessed a fast and clever bout.

Rocks Are Sold As Lava.

Red Bluff, Cal.—Young boys of Red Bluff have commercialized the keen interest in the volcanic disturbance at Mount Lassen on the part of travelers passing through here by train. They are reported to have sold small rocks from the Southern Pacific roadbed marked "lava" as specimens from the crater for 10 cents each.
