PLAYERS' FRATERNITY WILL

Trouble Over Kraft Blows Over and a Baseball Strike is Averted.

New York.—The Baseball Players' Fraternity was a victory and a "no-strike" of national and American league players, members of the fraternity, was averted when the case of Player Kraft was settled to the satisfaction of the players' organization, and in accordance with its demand.

Charles H. Kibben, president of the Brooklyn National League club, who is also a stockholder in the Newark International League club, announced that the Newark officials had paid the Nashville club, of the Southern association, \$1000 in settlement of the latter's claim on Kraft and that he would report and play with Newark.

Under the Newark contract Kraft received \$100 more a month than he would as a Nashville player, which was the crucial point in the controversy, the fraternity contending that the player could not be shunted from a class A league to a class A organization with a consequent reduction in salary in the manner prescribed by the national commission.
