TUESDAY MARCH 16, 1915.

At the term of court just ended, eight criminal cases have been tried, all of which have been successfully prosecuted except one. This is indeed a fine showing for District Attorney Goyne, and proves that the confidence placed in him has not been misplaced. He is careful not to take a case unless it has merit and when he does take a case he gives it thorough consideration. The amount of work placed on the shoulders of the prosecuting officer is very great at times and Mr. Goyne should really have some help.

The city council has decided that in order to stimulate interest in the fire department, it will give to each fireman $1.00 per month, based on attendance at drills and fires. It is thought that this fee will pay for the clothes the boys may spoil while at fires. Our business men are taking more interest in the fire department and an effort is being made to build it up. A good fire department means good fire protection and decreased insurance rates. It is certainly worth the effort.

In the passing of Captain Paul Schrader, Tillamook loses a most substantial citizen; one who was there in everything he did and made a success of everything he undertook. Possessed of more than ordinary ability and being of a constructive nature he played no small part in the affairs of the county during the past 27 years. While a little gruff as most seamen are, he had a kind and tender heart and was always ready to help those in distress. Captain Schrader leaves many warm friends who regret his departure from us.

Judge Belt has finished his first and last term of court here, Judge Bagley having been appointed by the governor to preside over the new circuit which the legislature formed from the counties of Washington and Tillamook. The docket was large this term of court and Judge Belt waded through a tremendous amount of work in a comparatively short time. There seems to be a universal feeling of satisfaction with Judge Belts work here. He seems to be extremely fair, and it is plain to be seen that his special intent is to treat everyone, regardless of wealth or station, absolutely square.

A singular co-incident in the deaths of Capt. Schrader and Tom Watkins was the fact that Capt. Schrader run the boat giving Tillamook the first passenger service by water, and the other run the train giving Tillamook the first passenger service by rail, both dying on the same night.

Approved February 13, 1901, by the addition thereto of Chapter VIII, Article XI containing Section 1 to 3 inclusive, providing for the application of the initiative and referendum principle to said City Charter, and authorizing the said city to create an indebtedness for water works, light plants and sewerage purposes, and to levy a tax to pay for the same and the interest thereon" filed in the office of the Secretary of State, February 15th 1901, As originally passed and as amended or attempted to be amended by any subsequent act or ordinance, is hereby amended so that the same shall read as follows:

CHAPTER VIII.

Article XI.

Section 1: The legislative power of the city is vested in the Common Council, but the same is subject to and shall be governed by all of the initiative or referendum provisions of the constitution of the State of Oregon as the same is now in force or may hereafter be amended, and subject to any of the initiative and referendum provisions of the Charter of Tillamook City or ordinances legally enacted under pursuance of the constitution aforesaid, or of any of the provisions of said Charter.

Section 2: Whenever any initiative or referendum measure is to be voted upon at any general or special election, the City Recorder shall cause to be placed upon the ballot at the election at which any such measure is to be voted, a ballot title and brief description of the measure to be voted on in such form as may be prescribed by the Common Council in accordance with the Charter of the City.

Section 3: The People of Tillamook City, or the Common Council thereof, subject to the initiative and referendum powers reserved to the people, shall have full power and authority to provide by appropriation ordinance or ordinances not in conflict with any superior power or authority, for the purchase or erection, construction or maintenance and operation, of a complete system of water works, electric or gas light plant or plants; to create a sewer district or districts within the city, and to put in or maintain a sewer system or systems, or a system of drains for the City, and to make the cost of such drains or sewers, or any part thereof, a charge or lien upon the abutting or adjacent property within said district, and to compel the connections of closets, cess pools, and drains with said sewer or sewers, and to borrow money upon the credit of the city therefore by issuing bonds or otherwise. Provided, that the indebtedness of the city shall not at any time, exclusive of funds available for payment thereof including sinking funds raised for the purpose of defraying said indebtedness, exceed in the aggregate the sum of Seventy Thousand Dollars ($70,000.00) exclusive of improvement bonds issued in accordance with the charter provisions of Tillamook City.

And the Common Council is authorized hereby to levy and collect an annual tax of not to exceed 10 mills upon each dollar of taxable property in the city, to pay the interest and principle of the city's indebtedness and the authorized expenditures of the city for all legal purposes.

II

A measure to Amend Article XIV of the Charter of Tillamook City, Oregon, as said Article was adopted by the legal voters of Tillamook City, Oregon, at a special election held in said city on October 19th, 1914.

Be it enacted by the people of Tillamook City, Oregon, as follows:

Section 1: Article XIV of the Charter of Tillamook City, Oregon as said Article was adopted by a vote of the legal voters of said Tillamook City at a special election held for that purpose on October 19th, 1914, is hereby amended so that the same shall read as follows:

ARTICLE XIV.

Section 1: The Common Council of Tillamook City, Oregon, is hereby authorized to issue and sell to George L. and John A. McPherson, or their order, upon the faith and credit of Tillamook City, Oregon, the general bonds of said Tillamook City to the amount of Forty Thousand Dollars ($40,000.00) at the price of par, and a premium of three per cent, together with accrued interest from date of bonds to date of payment thereon to the purchasers. The proceeds from the sale of such bonds shall be applied by the Common Council of Tillamook City, Oregon, to the payment of the outstanding warrants of the city and to the defraying of the necessary running expenses of the city for the year 1915 including the necessary cost of a bridge to be constructed over the Hoquarton Slough on Second Avenue East in Tillamook City. The purchasers of the bonds shall not be required to see to the application of the proceeds thereof. No part of the proceeds from the sale of said bonds shall be used for the payment, in whole or in part, of any warrants which have heretofore or may hereafter be issued without any consideration therefor having been received by Tillamook City.

Section 2: The bonds hereby authorized shall be issued in accordance with the other charter provisions of Tillamook City, except it is hereby expressly provided, that the ordinance providing for the issuing of said bonds shall not be subject to the referendum, and the referendum provisions of the other portions of the Charter of Tillamook City are hereby declared not to be applicable to the bonds authorized to be issued under the provisions of this Article as hereby amended.

III

A measure to amend Section 12 of Article VII of the Charter of Tillamook City, Oregon.

Be it enacted by the people of Tillamook City, Oregon, as follows:

Section 1: Section 12 of Article VII of the Charter of Tillamook City, Oregon, as the same was amended by vote of the people of Tillamook City at an election held for that purpose on October 19th, 1914, is hereby amended so that the same shall read as follows:

Section 12: When the whole of the improvements covered by any one ordinance thereto shall have been fully completed and accepted by the Common Council, the Common Council shall then cause the cost of such work or improvement to be apportioned to the property affected thereby within the improvement district established thereto as required by the ordinance authorizing the same, in the manner following:

Each lot, or tract of part thereof, within the limits of said improvement district abutting upon any street improved shall be liable for that portion thereof hereinafter mentioned, or making said improvement upon half of the street in front of and abutting upon said lot, tract, or part thereof and also for a proportionate share of the cost of improving intersections or ends of the streets bounding the block or tract in which said lot, tract or part thereof is situated, but the said total cost shall be apportioned in accordance with the following plan:

Said local improvement district shall, for the purpose of ascertaining the amount to be assessed against each separate lot, tract or parcel of land, or other property within said district, be divided into subdivisions, or zones paralleling the margins of the street or streets to be improved, which said subdivisions on each side of the street to be numbered respectively 1st and 2nd. The first subdivision shall include the area one-third of the improvement district, and the third subdivision shall include the outer third of the improved district. The different subdivisions to be bounded by lines drawn parallel with the respective street margins, and the measurement hereof shall be of the extent which the Common Council shall determine by its resolution establishing the same.

The city of improvement per square foot in each subdivision shall be fixed by the Common Council at such rate as the special benefits conferred by a square foot of land in said subdivisions First, Second and Third respectively are related to each other as are the numbers 12, 10 and 8 respectively, and shall be ascertained in the following manner:

The product of the number of square feet in subdivisions First, Second and Third respectively, and the numbers 12, 10 and 8 respectively, shall be ascertained and their sum taken, which sum shall be divided into the total cost and expense of such improvement, the quotient of the result multiplied by the numbers 12, 10 and 8 respectively, shall be the assessment per square foot for subdivisions First, Second and Third respectively. The total assessment thus ascertained against each separate lot or part of lot, tract or parcel of land, or other property within such district, shall be apportioned as the amount to be levied and assessed against each separate lot or part of lot, tract, parcel of land or other property respectively. Provided, however, that the Common Council may, in its discretion, at the time of establishing any local improvement district, further equalize any portion of the cost of the making of such improvements, or any specified part thereof, shall be paid out of the general fund of Tillamook City.

The number and form in which the ballot titles for said measures will be printed on the official ballot is as follows:

"Proposed by the Common Council.

100. ..... Yes

101. ..... No.
