One of the busy places in town is the wool working establishment owned by Frank Heyd and located in the risk building. Mr. Heyd has installed there a sash machine, universal wool worker, sander, mortiser, hand saw, turning lathe, swing cutoff saw and boring machine. To run this machinery a 15 h. p. electric motor is used. Six men are now employed at the works, and there seems plenty to do.

I will sell four cows coming fresh soon on account of being over stocked. Inquire Herald.

The Tillamook band boys are at somewhat of a loss. It seems that Mr. Win Trombley has decided to be the leader of another band. No doubt he will be kept busy on his trip with his newly organized band. Mr. Watson says we should worry. Our musical talent can not be surpassed by Win's new organization. We understand that the new band was 100 strong when it left Tillamook with every section complete.

Leave orders for all kinds of wood with the Tillamook Feed Co. Three year old heifers coming fresh soon, all high grade Holsteins. Three two year old bulls, one Holstein. See John Theiler, Hemlock, Ore.

John Dongal, who represents some of the timber interests arrived in the city on Tuesday. He states that he recently went over the Columbia Highway which is under construction in Columbia and Clatsop counties. These counties bonded to build this road, but have spent all their money and still the road is incomplete, by a long way. Evidently some one made some miscalculations. The work has been done under the supervision of the state highway engineer. There seems to be a bad mixup over the affair everyone trying to blame the other fellow for the trouble.

Mrs. Edward Giffins and daughter Margaret have been visiting friends and relatives at Valley points this week.

BERNHARD DERNBURG

Bernhard Dernburg, who is reputed to be the Kaiser's unofficial diplomatic representative in the United States.

WILL SEND CASH TO MEXICO

Navy Department to Aid Twine Makers to Train Mexican Hemp.

Washington—An American warship will take to Mexican money to finance the movement of Mexico's vital hemp crop. It is to be used for binding the enormous wheat crop made by farmers of the United States this year. The money—\$25,000 in currency, which manufacturers propose to advance to the hemp growers—is in bank at San Francisco, Cal., but no safe means of getting it to Mexico had been found.

Secretary Daniels agreed to permit the use of a warship for the purpose, after hearing a statement by representatives of the local purchasers, who outlined the difficulties that had been encountered.

America to Seize German Steamer.

Washington.—Attorney General Gregory instructed the United States District Attorney of Porto Rico to institute libel proceedings against the German steamship Odenwald, which attempted to leave San Juan harbor without clearance papers.

Under those proceedings the vessel may be held in the custody of a marshal pending settlement of the question whether she shall be forfeited to the United States, under the recent joint resolution of congress prescribing penalties in such cases.

Suffrage Lost in Maine.

Augusta, Me.—The cause of equal suffrage met defeat in the legislature here, although it had a good-sized majority. The resolution in the house fell short of the two-thirds vote required for its adoption.

Texas Fruit Hard Hit.

Marshall, Tex.—With the thermometer as low as 22 degrees this week, fruitgrowers say the Harrison county fruit crop is ruined and the yield in the main Texas belt this year will be way below normal.

SAN JUAN FORTS FIRE ON STEAMER

San Juan, Porto Rico.—The German merchant steamer Odenwald, which attempted to leave port without obtaining clearance papers, was stopped as she was passing out the entrance to the harbor by two shots across her bows from a five-inch gun and direct shots from a Maxim. She then returned and was taken in charge by the collector of customs.

Permission to sail was refused the Odenwald by the collector, pending instructions from Washington.

Failing to obtain the necessary clearance papers, her commander apparently decided to risk the attempt to put to sea. A heavy gun on Morro Castle sent two shots across her bows as a warning, but it was not until the machine gun opened a direct fire that the steamer stopped and headed back to port.
