THE "PRUDENT MAN"
IS NEVER OUT OF
A JOB AND WITHOUT
MONEY IN THE BANK

Regrets won't bring back the money you have extravagantly spent. One sure friend to a man in trouble is money in the bank. But the man who banks his money is the man who gains confidence of his employer and holds his job. Money in the bank also means CREDIT and CONFIDENCE. No man can afford not to have the confidence of his fellow men.

Tillamook Boy Writes From Orient

Joe Atkinson Tells of Interesting Time
in Japan While On Way Home

Yokohama, Japan,
Nov. 27, 1914.

Dear Mother:
Received your letter last night and was glad to hear from you again. We have got some dope on when we are going home, at last. We leave here Dec. 10th, for Manila, due there on the 17th. The Brooklyn will be there about the same time, and we will transfer the Admiral and his staff to her and leave the last part of December for Bremerton, Wash., via Honolulu and San Francisco. We will arrive in Bremerton sometime in February and if they put the ship out of commission they will hold everybody until after that, which will probably take three weeks as they will have to take all the coal stores out of her. I am in no hurry to be paid off now anyhow as they have kept me this long I would like to stay until spring for I draw good pay now.

The Japanese Government is treating us fine since we have been in Japan. The fleet gave us a fine smoker on one of their big battleships in Kobe then they gave everybody a free trip to Kyoto, the old capital about forty miles inland from Kobe, ran a special train, and took half the crew one day and the rest the next, and since we came to Yokohama they have given us free use of the street cars in the city and free admission to all the theatres in the town. But the crew of this ship will spend several thousand dollars in this country so they won't lose anything.

Well there is nothing very much to write about and I will soon be home and will tell you all about it then.

After we leave Manila our mail will all be held in San Francisco if you write again send it U. S. S., Saratoga, in care of P. M., San Francisco, Cal., and I will get it soon as we hit there. Joe.

CHRISTMAS PARTY

Mr. and Mrs. Adolph Erickson was the host and hostess for an attractive typical German Christmas party, entertaining the Social Club, their husbands and a few invited guests at their residence Christmas night.

Holiday decorations in crimson and green marked the exterior decorations, the feature of which was a splendid Christmas tree glittering with trinkets and gifts which Santa Claus assisted the host and hostess to distribute. Dancing and a short program in German was especially appreciated. Mr. Marx and Mrs. Feldschau sang a duet Mrs. Erickson presiding at the piano. Mrs. Frank Heyd gave a recitation also in German which was much enjoyed. At a late hour an elaborate supper was served. Covers being laid for eighteen.

WEDDING ANNIVERSARY

Mr. and Mrs. W. J. Peterson celebrated their Seventh Wedding anniversary at their residence New Year's Eve, entertaining the members of the Social Circle Club, their husbands and a few additional friends.

The host and hostess were presented with a beautiful pink silk wool comforter by the guests. Cards were the diversion of the evening. At midnight a very tempting repast was served the guests arising at the table and sang "Auf vider sehn" as the bells pealed forth the New Year. The place cards were original and suggestive of the woolen wedding each card being drawn by miniature sheep.

THE COUNTY LEVY

The County Court has decided on a total levy of 15 mills, 6 for the general fund and 9 for the road fund. The budget remains practically as it was advertised except for some changes that were found necessary on account of the law which provides that 70 per cent of all road moneys collected in a district must be spent in that district.

REGISTRATION BOOKS NOW OPEN

The registration books for voters is now open at the County Clerk's office, and will remain open permanently, except for 30 days preceding the primary or general election. The primaries will be held May 19, 1916, and the general election will be held November 7, 1916.

CITY COUNCIL MEETS IN REGULAR SESSION

On Monday evening the city council met in regular session with the following officers present: Mayor, S. A. Brodhead; Councilmen R. T. Boals, H. A. Williams, W. J. Hill and David O'Donnell; Recorder, Aschim; Attorney Botts and Marshal Myers.

On account of Geo. Edmunds not accepting the office of councilman from the second ward, the committee appointments were not made at this meeting.

Attorney Botts, Recorder Aschim and Marshal Myers were re-appointed for the ensuing year.

The report of viewers for benefits and damages in regard to improvements in Miller's and Thayer's additions was continued.

Six months interest on city hall bonds amounting to \$639 was ordered paid.

A soft drink ordinance was taken under consideration. An ordinance providing for the violation of the prohibition law given its first reading. Among other things the ordinance provides the following penalties: First offense \$100 fine or 30 days in jail; third offense 3 to 6 months in jail. The ordinance is a lengthy one covering the same ground as the state law. In passing this ordinance the council is providing ways of securing revenues, as all fines secured from violators within the city limits will be turned into the city treasury. We understand that the council will endeavor to draw the line pretty close in regard to the near beer joints.

Following is the Mayor's address: To the Honorable Council of Tillamook City:

At the beginning of the present year, and with the new administration so far as the Council is concerned, I am commencing this statement and general account of the affairs of Tillamook City with such recommendations of matters to be done as I have thought expedient at this time.

During the year 1915, the city's indebtedness was taken up a bond issue of \$40,000.00. It provided for the payment of outstanding warrants, and also provided funds for the building of a bridge across Hoquartion Slough. The bonds were sold at a premium and the outstanding warrants retired, except a portion thereof which had been illegally issued and the payment of which had been ordered refused by the Common Council.

In addition to the bond issue of \$40,000.00, a later issue was made of \$21,000.00, and provided for the erection of a city hall. The building has been nearly completed and the money expended for that purpose.

These bond issues were made in pursuance of authority given by direct vote of the people, the Charter being amended in each instance so as to specifically authorize the bond issues which were made. This has taken care of the city's outstanding warrants, but there will be a small amount to be issued before the taxes to be collected this year are available.

A more complete statement of these matters will be found in the report of the Recorder.

At the beginning of year 1915, in my message, I called attention to the matter of opening the streets between Thayer's and Miller's Additions. Steps were taken during the year to have these opened, but no satisfactory solution of the matter was had, except for the extension of Tenth Street, and that has not been completed. Viewers have been appointed and their report of damages and benefits is on file.

The opening of Seventh, Eighth and Ninth Streets between these additions is still unsettled.

In the matter of paving, proceedings were taken during the year for the improvement of Fifth Street from Stillwell Avenue East to the city limits, but on account of the cost of the contemplated improvement no contract was let for it.
