OREGON NEWS NOTES OF GENERAL INTEREST

Events Occurring Throughout the State During the Past Week.

Broken Bone Is Nailed Together.

Albany—Two 16-penny wire nails were used by Dr. R. B. Wallace in setting the fractured neck of the thigh bone of A. Baughman, age 45, the shoemaker who fell from a tricycle Wednesday night. Because the location of the break made it inconvenient to successfully bind, the nails had to be driven through the severed ends of the bone and into the femur. Half of the nails are imbedded in this, and the other half in the other bone, where they will remain. The injured hip has also been placed in plaster of Paris and will be kept so for about two months. Baughman wears a cork leg on his right limb from the knee.

Bandits' Dynamite Is Found.

Pendleton.—Dynamite cached by Charles Manning, leader of the trio of robbers who held up the O.W. R. & N. train near Meacham July 2, was discovered by small boys in the outskirts of this city. Clarence Stoner, the youngest of the trio, said Manning had brought a 10-pound box of dynamite from Coveville to Pendleton. Arriving here he took out 12 sticks he thought they would need for the Meacham job and then cached the remainder where it was found.

Fishing Law Faces Test.

Astoria.—A case that will test the constitutionality of one section of the state fishing laws of the state was argued in justice court here. Oraz Catholic, a fisherman, who recently arrived from the Sacramento River and is said to be a resident of California, was arrested on a charge of fishing without a license. He was found guilty and fined \$50 and \$5 costs. His attorney gave notice of appeal to the circuit court.

Roseburg Sets Bond Election Date.

Roseburg.—At a meeting of citizens it was decided to hold the election, to authorize the issuance of bonds in the sum of \$300,000 with which to help construction of a railroad from Roseburg to Marshfield, on October 5. The voters also will be asked to amend the present city charter so as to allow the creation of an indebtedness in excess of \$5000, as well as select a so-called railroad commission.

PACIFIC HIGHWAY JOB LET

Contract for Five Miles at Cost of \$50,000 Is Awarded.

Medford.—The Clark Henry Construction company, which has paved 20 miles in the city of Medford was awarded the contract to construct five miles of the Pacific Highway from Ashland north to Talent at a cost of approximately \$50,000.

The road will be 16 feet wide with macadam shoulders of four feet on each side and will vary from mere resurfacing, where the old macadam road furnishes sufficient foundation, to a 2 1/2-inch base of concrete and 1 1/2 wearing surface of asphaltic macadam.

Work on the road will start at once and is expected to be completed early in the fall. The one built by the county from Central Point to Medford has been completed and will be opened to traffic August 9, allowing 30 days in which to set. When present plans are carried out, Jackson county will have, by November 1, a hard-surfaced pavement extending from Ashland to Central Point, a distance of 20 miles, and an excavation of a 5 per cent gravel highway over the Siskiyou to the California line ready for hard surfacing in the spring of 1915.

Seaside Ready for Troops.

Seaside.—Twenty-five hundred National Guardsmen of Oregon and Idaho arrived Monday for encampment with the Twenty-first regiment of regulars, from Vancouver barracks, which has been located on the plains a few miles north of this city. The regulars marched from Vancouver by way of the Nehalem valley, averaging over 16 miles a day on the trip.

France's loan of \$161,000,000 a three and a half per cent was subscribed by people of France 40 times over.

The four new dreadnaughts ordered but yet not named will be known as Arizona, California, Idaho and Mississippi.

Georgia and South Carolina were once in a tropical climate according to the statement of the geological survey department of the government.

The First National Bank of Uniontown, Pa., is said to have declared a dividend of 700 per cent to its stockholders in order to dodge the new currency law.

Estimates that the total wheat crop would approach the billion-bushel mark—\$20,000,000 bushels, to be more nearly exact—and be the greatest wheat crop ever grown were given out by the department of agriculture. The estimate for corn was 2,868,000,000 bushels.

Women's rights were recognized to the fullest extent by the National Educational Association, which passed resolutions endorsing woman suffrage and equal pay for teachers, regardless of sex, and allotted five of the ten vice presidencies to women. Without a dissenting vote, Dr. David Starr Jordan was elected president of the association for the ensuing year. Oakland, Cal., was chosen as the meeting place next year.

National Capital Brevities.

A delegation of Chicago business men called on the president to protest against certain anti-trust legislation which has been proposed.

The house passed the bill which the senate had approved providing that homesteaders might dispose of the surface rights to lands which contained minerals.

Secretary Wilson, of the department of labor, is pleased at reports he is receiving which indicate that the number of American citizens emigrating to Canada is decreasing.

President Wilson believes that business men are coming around to the administration's view of anti-trust legislation and are willing and ready that the program laid out be put through at the present session of congress. He made this plain to callers, following a talk with Henry Ford, the millionaire auto manufacturer, and other representatives of business.

Ducks' Craws Yield Gold.

St. Helens.—S. Saulser, a farmer living near Yankton, came into town with several pieces of natural gold.

Mr. Saulser killed eight ducks last week and each time found little nuggets of solid gold in the ducks' craws. His duckpen is on a side hill of rock. Experts tell him there is probably a pocket of placer gold on his place.

Train Falls Through Bridge.

Dallas.—Freight train No. 239 on the Salem, Falls City & Western railway dropped through the bridge over the Luckiamute river near Black Rock and Fireman Joe Fritz was badly scalded and may die, but Engineer George Falkner escaped serious burns by keeping under water.

Elks' Convention Goes to Los Angeles.

Denver.—Substituting their city for Seattle with quick precision, Los Angeles and Southern California delegations swung the annual National reunion of Elks for 1915 back to the Pacific coast when at the first session of the grand lodge it seemed bound eastward to Chattanooga, Tenn.

NEWS FROM OUR NATIONAL CAPITAL

Plan for More Autonomous Government in Philippines Is Laid Before Congress.

Washington.—An administration-approved plan for a more autonomous government in the Philippines as another step toward independence was laid before congress, in a bill introduced by Congressman Jones of Virginia.

Mr. Jones is chairman of the house insular committee, and his measure declaring the purpose of the people of the country as to the future political status of the Philippines, follows a long series of conferences with the president, Secretary Garrison, Manuel Quezon, the Philippine resident commissioner to the United States, and democratic members of the insular committee, all of whom have approved it informally.

The bill makes no attempt to fix a date for Philippine independence. Its preamble recites that it was never the intention of the people in the incipency of war with Spain to make it a war of conquest or territorial aggrandizement. It asserts that it always has been their purpose to recognize the independence of the islands "as soon as a stable government could be established therein." It declares it to be desirable to place in the hands of the Filipinos as large control of their domestic affairs as may be consistent with the exercise in the meantime of the right of sovereignty of the United States.

Wilson Will Stand by Warburg.

The administration met defeat in the first stage of its fight to have the senate confirm the nomination of Thomas D. Jones, of Chicago, and Paul M. Warburg, of New York, as members of the Federal reserve board.

The banking and currency committee voted 7 to 4 to report the nomination of Mr. Jones to the senate with an unfavorable recommendation, and agreed to postpone indefinitely further consideration of the nomination of Mr. Warburg.

"The senate must take the responsibility for an incomplete federal reserve board. The president is determined to stand or fall by Warburg. He will not nominate a substitute for him."

This was the declaration given out unofficially as the White House's last word on the controversy between President Wilson and the senate committee on banking and currency over the confirmation of Paul Warburg and Thomas Jones as reserve board members.

No attempt was made in administration circles to conceal the fact that the issue had caused an almost complete split between the president and some of the leading democratic members of the upper house.

Bryan Defends Columbian Treaty.

Secretary Bryan issued a statement vigorously defending the proposed treaty to settle differences between the United States and Colombia over the separation of Panama. The treaty has met vigorous opposition in the senate, and ex-President Roosevelt has attacked it as a vehicle for the payment of "blackmail."

Mr. Bryan declared it was necessary to discuss only the fact that an estrangement existed and not the events which gave rise to the differences; and that, regardless of whether Colombia has a just grievance against her more powerful neighbor, no one would deny that the former country sustained great financial loss, considerably more than the \$25,000,000 which the United States would pay under the treaty, through the separation of Panama.

As to the expression of regret on the part of the American government, to which opponents of the pending convention offer their bitterest objection, the secretary said this was almost identical with a similar expression in the Dubois memorandum on the basis of which the Taft administration unsuccessfully sought to placate Colombia.

OTHER CONCRETE BRIDGE.

County Court met on Friday and decided to some few matters as follows: Bay Construction Co., payment section "A" Garibaldi road, \$994.45 allowed. E. B. Barthrop, for \$27.75. Beaver Lumber Co., for matter of bids for the construction of a concrete bridge over creek near Beaver the bidders

were Delsman & Dolan for \$1,648.00 and F. C. Feldschau for \$1,336.06. The latter was awarded the contract.

In the matter of a public crossing at Idaville, it appears that the crossing over the P. R. & N. Co. track now in use, is located on private property, and not in the proper location to benefit the public, it was recommended that the Railroad Commission be requested to have said crossing moved to a point where it will connect with the established county road.
