In another section of this paper is given the standing of the contestants in the piano contest being conducted by the Tillamook Feed Company.

Considering that this is the first count the firm feels very much elated at the interest being taken by the people of this community. All that the contestants need now is your co-operation, as these votes are given for commodities that are used every day—in every home so you are not investing one single penny that will tie your money up or for something that is not absolutely essential. We give these votes with every purchase, every cent paid on account, and double the regular value for coupons purchased and paid for in advance.

If there is anything that is not clear to you or should you like to know more about the manner in which this contest is being conducted call at our store and we will be more than pleased to explain it to you.

What might have been a serious auto accident took place near the Blalock place between Beaver and Blaine last Sunday. Dr. Perkins and wife and Mr. Sylvester, Clough's druggist, and wife were in an auto driving by Jess Kennedy and were driven along very carefully when the auto struck some loose sand, causing it to skid and turn over and roll down a steep grade for a distance of about 15 feet. Fortunately no one was fatally injured. Mrs. Sylvester, however, was bruised up some, and the auto was somewhat damaged. Mr. Kennedy is one of the most careful drivers in the county and it was undoubtedly no fault of his that the accident occurred. We understand that the road is in bad shape, where the accident occurred.
