The Question Has been Asked :

What effect will the European War have on my Fire Insurance in case I should suffer a Fire Loss ?

And My Reply :

Your Fire Insurance Protection is just as safe with a so-called "Foreign Company" as its invested assets in the United States makes it.

Facts Worth Knowing :

The United States Branches of all "Foreign Companies" to all intents and purposes ARE AMERICAN COMPANIES, and are PROTECTED BY FUNDS in the hands of AMERICAN TRUSTEES—Citizens of the United States—of recognized standing and financial ability, and solely for the protection of AMERICAN POLICY HOLDERS.

ROLLIE W. WASON,

"The Fire Insurance Man."

1000 HOTEL BUILDING. WILLAMOOK, OREGON.

THANK YOU
