## SCHOOL MEETING.

A special meeting of the school district has been called for Friday, Aug. 28th, at 1 o'clock p. m. at the high school building. At this meeting, the school board will seek authority to construct a gymnasium and will ask for an expression from the voters relative to the establishment of kindergartens to be run on the Montessori plan.

Both these matters were brought up at the annual meeting of the district in June and committees were appointed at that time to investigate and report upon them. Although the gymnasium committee has advised an expenditure of not to exceed \$2,000 for that purpose, the board will endeavor to secure an appropriation of double that sum.

Sketches prepared for the board will be submitted to the voters showing what can be accomplished for the amount requested. It is the desire of the board to erect a substantial building which will be a permanent addition to the property of the district. A temporary structure, or one that cannot be converted at some later date into a substantial building, would be an unprofitable investment, it is said.

No objections to the establishment of the proposed kindergartens has been received and it is probable that this suggestion will carry.

## BOOSTER BAND MEETS HERE.

The Tillamook County Booster Band, under the direction of W. C. Trombley, met here last Sunday, and after a long hard rehearsal in the morning gave a concert on the street in the afternoon.

The boys made a very creditable showing here last Sunday.

## Fresh Air "Kiddies" Arrived Saturday

About Sixty Children, Some Accompanied By Mothers, Entertained By Our People.

The special train containing the fresh air "kiddies" and the Artisans arrived here at about 2 p. m. Saturday. Calvin R. Worrall, secretary of the Commercial Club and Editor Baker of the Headlight forming the reception committee met the visitors at Bar View and formerly presented them with the key of the city. The kiddies received the presentation very enthusiastically.

Upon their first sight of the ocean the little folks became very much interested. One little fellow said "It is awful big."

When the special arrived at Tillamook, our life and drum corps and many autos were at the train to meet them. Chas Reynolds at the head of the drum corps, escorted the young folks in procession to the skating rink where refreshments were served, after which the children were sent to their different places of entertainment. The larger boys were all sent out upon the farms.

Mrs. R. E. Bondurant, representing the state's widow pension department and Margreth Thoroman, social service secretary of the association of charities, had direct charge of the children.

On the trip here they were assisted by Dr. H. E. Sehlegel, and O. A. Hutton, Grand Master of the Artisans.

Mrs. Bondurant and Mrs. Thoroman, and one of the tired mothers and her child are being entertained at the home of Mayor Beals.

J. H. Dunstan has taken charge of the children, and will, so we understand be accountable in a measure for their welfare until they leave for home.

The Artisan program was carried out as previously advertised at the Commercial Club on Saturday evening, a large crowd being in attendance. After the program a luncheon was served and dancing was enjoyed. On Sunday the visitors in company with many local Artisans went to Bar View where a clam bake was enjoyed, and the visitors witnessed an exhibition by Capt. Farley's life savers.
