RUSSIANS DEFEAT TURKISH ARMIES

One Corps is Captured and
Others Are Routed in
Caucasus.

St. Petersburg.—It is officially announced that the Russian troops have gained a decisive victory at Sari Kamysh. The entire Ninth Army Corps of the Turks was captured.

Accounts received here say the Turks displayed great bravery when their position was seriously threatened and made frequent desperate bayonet attacks. When they were compelled to retreat they made valiant but futile efforts to cover their retreat by a rear-guard action, even the wounded continuing firing from the ground when they were struck down.

According to a telegram from Tiflis, the persistence with which the Turks pressed their attacks in the Sari Kamysh district was to enable their troops in the Ardahan region to retire without heavy losses. Their operations were conducted under tremendous difficulties. They lacked proper equipment and had no transport trains. Everything had to be carried on the backs of soldiers or of civilians commandeered for the purpose. Most of the supplies of war captured by the Russians were of German make.

Northward of Kars the Turkish force at Ardahan also is threatened with disaster. The enemy, in disorder, has been almost completely surrounded by the Russians, who hold the main roads. The Turks are striving frantically to find an outlet, but have to face passes deep in snow.

German Again Fall in Russian Report
London.—Complete failure of the German campaign of the Four Rivers which has constituted a long series of battles on the Bura, Rawla, Pilsa and Nisa, with heavy losses, is reported in dispatches received from Petrograd. They contradict the Berlin contention, that the German advance is progressing.

BRITISH BATTLESHIP SUNK

Ferocious Destroyed in the English Channel by Mine or Torpedo.
London.—The battleship Formidable, one of the older vessels of the British navy, was destroyed either by a mine or a German submarine. The place where the battleship sank is not given, except that it was in the English channel.

Of the crew of 750 men, only 291 are known to have been rescued.

Survivors who were landed at Brixham relate that the warship was struck about the magazine. The explosion was terrific, but the magazine was not reached. Had this also blown up, the ship would have foundered without there being time to save any body.

German Submarine is Conqueror.

Berlin, via wireless to Bayville, L. I.—An official announcement made public through the official press bureau says:

"A German submarine boat reported by wireless to the admiralty in Berlin that it has torpedoed and sunk in the English channel off Plymouth the British battleship Formidable.

"The submarine was pursued by British destroyers but escaped unharméd."

FRENCH ADVANCE AGAIN IN ALSACE

London.—The right wing of the French army, according to the information given out by the war office in Paris, has made another advance into Alsace, the "lost province," near Orbe, or Urbels, west of Colmar, and progress southeast of Steinbach, Alsace, has been "maintained."

Steinbach, and the heights southeast of the village, were captured by the French after some of the most desperate fighting at close range that has taken place; and the French flags were then planted less than 30 miles from the Rhine.

The French progress in Upper Alsace is probably the most significant news from the western front in a number of weeks, and by some observers here it is taken to indicate future attempts on the part of the allies to break through in this region, maintaining meanwhile a base on Belfort.

GERMANS FILE COMPLAINT

President of Alliance Asks Congress to Guard Neutral Trade.
Washington.—"Forbid exportation of all munitions of war that are contraband and you will remove the excuse for the British conduct which called forth the note of protest recently sent to London," said Theodore Sastro, of New York, addressing the house congressional committee in favor of pending congressional resolutions to stop exports of war materials to European belligerents.

Delegations from New York, Philadelphia, Chicago and Baltimore, among them representatives of the German-American Alliance and the Ancient Order of Hibernians, appeared in favor of the resolutions.

C. J. Hexamer, of Philadelphia, president of the German-American Alliance, presented memorials adopted by that organization in many states, urging the adoption of one of the resolutions.

Accidents Are Fewer in Washington

Olympia, Wash.—There were 14,256 industrial accidents reported to the Washington industrial insurance commission during the calendar year 1914, a reduction of 2260, or 13 per cent from the 15,516 reported in 1913.

700 Men Resume Work

Everett, Wash.—Two lumber mills, employing a total of 700 men, resuming work, and a third, employing 200 more will start up January 15, it was announced.

MANY DIE IN SUBWAY FIRE

New York.—Many persons were killed in a fire which raged in the subway at Broadway near Fifty-first street at the height of the rush hour Wednesday morning.

More than 20 bodies were taken to the platform of the Fifty-first street station. Firemen asserted that the tubs held the bodies of many other dead, some of the estimates going as high as 200.

More than 300 persons were overcome by smoke.

The heap was sudden. Trains came to a standstill. Some of them were between stations. Smoke from burning insulation at the Spring-street station filled the subway for blocks. A mile away the fumes affected throngs of passengers who crowded the station platforms.

The fire started in a train between the Fifty-fifth and Fifty-ninth street stations. Some of the hundreds of passengers wedged tight in the cars said afterward that it started with an explosion and that the train came almost immediately to a standstill.

Villa to Confer With General Scott

Washington.—Brigadier-General Scott, chief of staff of the United States, and General Villa, command-in-chief of the forces of the Guiterrez government in Mexico, have arranged to confer on the international bridge at El Paso, with a view to arriving at an understanding that will permanently prevent further firing into American territory by Mexican factions.

IMMIGRATION BILL PASSES SENATE

Measure, With Literacy Test,
Wins by Majority of
50 to 7.

Washington.—The immigration bill, containing the restrictive literacy test for admission of aliens which has been the obstacle in immigration reform legislation for the greater part of two national administrations, passed the senate by a vote of 50 to 7.

The vote in the senate indicated that the bill could be repassed by more than the required two-thirds majority should the president reject the measure. Senators who voted against the bill were: Brandegee, McCumber, Martine, O'Gorman, Ransdell, Reed and Walsh.

The bill passed the house on February 4 last by a vote of 241 to 128.

Although the senate amended the house bill in several particulars, the literacy test was unaltered, save for an additional exemption to Belgian subjects which was adopted after prolonged debate.

Features of Immigration Bill.

In general persons over 16 shall be required to be able to read English or some language or dialect, including Yiddish.

Exception to literacy test is made of British farmers who come to the United States within one year after the end of the present European war.

Persons fleeing from religious persecution also exempted.

Admissible alien may send for father or grandfather over 55, or for wife, mother, grandmother or unmarried or widowed daughter, the latter relative may be illiterate.

Polygamists excluded.

Persons of African race or negro blood excluded.

Excluded list extended to take in vagrants, the tuberculous and persons who teach or advocate unlawful destruction of property.

Senate Questions President's Power.
Differences between President Wilson and some members of the senate over federal appointments resulted in the senate judiciary committee ordering an inquiry into the authority of the president to make a recess appointment to fill a vacancy created during a session of congress. Senators Culberson, Reed, Walsh, Brandegee and Borah were named as a subcommittee to conduct the investigation.

This action followed the decision of the committee to recommend rejection of the appointment of William C. Hand, of New York, to be

UNION MUST PAY DAMAGES

Unanimous Decision Given by Supreme Court in Boycott Case.

Washington.—Ending 11 years of litigation, the supreme court held that some 200 Connecticut labor union members must pay \$252,130.09 damages under the Sherman anti-trust law for a nation-wide boycott of D. E. Loewe & Co., Danbury, Conn., hat manufacturers who refused to unionize their shops. The bank accounts and homes of many of the men already are under attachment to pay the judgment and the next step probably will be foreclosure.

It was in the Danbury hat makers' case that the supreme court decided in 1905 that labor unions were subject to the terms of the Sherman anti-trust law and sent the suit back to the New York federal courts for trial. The judgment, the largest ever before the court under the Sherman law, as well as the vigorous defense of the union men, attracted widespread attention to the litigation.

S. P. Pump Tender With Record Dies

Eugene.—With no demerit in eight years of service on his record, Jerome Smith, a pump tender on the Southern Pacific, died here after a long illness. Eight bar medals gave him the record for the most perfect service on that line in Oregon. He had been with the company for 20 years.

States Marshal for the western Missouri District

Shipping Bill is Rushed to Front.

Government purchase of ships as proposed in the transportation bill to create a shipping board, finance a \$10,000,000 shipping corporation and expend not to exceed \$30,000,000 for the purchase or chartering of ocean carriers has become the foremost issue before congress.

By a vote of 45 to 20 the senate has made the ship purchase bill the unfinished business, to be supplanted only by appropriation bills. This action, on motion of Senator Fletcher, acting chairman of the commerce committee, precipitated a showing on the part of the opposition senators which gave certain indication that there are breakers ahead for the proposed legislation.

FARMER IS SHOT
Bettie Kills Ralph Brown at Kankela.
While entering the ranch home at Kankela, in southern Wasco county in with his wife, Ralph Brown, a stockman, was shot and killed by Clarence Bettie, an employe of the man he murdered. Bettie himself being unharmed.

Clarence Bettie, who has been drinking and beating his employer, Bettie shot his wife, who was returning from the bullets went wild. Bettie fled to the hills, not seen until 8 o'clock in the morning when he appeared at the home. He told Marks what he had done, and Marks advised him to go to the sheriff.

Farm Course is Conducted.
Corvallis.—Pursuing their policy of "taking the college to the people," the extension service of the Oregon Agricultural College will conduct a series of itinerant schools during the early days of the new year. They opened Tuesday, January 6, with a four-day session at Croswell, where the experts of the extension service and some of the regular instructors of the college gave demonstrations and illustrated lectures.
