LARGEST CIRCULATION OF ANY PAPER IN TILLAMOOK COUNTY

XXI. TILLAMOOK, OREGON, JULY 21, 1914. NO. 52

The Annual Harvest Sale Continues And Improves as It Progresses

You never saw such real genuine bargains as we are showing in this Annual Harvest Sale. A value giving opportunity you certainly should not let slip by. Every article in the store radically reduced—a few contract goods excepted. See poster sent out last week for the hundreds of bargains in this great sale.

Here Are a Few of the Many Bargains We are Showing

Men's suits \$30.00 to \$30.00 Hart Schaffner & Marx Suits	\$19.85	Wash goods values to 50c	17c yd
Men and young mens \$15.00 suits now going at	\$9.85	Wash goods values to 25c	14 1-2c yd
Men's hats values to \$3.00	\$1.95	New wash silks	49c yd
Men's cotton ribbed underwear	29c	\$3.50 Nemo corsets	\$1.79
Men's \$5.00 Panamas	\$3.65	American Lady corsets values to	\$2.00
Men's Florsheim \$5.00 Oxfords	\$1.50	now going at	98c
Ladies tailored suits values to \$22.50	now going at	\$2.50 Kayser silk gloves	\$1.48
now going at	7.98	House dresses values to \$1.50	89c
Ladies tailored suits values to \$30.00	now going at	Undermuslins, values to \$1.75	83c
	\$14.85		

HALTOM'S

Complete Outfits for the fisherman: Boots, Hats, Aprons, Flannel Shirts, Arctic Sox, Etc., Ladies and Mens Bathing Suits, Caps and Shoes.

Booster Band at Bayocean Sunday

Famous Resort Entertains Royally. Large Crowd Hears Band; New Natatorium Enjoyed.

On Sunday last the Tillamook County Boosters Band under the leadership of W. C. Trumbley met at Bayocean and gave one of its popular concerts. A very large crowd was in attendance and every one seemed to enjoy the day.

What a transformation the Potter-Chapin Co. made of a "Sand spit" with brains energy and money. What a few years ago was a barren waste assessed at \$100 in value, is today the grandest and most commodious play ground of the great North West. A half million dollars has been spent, and like magic has risen elegant summer homes, furnished in luxurious magnificence, many cozy bungalows, eight miles of paved streets, a fine hotel, overlooking majestic Pacific Ocean for one hundred leagues, and from its sun parlors, one views as grand a view as earth presents to mortals, you see the sun glistening on its broad bosom of water like a burnished mirror, miles of silvery surf in view, caressing the white sands on its beach, sitting close by its strand, in its crowning glory, the large Natatorium just completed at a cost of \$7,000, with its concrete bathing pool 50x175 feet, warmed to 76 degrees, of constantly circulating ocean water, polite life guards always there to assist, a motor ready in case of drowning accidents to restore life, an athletic and swimming instructor at your command, seats for 600 guests, private dressing rooms and sterilized bathing suits for ladies and gents, old and young, a free moving picture show there every night and all for 25 cents admission, if one tires of the warm pool but a few steps and you are in the safest beach of the ocean, with its invigorating surf, then a few steps and one can dance or tan in the dancing pavilion or bowl ten pin bowling, or gather about beautiful agates or shells in the sand; then up the hill to the hotel, where a smiling welcome awaits you from the gracious landlady Mrs. Hutchinson as she ushers you into the spacious dining room with old ocean always in view, where neat beautiful young ladies glide like fairies as they serve you with all the luxuries of the table, unequalled in Oregon.

While dining, music, sweet, enticing soothing, comes stealing over you from the orchestra in charge of Mrs. Cornelia Barker Carr, one of Oregon's most gifted violinists, after dinner you find the glad hand of Mgr. J. J. Read extended to welcome, and the smile of business to greet you from Mr. T. B. Potter or H. L. Chapin, who with their magic wand have built what you have seen.

But go over and see for yourself what pleasures await you just across the bay, and will see as much as on a trip through all California.

MRS. LINEBACK INJURED

Mrs. A. Lineback broke her left leg just above the ankle on Sunday while autoing with Mr. Lineback and others from Tillamook to Saltair where they were going to visit their daughter and her husband Mr. and Mrs. A. W. Biester. The auto had started down a hill just the other side of Bay City when it was discovered the brake would not hold, and the ladies became frightened and jumped out with children, Mrs. Lineback breaking her leg. She was brought to town and Dr. Boals set the fractured member and the patient is now doing very nicely with prospects for a speedy recovery.

UNION MEETINGS AT RINK.

Dr. Bulgin, the noted evangelist, assisted by Prof. Geo. L. Ross, singer and choir master, will be at the rink every night. Services begin at 8 o'clock.

Dr. Bulgin is a power in the pulpit. You should hear him, he will give you something to think about.

He arrived here last Saturday and has preached three fine sermons in the Christian church that were listened to by large audiences.

Arrangements are being made for a large chorus choir.

LARGE SHIPMENT OF MELONS

J. L. Lawson of the Fruit Palace will receive today a car load of melons which he will distribute to other merchants here and place on sale at his own store. By shipping by the carload Mr. Lawson is able to buy fruit down at this point at greatly reduced prices and in consequence we may look for some reduced prices in the melon market. There will be a melon for everyone and they can be secured at any store. Mr. Lawson is a hustler and understands the fruit business and is endeavoring to secure the cooperation of all the merchants in the handling of fruit, so that fruit can be laid down here at much cheaper rates than heretofore, which will mean a great saving to the people.

NEW CANNERY FOR BAY CITY

There is now under construction a new fish cannery and cold storage plant at Bay City. The building will be 64x28 feet and among other up-to-date facilities will include an ice-making plant with a capacity of ten tons per day. The building will be used for handling Tillamook Bay salmon, both fresh and canned, and its estimated cost will be between \$25,000 and \$30,000. In addition to the main building, the company will erect a dock 32x80 feet for the accommodation of the fishermen, and will also build drying racks for nets.

Clatsop county has 700 men employed on the Columbia Highway.

Limestone Deposit To Be Developed

Krebs Bros. Make Find of Considerable Importance to Tillamook County Farmers.

Lime, thousands of tons of it, which will mean increased crops and increased profits for the farmers of Tillamook County will soon be available for fertilizing purposes.

The Krebs Bros., owners of the Tillamook Clay works, have discovered a lime deposit at South Prairie, near their brick and tile factory that means much to our farmers. For several months these men have been investigating and analyzing to be sure it was of sufficient quality and quantity for agricultural purposes. It has been investigated by the Agricultural College and pronounced a high grade of lime. Prof. Collier of the Oregon Geological Survey spent several days here this week looking over the deposit and reports it a high grade of lime.

The price has not yet been fixed, but it will be by far the cheapest ever sold to the farmer of this county and such as will put the mineral within the reach of every farmer for the sweetening of his land.

Analysis of the lime shows that it tests better than 85 per cent of calcium carbonate, making of it an ideal lime. Following is the analysis of the O. A. C.:

I have analyzed three samples of the limestone we obtained Thursday calling the samples Nos. 1, 2, and 3. Sample No. 1 is a fragment broken from a boulder of the dense gray limestone which we thought looked pretty good which we found up the creek near Owens' property. No. 2 is a lump of the limestone taken from the hole we dug at the greatest depth, obtained just before we went home. No. 3 is a piece from this same place just after we put off the first shot of powder.

These analysis indicate as you will see, that the material where we dug the hole is really a better grade of limestone than the gray uniform textured material which we found in the creek farther up. All of these are sufficiently high in lime to make them of value for your purposes. The analyses are as follows:

	No. 1	No. 2	No. 3
Silica (SiO2)	12.8	9.9	9.3
Iron Oxide (Fe2O3)	2.7	1.8	1.8
Alumina (Al2O3)	5.4	3.9	4.7
Calcium oxide (CaO)	40.8	46.2	46.1
Magnesium oxide (MgO)	3.1	1.0	1.3
Calculated carbonate from CaO (CaCO3)	72.8	82.5	82.4
Calculated carbonate from MgO (MgCO3)	6.4	2.1	2.8

In other words the limestone at the point where we dug the hole would probably have a value as soil fertilizer equivalent to about eightyfive per cent of that of a pure limestone.

Signed S. W. French, Metallurgist.
O. A. C. Corvallis, Ore.

According to present arrangements the Krebs Bros. will sell direct to the farmer and not through middle men. Under date of July 10, 1914, The Morning Register of Eugene, Oregon, speaking of the arrangements to supply limestone to the farmers of Lane County direct from the quarries of Southern Oregon, speaks as follows:

For months these two agriculturists have worked on the proposition of opening to the farmers of the state the lime deposits of the south, and their

SWASTICA CLUB MEETINGS

Two special meetings of the Swastika Club have been held this month. Friday, the 10th, was the date of the annual picnic supper given to the husbands and families by the club members. Harrison's grove was chosen as the picnic grounds and a most delightful time was had by those present.

The members and guests present were Mr. and Mrs. E. T. Haltom, Mr. and Mrs. Koch, Mr. and Mrs. Crenshaw, Mr. and Mrs. Harrison, Mr. and Mrs. Bryan, Maud Overfelt, Mr. and Mrs. Miller, Mr. and Mrs. Hunt, Mrs. Botts and Mrs. Hays. Ten children present were Ervo, Wanda, Romens, Camelo Haltom, Gerald and Donald Crenshaw, Robert Hayes, Forest Harvey, Jimmie and Mabel Harrison, Elvin Smith and Richard Bryan.

Mrs. Haltom held an informal meeting of the club at her home, Wednesday, the 15th. The afternoon will be remembered as one of the most delightful and unique that the club has ever held.

WEEKLY INDUSTRIAL REVIEW.

W. R. Scott, general manager of 6000 miles of the S. P. system on the Pacific Coast, says railroad earnings will soon be on the upgrade.

The bridge across the river at Salem has been condemned and the two counties and the city will erect a \$2,000,000 structure.

A. B. Hammond of San Francisco says ships costing \$1000 a day to operate will soon be sailing from Astoria and a railroad will be built down the coast.

The old Long Placer mine near Cottage Grove is to be worked for gold.

The Vesuvius mines in the Bohemia district are getting out too much ore.

Eugene Iron Works has taken a contract to manufacture 500 of the Harden Sanitary Drinking Fountains.

Representatives of the Oregon-California Electric of Medford have been at Redbus to install service.

The Clackamas Gas Co. passes up Millwaukie and will supply Oswego.

A Federal and Postoffice building will be erected at Medford.

Hood River has voted \$75,000 road bonds and dedicated an open-air theatre.

The workmen's Compensation commission has put out nine traveling auditors to drum up business for settlement by the state.

Grants Pass has paid out on the Crescent City railroad to date \$83,318.

A San Francisco firm will erect a brick block on 6th street, Portland.

Portland meat inspection ordinance has been taken into the courts on the ground that it discriminates against all small packers in favor of the meat trust.

A test case has been brought in Marion county on twelve grounds to test the constitutionality of the Blue Sky Law.

Nehalem has voted bonds to purchase the present water system.

Fruit packing will start Aug. 1st in Rogue River district.

The Hudson Gold Dredging Co. will construct another dredge for the Sumpter gold placer mines.

A \$10,000 creamery will be erected at Alvarado on Fern Ridge.

Labor Commissioner Hoff decided

Bayocean news on back page.—Pd. Adv.

that the bridge crew on the Grants Pass railroad could not be employed over eight hours. The men got \$3.20 a day and overtime, but were stopped by Hoff claiming it was public work, and that an emergency existed. The time was cut to eight hours.

The Greenback mine in Douglas county has been sold to a Mexican syndicate and will be operated on a large scale.

Union Oil Co. builds a \$10,000 storage plant at Eugene.

Booth-Kelly Co. is erecting a large fire-proof drykiln at Springfield.

A motor road will be built from Mapleton to the beach at Florence.

A streetcar line is to be built from Baker into the Eagle valley.

The state press is fighting the \$1500 exemption for every person as a single tax measure in disguise that would further complicate investments in Oregon and drive out capital.

A schooner arrived at Marshfield loaded with skins, tusks and oil of sea lions, a new industry on the Oregon coast.

Congress gave \$150,000 for the fish hatching stations on Oregon waters.

The Interurban Telephone Co. asks to be allowed to raise rates 25 cents per month on account of increased expense caused by minimum wage and eight hour law for women.

The Coast Bridge Co. of Portland got the bridge at Yamhill for one dollar less than the Portland Bridge Co., its closest competitor, \$4,490.

The 100,000-gallon reservoir of the Bend Water Co. is nearly completed.

The Fremont hotel recently destroyed by fire at Salem will be rebuilt of brick, to cost \$20,000.

Representatives of Swift & Co. have been hammering the Oregon cheese industry with importations from Canada and Wisconsin.

Bide are being taken for a \$110,000 high school at Eugene.

The S. P. Co. bridge payrolls on Willamette Pacific will be \$25,000 per month.

Free factory sights are being offered by Coor & Co.

Eugene Fruitgrowers Association will manufacture loganberry juice.
