Work Wanted.

Will Clear land by contract, want job
for 6 or 8 months, one man. Work
begin April 4th.
C. J. Dobbs, Bay City, Ore.

SWASTIKA CLUB

The Club met at the home of Mrs.
E. E. Kock Feb. 26. The table and
rooms were decorated in honor of
Washington's birthday. After the
games, the hostess invited the guests
to the dining room, where an elegant
lunch was served. At a late hour all
departed, and will meet with Mrs. C.
Miller, March 26. The officers elected
for the year were Mrs. B. D. Lamar,
Pres.; Mrs. Carl Hunt, V. P.; Mrs. C.
Miller, Sec.

Eggs—\$16 per ton; alfalfa
\$12.
Butter—Creamery, 34c.
Wool—\$26.

CARRANZA GETS EMPHATIC NOTE

United States Insists on Early
Change to Improved Con-
ditions in Mexico.

Washington.—General Carranza has
been informed in a note from the United
States government that unless
there is an improvement in conditions
with respect to foreigners and their
interests in Mexican territory under
his control, such steps as may be neces-
sary will be taken by the American
government to obtain the desired pro-
tection.

The note is the strongest and most
emphatic document that has been sent
by the Washington government to
Mexico since the correspondence with
Horta a year ago. Carranza is warn-
ed that the United States has viewed
with deep concern the growing com-
plaints by foreigners generally against
his administration of affairs and now,
in effect, demands an early change.

In the meantime some movements
of American warships have been or-
dered, the effect of which will be a
naval demonstration such as, it is
hoped by some officials, will convince
General Carranza of the determination
of the American government to obtain
a change in conditions in Mexico City.

American citizens again have been
warned to leave Mexico City, in view
of the critical situation that has arisen
there. Secretary Bryan announced
that transportation facilities would be
sought for as many as desired to leave.

Word came from American Consul
Billings that at a personal interview
with General Carranza he delivered
to the latter the formal note from the
United States government.

Carranza presented a written re-
sponse, but said orally that Gen-
Obregon had not been at the
place from reaching the city of Mexico
and had not seen the available supply
from the capital.

LIQUOR BILLS ARE SHELVED

Action of House Committee at Olympia
Blocks Wet Measures.

Olympia, Wash.—The 14th Wash-
ington legislature ended its session
Monday at midnight, ending
one of the numerous bills con-
sidered being given consideration to
the floor of the house, a bill
certain when the house in
committee after a two-hour meet-
ing, declined to place on the calendar
new liquor measure, introduced Mon-
day night by the public morals com-
mittee.

Action that aided the smothering of
the bills in the house rules committee
was taken by the senate rules com-
mittee when fact agreement was
reached to place no liquor legislation
on the senate calendar.

Governor Lister vetoed the bills bar-
ring circulation of initiative, referen-
dum and recall petitions and the so-
called Whitney elections bill, provid-
ing legal party conventions and gen-
erally intended to strengthen party or-
ganizations.

Greece Divided Over War Policy.

London.—Dispatches from Athens
say that Greece is divided over declar-
ing war against Turkey and that those
who favor entering the conflict are
against the party of the king, who in-
sists on neutrality, have been openly
demonstrative.

SHIP THREATENED BY FIRE ARRIVES SAFELY

Paris.—Fire which threatened the
French steamship La Touraine was
brought under control and all her pas-
sengers are safe. The ship proceeded
under her own steam to Havre, her
destination. Only the Rotterdam, of
the fleet which responded to Captain
Causin's wireless call for aid, stood
by as a measure of precaution to give
assistance should any be required.

Grave fears for the safety of La
Touraine were felt in this city until
the positive announcement was made
that she was in no danger.

On board La Touraine were 459
cases of cartridges intended for use
in the European war. There were 84
passengers on board, of whom 38 were
in the first cabin. Her crew number-
ed about 200.

FAIRVIEW GRANGE MEETING

The Fairview Grange meeting was
not attended by as large a crowd as
usual, many of the members being
called to attend court. However, the
meeting was an interesting one. The
morning session was given over to the
discussion of local matters and the
State Grange Convention which will
be held here May 11, 12, 13 and 14. The
State Grange meetings will be held in
the I. O. O. F. hall. On the evening
of the first day of the convention, how-
ever, a public reception will be ten-
dered the visitors at the commercial
club rooms.

In the afternoon Mrs. Everson, Mrs.
Groat, C. J. Edwards and Mr. Miller
visited the Grange in the interest of
a new county library. Mr. Edwards
and Mr. Miller both gave some infor-
mation as to the procedure in securing
a library, cost of maintenance, and
what it could be used for.

It seems that Mr. Carnegie will do-
nate a sum up to \$25,000 for the con-
struction of a building if local parties
will furnish a site free of incumbrance,
and guarantee a sum for yearly main-
tenance equal to 10 per cent of the
amount which he gives, the cost of
maintenance to be borne by the county,
and local library boards throughout
the county. The city of Tillamook
now expends \$100 yearly on its library,
this amount and other library funds
could be used to swell the total needed
to keep up a county library, and leave
possibly not more than \$1200 to be
raised by the county at large for main-
tenance expense, which would include,
pay for librarian, new books, light,
fuel, etc.

The library could be so constructed
as to include an auditorium capable of
seating possibly 300 or more people,
a gymnasium, a reading or smoking
room for men and a rest room for
the ladies. It could be used as a cen-
tral station where people from all over
the county could make their head-
quarters when they come to the county
seat.

Books from the county library can
be distributed to different points in
the county as they may be desired.

The law provides that a county li-
brary can be conducted by the county
court or by a commission appointed by
the court.

The Fairview Grange went on record
as favoring the county library idea,
and the matter will be taken up at the
next meeting of the Pomona Grange.

After the discussion in regard to the
library closed, U. G. Jackson, repre-
senting the Tillamook Lime Products
Co., addressed the Grange on the sub-
ject of good roads, and brought to the
attention of those present a new idea
in the construction of roads. The new
method of road construction which he
explained is made up of a crushed rock
foundation, with a lime stone top,
bound together by a cement called
Rockmack. According to the testi-
monials which Mr. Jackson read this
new method of road construction has
given satisfaction in England, Scotland,
Canada and some of the Eastern states
and costs at least 25 per cent less than
cement and will leave the greater part
of the money expended on this kind of
a road in the county.

It seemed to be the opinion of those
present that this method of road con-
struction should be investigated and if
it appeared to be what was claimed for
it, it should be given a trial.

THEILER CASE REMANDED

John Theiler, appellant vs. Tillamook
County, a case appealed from
Tillamook County, which was a suit
for damages, was reversed and re-
manded by the Supreme Court.

Theiler sued the county for \$1,000
damages to his land on account of tres-
pass in making road improvements and
Judge Webster Holmes dismissed the
case on the grounds that the complaint
did not state facts sufficient to consti-
tute a cause of action.

The Supreme Court reversed the de-
cision of the lower court, and conclude
that the complaint states facts suffi-
cient to constitute a cause of action and
that an error was committed in direct-
ing a verdict for the defendant. The
judgment is therefore reversed and the
cause remanded for a new trial.

Attorney S. S. Johnson is Theiler's
attorney in this case.

FOR SALE

20 acres fine bottom land good loca-
tion, 1 mile south of Tillamook. Good
barn, 14 cows, team, wagon and har-
ness. Some farm tools. Price reason-
able. Good terms. Call on or address
H. A. Kinnaman, Tillamook, City.

OREGON NEWS NOTES OF GENERAL INTEREST

Events Occurring Throughout
the State During the Past
Week.

Chinese Accused of Homestead Fraud.

La Grande.—Toy Young, probably
the best known Chinese in eastern
Oregon, was arrested by a deputy
United States marshal on a charge of
making a false affidavit in connection
with an application he recently made
for a homestead near North Powder.
The entry was made at the land office
in this city. In making it, he swore
he did not have more than 160 acres
of land in his own possession at the
time. It is averred that he had a
large tract of land near Telocaset,
which would cancel his right to the
claim.

C. A. Smith Timber Sold.

Albany.—Through a deed filed in
the county recorder's office here the
C. A. Smith Timber company, of Min-
neapolis, sold its entire holdings in
Linn county, embracing 45,405 acres,
to the Continental Timber Land com-
pany, a Delaware corporation.

This is all timber land, and includes
one of the finest bodies of timber in
the state. The consideration is given
in the deed as \$1, but the instrument
bore \$147.50 worth of revenue stamps,
which indicates a purchase price of
\$147,500.

Want Produce Sold at Cost.

Eugene.—The socialists of Eugene
have asked the city council to submit
to the voters at the April election a
charter amendment empowering the
city council to levy a small tax for the
erection of a building for a public
market and "welfare center." At the
market foodstuffs will be sold at cost
by the city plus the expense of con-
ducting the market. Provision is to
be made for a free medical and dental
clinic for the poor of the city with
offices in the market building.

INTERSTATE BRIDGE BEGUN

Occasion is Celebrated With Speeches
by Representative Men of 2 States.

Portland.—With hundreds of Port-
land and Vancouver citizens massed
around a roped-off square marking
the site of the first concrete pier of
the interstate bridge, with an ex-
change of speeches of felicitation and
prophecies of the future greatness of
the "twin cities," actual work on the
colossal viaduct that is to unite two
states was begun at 3 o'clock Saturday
afternoon.

The ceremony of celebration was
held on the sandy beach of Hayden
island, near the Oregon landing of the
Vancouver ferry.

Brief talks were made by members
of the commercial clubs of Portland
and Vancouver, who carried on the
campaign that resulted in the issue
of bonds for the bridge, \$1,250,000
worth by Multnomah county and \$800,-
000 worth by Clarke county, Wash-
ington. Mayor Milton Evans, of Van-
couver; Commissioner W. L. Brewster,
representing the city of Portland,
President W. P. Connaway of the Van-
couver Commercial club; Commission-
ers Rufus C. Holman, W. L. Lightner
and Philo Holbrook, of Multnomah
county, and John Lyle Harrington, en-
gineer in charge of the bridge, also
were among the speakers.

Arrangements for the celebration
were made by a committee of the
Vancouver Commercial club composed
of E. E. Beard, chairman; W. C. Bates,
J. P. Stapleton, A. J. Dorland and P. J.
Flynn.

Want Fortification of Coast Harbors.

Salem.—The need of fortifying
Grays and Willapa harbors against
foreign invasion is emphasized in a
memorial adopted by the Washington
state legislature, a copy of which was
received by the secretary of state here,
the matter to be submitted to the next
session of the Oregon legislature. The
memorial calls upon congress to take
action to protect these harbors, which
it states are wholly without means of
repelling an attack.

FIRE MEETING

The meeting of the Hose Company
last night was the best for a long time.
Officers elected were as follows: E. J.
Clausen, President; Thos. Coates,
Chief; Dr. T. Monk, Treasurer; and
Captains of Hose Carts as follows: No.
1, Wm. Harris; No. 2, Otis Frisbie;
No. 3, A. K. Case; No. 4, Ben Van-
tress; No. 5, Webb Maddux; Hook and
Ladder Truck, Leslie Lucas. Hose
Carts are stationed as follows: Nos.
1 and 2 at City Hall; No. 3 in Still-
well's Addition at 2nd St. and 4th Ave.
West; No. 4 on the South East corner
of the Academy grounds. No. 5 will be
stationed on 10th Street between Still-
well Ave. and 1st Ave. West, after a
few days. Hook and Ladder Truck is
stationed at City Hall.

C. W. Miller, of the Coats Lumber
Co., addressed the meeting and assured
the Company of the support of himself
and his associates, promising to bring
in new members at the next meeting.

A Committee was appointed to wait
on the Council and confer with them
as to ways and means of remunerating
the active members, based on prompt
attendance at fires, drills and meet-
ings.

The meeting then adjourned until
next Thursday, March 18.

It is proposed to select the teams for
the various carts in the immediate
vicinity of their stations, and quite a
rivalry has already started as to which
locality can put out the best men. It
is expected that within a month all
the best and most active young men
in town will be members of one or the
other of the Companies.

EDITH COLONS END SESSION

Saving in Appropriations Over Last
Biennium Set at Nearly \$350,000.

Boise, Idaho.—The legislature ad-
journed since the Monday at 10 o'clock
after clearing away the general appro-
priation and general deficiency bills,
the educational and charitable, penal
institutions and judicial courts' bud-
gets to meet the drain on the state
treasury during the years 1915 and
1916.

To pay the money so appropriated,
the ad valorem tax act setting a maxi-
mum limit of \$1,500,000 was passed. It
is believed that outside revenue from
the federal government and the sale of
lands, etc., when added to the
amount raised by the ad valorem tax
will be sufficient to meet the expenses
of the biennium. The saving over two
years ago will be about \$350,000.

The total carried by the educational
budget as finally approved was \$675,-
390.50. The general appropriation
bill, to which the senate made amend-
ments, carried \$610,172.50; the judicial
budget \$256,200, the general deficiency
act \$52,437.74 and the charitable and
penal institutions \$383,000 and \$310,-
000.

W. Deering Leaves \$15,000,000.

Chicago.—The late William Deering,
harvester manufacturer, left an estate
of \$15,266,873, after payment by his
executors of all debts and expenses,
according to a final accounting made
in the probate court here.

\$155,000 Lost in Portland Fire.

Portland, Or.—Fire gutted the three-
story brick building occupied by Jones
Cash Store, a mail-order house, 80
Front street, corner of Oak, causing
the entire loss of the stock, valued at
\$125,000.

TRANSPORTS SAILING FOR DARDANELLES

Berlin, by wireless to Sayville, N.
Y.—A dispatch to the Frankfurter
Zeitung says that a steamer arriving
at an Italian port reports having met
22 French transports near the Island
of Malta, heading toward the Dardan-
elles.

In an article in the Vorwaerts, the
former London correspondent of the
newspaper, in dealing with the Dar-
danelles attack, says:

"The composition of the British
fleet appears to confirm the rumor
that Great Britain has added two
squadrons of new ships to her navy
since the war began."

Turkish advices published in the
various Berlin newspapers unite in
declaring that the results of the allied
bombardment of the Turkish forts in
the Dardanelles have been negligible.
At the same time it is pointed out that
several ships of the allied fleet have
been damaged.
