Filibuster Against Ship Bill Renewed.

Washington.—Administration forces of the senate succeeded Monday in forcing the republicans and insurgent democrats back to the defensive in the fight over the government ship purchase bill.

Accepting the inevitable, leaders of the opposition at once renewed their declaration of unrelenting war on the bill, to be continued if necessary until adjournment on March 4, and general debate was resumed.

JAPAN THREATENS CHINA

Futility of Resistance is Urged on President Yuan-Shi-Kai.

Pekin.—Military action to enforce its demands on China has been threatened by the Japanese government, according to cable message from the Chinese minister at Tokio. It is believed in official circles here, however, that the communication should not be taken too seriously.

Both public men and newspapers are urging President Yuan-Shi-Kai to let Japan seize by force what she wishes, as China would be unable to oppose her, but to refuse to grant humiliating concessions. It is reported that President Yuan-Shi-Kai intends to meet some of the demands, granting Japan such concessions as would be given to any other country, but stubbornly resisting any transgression of China's sovereign rights.

Feeney-Bremer Co., Put Economical Land Clearing Machine on Market

Tillamook, Oregon.

The Feeney-Bremer Co. has just completed a very economical device for clearing land in the shape of a gasoline donkey engine, equipped with a 10 h. p. heavy duty engine. The total weight of the machinery is 5,200 lbs., mounted on runners and can be pulled anywhere on a straight line by its own power.

The donkey part consists of a double drum, double friction, equipped with breaks. It has 400 feet of 3/4 in. cable and 800 feet of 1/2 inch cable. As a demonstration it recently pulled with ease a 20 foot log 3 feet in diameter over rough ground. Anyone wishing a demonstration of the workings of the machine can witness the same by calling at the Feeney-Bremer Co. Works.

The price for the above equipment ranges from \$700 for 10 h. p. up, larger sizes costing accordingly.

The engine consumes distillate, consuming 6 gallons in 10 hours, cost 10c. a gallon.

The engine used is detachable and can be used for other things.

Feeney-Bremer Co. are offering a fine proposition for two or more farmers who wish to go in together on a device that will clear their land cheaply and easily. Two men can run the machinery used and handle it successfully.

Those who may have use for such a machine will do well to investigate.
