GERMANS ABANDON

BZURA CAMPAIGN

Berlin Admits Attacks Have Ceased But Reports Gains Elsewhere.

London.—Features of the war in the eastern arena are the admission of the Germans that they have ceased their attacks along the Bzura river and the admission of Vienna that superior forces of Russians in Galicia have succeeded in recapturing Krosno and Jaslo. Paris says the Germans have been driven back across the Bzura with heavy losses. The Germans, however, assert that they have been successful on the right bank of the Pilica, and Austria asserts its troops have taken Asjok Pass, in the Carpathians.

Both Germans and Russians tell of having taken many prisoners. The German official press bureau, according to a wireless communication from Berlin, says:

"Russian attacks in the vicinity of Lotzen have been repulsed and we took 1000 prisoners. In North Poland, to the east of the Vistula, the situation remains unchanged. We have ceased our attacks on the Bzura river. On the right bank of the Pilica, to the southeast of Tomaszow, our offensive has been successful. Further to the south the situation remains unchanged."

Russians Hold All Carpathian Passes.

London.—While Petrograd reports say that the Russians have gained control of all passes in the Carpathian mountains and that the Austrians are in disorganized retreat, earlier dispatches from the same source say the czar's forces that have been investing Cracow for several weeks have raised the siege and retired 50 miles to the northward.

FRENCH MENACE ALSACE

Germans Predict Important Developments Soon in Region of Vosges. Berlin, by wireless to Sayville.—The official war bureau bulletin says: News of importance is likely to come from the Vosges district at any time, since the French have assembled strong forces all along the line of Belfort-Epinal-Toul-Nancy. They still hold all the Vosges passes and appear to be developing new activity along an extended line against Alsace and Sundgau.
