They Court Death.

Steeplechase are proverbially reckless or recklessly so in their actions when engaged in their dangerous work. A laborer who was attached to one of these experts used commonly to take a middy top whenever he might happen to be situated. His mates commonly found him on the top of a couple of chimneys stretched full north upon a single board, his arms dangling over its sides, fast asleep. A single jerk would have meant a fall to a couple of hundred feet and therefore certain death, yet he treated this possibility with the utmost indifference. Chicago Record Herald.

The Onion in Cooking.

The greatest of French cooks, being asked to give the secret of his success, answered: "The very foundation of all good cooking is butter and onion. I use them in all my sauces and gravies. They have the effect of making a customer come back for more. Butter without onion will drive the customer away after a few days. Boil the onion till it melts or entirely disappears; then add the butter and call the mixture stock. Exchange.
