Celebration at Maple Leaf Factory

Tenth Anniversary of Creamery As-
sociation an Important Milestone.
300 At Banquet.

The evening banquet and evening
dinner at the Maple Leaf Creamery
association celebration, its tenth
anniversary, about 300 were present
at the banquet including patrons,
their families and friends.

The tables were arranged with good
things in 1905, 25 Plymouth Rock
West, 1906, 1907, of apples, one
candy or beverage, one box of crackers,
15 gallons of ice cream was served
to fifty guests of cake, pie and a
large amount of other delicious
foods.

At the conclusion of the banquet
J. W. Edwall gave an interesting
history of the life of the association
which is as follows:

Beginning dissatisfied with the man-
ner in which the factory in the Wil-
son street has operated a number of
farmers in the neighborhood held a
preliminary meeting looking toward
building a factory of their own. This
was held in 1905. This resulted in
certain resolutions in favor of im-
provement and building a cheese
factory. The men designated to act as
investigators were Gus Wicklund,
Albert Mason and Peter Heisel. Two
of them are now directors.

The date of the charter is February
5, 1905.

The by-laws were adopted February
16th, 1905.

James Williams, Peter Heisel and
Gus A. Swanson were elected the
first directors and took their oath of
office on February 18th, 1905.

There had been more or less trouble
for some time between the farm-
ers and those operating the cheese
factory. The factory commenced op-
erating just ten years ago. At first
several of the dairymen continued
sending their milk to the McIntosh
Cheese Company, but soon all were in
the and have since stayed with the
factory.

Operating a co-operative cheese
factory was at that time not as easy
as at present. No one knew much
about the manufacture or sale of the
article, in fact the markets were pretty
well in control of the private manu-
facturers. It was not the easiest prop-
osition to get into the leading mar-
kets with our cheese, because some of
the leading dealers had contracts
with private manufacturers to get
their supplies from them. Several of
the patrons predicted the factory
would not operate one year.

The people in this section were for-
tunate in building when they did, as
by that means they were not caught
in the failure of the McIntosh Cheese
Company. This probably saved the
farmers some thousands of dollars.

One might go on and hand you peo-
ple some bouquets but it is only fair to
state that time has proven that you
took the right track when you started
out on the proposition of manufac-
turing and marketing your own pro-
duct, getting what the cheese was
worth under varying marketing con-
ditions.

The capital stock of the company is
\$2,500.00 of which \$1,475.00 was sub-
scribed. \$800.00 of the capital stock
has been bought up and held by the
company as treasury stock, the out-
standing stock now being 27 shares,
par value being \$75.00.

On March 25, 1905, the company
secured a loan of \$2,500.00 from Geo.
Cohn, this to help pay cost of build-
ing.

Kasper Schlappi was the first
cheese maker, working at the factory
from the first day it operated until
some time in July, 1906. Since that
time Mr. Guy Ford has been cheese
maker, holding that position for a
longer time than any cheese maker in
Tillamook County.

I have been acting as secretary and
salesman of the company since its
organization and I can say without
fear of contradiction that at no time
in the ten years has anything come
up which in any way has rendered to
bring any disagreement between the
secretary and the directors, or as far
as that is concerned, between any of
the stockholders. I have always
counted the patrons of this factory
as among my best friends. The work
of the factory has tended to build up

ATKINSON-EDGAR NUPTIALS

On Sunday last Miss Maude Edgar
of South Prairie, daughter of Mr. and
Mrs. L. A. Edgar, was married to
Gus S. Atkinson of Sandlake. The
ceremony took place at the home of
the bride's parents and was solemnized
by Rev. William Forester, an uncle of
the bride.

The bride has taught school in the
county and is one of our most highly
respected young women. The groom
is well known throughout the county
and is held in the very highest esteem
by all who know him. The Herald
joins a host of friends in wishing Mr.
and Mrs. Atkinson a long and happy
wedded life.

NIGGER JOHNSON WHIPPED.

The pugilist Jack Johnson was de-
feated at Havana, Cuba, yesterday, in
the 26th round by Jess Willard, a Kan-
sas cowboy.

a community interest and community
feeling, which it is to be commended.

The receipts of milk, cheese manu-
factured and amounts received for
1905-1906 organization is as follows:

1905	2,300,375	269,735	\$31,359.09
1906	2,245,559	357,180	45,872.24
1907	2,125,370	378,644	53,990.97
1908	2,510,394	395,241	49,134.32
1909	4,213,371	453,845	70,152.49
1910	3,905,179	477,339	69,204.42
1911	5,075,270	441,420	60,924.48
1912	4,800,293	527,293	80,460.88
1913	4,534,099	512,701	75,766.31
1914	4,861,081	550,592	84,520.70

This makes totals as follows:
Milk receipts: 32,803,445 lbs.
Cheese manufactured, 4,330,067 lbs.
Cheese sold for \$228,282.88.
64,244 boxes cheese made. This
would make a line of cheese when
laid side by side over 42 miles in
length.

During 1906 the average yield was
30.33 lbs. cheese per 100 pounds milk.
During 1914 the average yield was
31.33 lbs., being a gain of exactly one
pound cheese per 100 lbs. milk over
the first year the company operated.
The best the first year averaged 2.97
and last year the average was 3.99, or
practically the same. The increase
would amount to 48.619 lbs. last
season, worth at least season's prices
the sum of \$7,487.32. This has been
gained by bringing better milk, more
modern appliances, expertness in the
cheese making and the system of in-
spection we now have, all these fac-
tors have helped.

The rock upon which most co-op-
erative organizations have been
wrecked has been that of internal dis-
ensions. It is absolutely necessary in
an institution of this kind that the
men you have elected or may elect
from time to time have your un-
divided support in doing what they think
is best for the institution. Because
you have done this, I believe largely
accounts for the success of your
organization here.

In conclusion I wish to congratu-
late all of you upon the splendid suc-
cess you have made of the Maple
Leaf Creamery Association during
the first ten years of its operation.
May the next ten years show as
great an improvement and may the
people who may carry on the work
the next ten years have the support
of the patrons and stockholders that
the directors have always had from
you.

At the conclusion of Mr. Haber-
lich's address, he acted as toastmas-
ter and called upon Erwin Harrison,
of the Tillamook County Bank, gave
an address on the subject: "What be-
comes of the cheese money?" C. E.
Trombles, of the Herald, who was
then called on gave a short talk, after
which the speech making was called
off until the afternoon.

In the afternoon the program was
taken up again, the first speaker called
upon being Fred Christensen who
talked on "Quality of cheese and how
it may be improved." Guy Ford,
cheese maker at the Maple Leaf
factory, and the oldest cheese maker
in Tillamook County, was also called
on for a talk. Rev. Gittins gave a
fine address on "anniversaries" at the
close of the program which was much
appreciated.

In the evening a fine time was en-
joyed by young and old, songs were
sung and other forms of amusement
indulged in.

Go to the Ramsey House "GoodEats."
M. A. Olson serves the best.

Farmers Will Have Short Course

Agricultural College Will be in Tilla-
mook For Three Days, April 26-28
Big Days for Farmers.

Agricultural College coming to Tilla-
mook for three days, April 26-28-28
Tillamook will be given the oppor-
tunity, the last of this month, to at-
tend a three-day short course con-
ducted by the State Agricultural Col-
lege. Those who attended Farmer's
Week at the college this winter were
well pleased with the time and money
spent and stated that there should
have been at least seventy-five people
there from Tillamook. You are now
going to have a similar opportunity
right here at home at much less ex-
pense. On the staff will be one or two
practical dairymen, a livestock man,
a veterinary, a crop and drainage man,
a poultry man and a lady in home-
science.

This course has been arranged by
County Agriculturist Jones in co-
operation with the high school, the
Commercial Club, the Civic League
and the Grange.

There is no farmer in the county
but who has some sort of problems
to solve, either tillage, drainage, dairy
cattle feeding, breeding, or diseases
such as abortion, eaked milk, milk
fever etc. Here is the chance to get
information right at these lines.
These courses have been held in
other counties with great success.

Let us show that Tillamook County
is a wide awake as any county in
the state.

Watch this paper for further notice.
R. C. Jones,
County Agriculturist.

TILLAMOOK BOY ORDAINED

On Monday and today ordination
services were held at the Mt. Angel
College. John Melchior a Tillamook
boy was ordained into the priesthood
of the Catholic Church on this occa-
sion.

Several Tillamook people were pres-
ent, among whom were Rev. Father
Van Clarenbeck, M. Melchior and Mrs.
Melchior, Hubert Melchior, Mr. and
Mrs. John Burns, Mr. and Mrs. Jos.
Durrer and daughter Helena, Mrs. Ben
Jacob and son Herman and Mrs. S. S.
Johnson.

Rev. Father John Melchior will say
his first mass in Tillamook on Sunday
morning, April 18, at 10:30 o'clock.
A number of outside priests will be
present.

All kinds of wood and fence posts for
sale. See Shrode.
