Industrial Review Of Oregon

Signs Encouraging Increased Activity At Many Points.

Permanent registration law enacted
will save large sums and endles-
sible to voters and make separate

Enterprise Hardware Co. of Port-
land receiving cargo logs from the
forest for manufacture into furni-
ture materials.

The industrial commission should
have been consolidated and simpli-
fied and the new rate of assessment
of industries adopted, so that in-
dustry would be interested in the work
and not less dead measure and will
be killed by the people of the state—Salem States-
man-Journal.

There are still a few officials let
who do nothing but labor to raise
and burden industry.

Large shipments of burlap are en-
tering free of duty at Portland, mean-
ing cheaper sacks for farmers.

3,008,843 pounds, gain 186,721 over
1913.

Hill line will operate gas-electric
cars on Portland-Rainier run.

Seventy-five per cent of the west-
ern railroad companies would be
improved today had it not been for
increased economies and betterment.

A. W. Trumbull, general manager
of the Chicago, St. Paul, Minneapolis
& Omaha railroad, told the board of
attention in the western railroad
conference. "Nowadays a fireman
wants someone around to wipe off
the windows for him so he can see
out of the cab," observed Mr. Trum-
bull.

Lebanon Criterion thinks the present
legislature have given the state a
just excuse for its existence.

The legislature was treated to cide-

ery at The Dalles for 3 years, opens

What a one sided affair legislation
would be by a single house.

TILLAMOOK RECEIVING CLEANUP

Considerable excitement was caused
in our city last Saturday by the arrest
of a man by the name of White, of Bay
City and Attorney Calvin R. Worrall,
on the charges of attempting to kid-
nap. One of the charges against White
was threatening to kill.

It seems that some kind of a scheme
was hatched up between White and
Worrall whereby money was to be ex-
tracted from Arthur Beals who some-
time ago adopted two of White's chil-
dren.

Both men were indicted and White
pleaded guilty this morning to the charges
of attempting to kidnap and threaten-
ing to kill A. G. Beals and was sent-
enced to from 2 to 25 years in the peni-
tentiary. We understand that Worrall
will make his appearance before the judge
this evening.

Because of the fact that the case
against Worrall is unsettled at this
time the officials will not give us the
disclosures in full. However, we will
have the full particulars in our next
issue.

MRS. CHARLES SAMUELS DEAD.

Mrs. Chas. Samuels, who has been
ill at Portland for some time died in
that city on Wednesday of last week.
She was brought to Tillamook and was
buried on Saturday last, the funeral
services being conducted by Rev. Van-
Winkle.

She was 55 years of age and was the
only sister of Mrs. E. P. Curry of
this city. She leaves a husband.

She was a woman beloved by all who
knew her.

THE LIMESTONE RUARRY

The editor of the Herald visited the
limestone quarry which is being devel-
oped by A. G. Beals, Geo. B. Lamb
and U. G. Jackson, on the Nelson
ranch, one day last week. Considerable
progress has been made and ground
rock is now available and for sale. A
derrick with an 80 foot beam is being
placed in position and it is figured that
10,000 tons of rock and most likely
more is within reach of the derrick,
which will with ease place the lime
within reach of the grinder. The rock
is of a high test quality, it being 87
per cent lime. The ground limestone
will sell at \$1.50 per ton, which is
quite cheaper than lime—he has
heretofore been. The demand for
ground limestone is such greater than
for burnt limestone as it is thought
the ground stone is much better for
the soil. A cheap lime is a big thing
for Tillamook county and will no doubt
be used much by our farmers.

SCHOOL ENTERTAINMENT A SUCCESS

The entertainment given by the pi-
pils of the public school in the High
School Auditorium last Friday night
was a decided success in every way.
The auditorium was crowded to its
utmost capacity, and the program was
enjoyed by all.

Every grade was represented and
each feature of the program was well
carried out, and showed that a great
deal of hard work had been done by
both teachers and pupils.

The program was of a patriotic na-
ture, and consisted of a number of fine
historical tableaux by the eighth grade,
negro dialect and costume songs by
the fifth and sixth grades; a three act
play representing the making of the
first American flag by Betsy Ross, by
the fourth grade, a graceful minuet
by the third grade and numerous reci-
tations and dialogues by the first and
second grades. Great care had been
taken to have each child dressed to
represent their part and they made a
pretty sight on the stage dressed in
their colonial styles.

The purpose of the entertainment
was to raise funds to buy enough pic-
tures so that each room could have
pictures for its walls. Sixty dollars
was the sum that was necessary for
that purpose, and a little over the
sixty dollars was raised.
