## OREGON NEWS NOTES OF GENERAL INTEREST

### Events Occurring Throughout the State During the Past Week.

**Two Lumber Mills to Open.**  
Klamath Falls.—The Alpena lumber company sawmill opened for a week's run Monday morning. The mill will give employment to about 200 men, and has a capacity of 125,000 feet of lumber every 24 hours. There is about 15,000,000 feet of lumber to be cut by the plant this season. The best factor at the plant has been running to capacity all winter.

The enlarged and improved Longlake dam project on Upper Klamath lake will open April 15. This dam has a capacity of 10,000 feet a day and will employ about 25 men.

**Staff is Appointed by General White.**  
Portland.—Adjutant General George A. White has announced his appointments to the general staff of the Oregon national guard. The personnel of the new staff is as follows: Colonel, Fred C. Hammond, Eugene; captain, David E. Bowman, Portland; captain, Leo J. A. Preece, Portland; captain, John A. Buchanan, Roseburg; captain, Fred J. T. Tabbens, Portland; and colonel, Leonard McLaughlin, of the United States army.

**Europe's Whales Wanted in the East.**  
Eugene.—The necessity of comparative anatomy of Cambridge, Mass., wants to buy Eskimo whale, according to Dr. James Fullerton, donor and manager. The field manager, at Eugene, has also written to Mr. Fullerton asking him to set a price on his animal, the same whale that he thought up from the coast of Linn county and the one that the university of Oregon refused to accept after it arrived, carrying on near all its own. Mr. Fullerton has refused to sell it if it has been given to Eugene.

### HEALTH LAWS INSUFFICIENT

Sanitary Code for Smaller Cities Approved by University of Oregon.

Eugene.—After examining a large number of health ordinances of Oregon cities, I have been impressed with the insufficiency of these to deal with health conditions. Most of them deal in an incomplete manner with contagious diseases and nuisances, but none of them covers the whole field of activities of a modern health department. For this reason it seems that the first and most urgent need at Oregon cities is a complete sanitary code. This statement was made by Dr. C. Sowers, professor of municipal pathology at the University of Oregon.

A summary code which is suitable for towns and cities outside of Portland has been prepared by the municipal research bureau of the state university. A great number of recent ordinances from American towns were used as references, and the provisions of the Oregon health laws and regulations of the state board of health were incorporated wherever found applicable.

This code may be had free on application to the extension division of the university.

### Wool Growers Meet at Baker.

Baker.—Urging that the Portland wool market be encouraged, protesting against the abolishment of the ten percent rate and favoring an equal valuation of livestock in all counties, 50 eastern Oregon wool men held a meeting here.

The sheepmen were brought here by Miles Lee, of Baker, and R. N. Sims, of Stanfield, with the purpose of getting the men closer together.

### Bounty Collections Heavy at Baker.

Baker.—Now that coyote and other animal pelts are being paid for out of the fund for the first time since the bounty fund ran out last fall, many hunters are bringing in pelts to the county clerk. The first day nearly 40 were offered here and many bobcat and lynx hides were also cashed in. Hunters have been saving their coyote skins for months.

### Junior Civic League Plan.

## CHICAGO GOES REPUBLICAN

Thompson Elected Mayor by 139,389. Other Republicans Win Pluralities.

Chicago.—William Hale Thompson was elected mayor of Chicago by a plurality of 139,389. He carried the entire republican city ticket to victory. When voted for the first time at a majority election in Chicago and returned showed that the relative percentage of men and women votes received by Thompson and Robert Sweitzer, defeated democrat, were approximately the same.

Other city offices were won by republicans by about 75,000 plurality and the city council is probably republican for the first time in several years.

Thompson's plurality was the highest ever given a candidate for mayor of Chicago. The nearest approach before was in 1897, when Carter H. Harrison received 79,130 more votes than John Maynard Heenan, the republican.

### Stage Robbed Near Baker.

Baker, Or.—Facing the guns of two masked men, Ralph Moorehouse, driver of the Rainbow-Durkee stage, was forced to deliver a gold bullion brick, representing the weekly cleanup at the Rainbow mine, valued at about \$7000, to the robbers.

## JACK JOHNSON IS DEFEATED BY WILLARD

### Black Man Scores in Early Rounds but Loses to White Champion in 20th.

Kansas.—The fight for the heavyweight championship of the world between Jack Johnson, colored, of Texas, title holder, and Jess Willard, white, of Kansas, resulted in the defeat of the black man in the 20th round.

The early rounds were filled with flashes of Johnson's former wonderful speed, when he would rain rights and lefts to Willard's body and face, delivering ten blows to one of the big white challenger's. Through all this time Willard was strictly on the defensive, and on occasion Johnson played with him, once standing with guard down and letting Willard swing at him, only to dodge and laugh at the awkwardness of his opponent.

Willard looked clumsy against Johnson. A more skillful man might have knocked Johnson out after the 12th round, for after that the negro was going on speed and nerve and skill.

The end of the fight came with a suddenness that dazed the spectators. It followed two or three rounds of almost complete inactivity on the part of the colorless man, and the crowd settled down to a long drawn-out struggle, believing that it would go the full limit of the 45 rounds.

Speaking of the final round that won him the victory, Willard said:

"The blow that brought the fight to a quick conclusion was a right-hand smash to Johnson's body early in the last round. I felt Johnson grow limp in the next clinch and knew I had the championship with a reach. A left to the body and a right smash to the jaw put Johnson down for the count."

### Robinson Mayor of Boise.

## WHITE FLAG DISREGARDED

Report to Washington Shows Dresden Was Attacked in Neutral Zone.

Washington.—Details of the attack on the German cruiser Dresden in Chilean waters by a British squadron were officially received by the United States government with information of the character of the representations recently made by Chile to the British government over the incident.

It was revealed for the first time here that the Dresden was about to be interned by the Chilean government for overstaying the limit of 24 hours granted to her when the British auxiliary Orama and cruisers Glasgow and Kent opened fire.

The report adds that the white flag was run up on the Dresden and word was sent to the British commander that the attack was being made in territorial waters. As that failed to stop the attack, the German captain blew up his own ship. When the German captain and crew reached Valparaiso they were interned.

### Terre Haute Mayor Convicted.

Indianapolis, Ind.—Mayor Don M. Roberts of Terre Haute and 26 other defendants who were tried here on a charge of election frauds in Vigo county were found guilty by a jury.

### Grant's Pass Line to Ocean Assured.

Portland.—Completion of the California & Oregon Coast railroad from Grants Pass to Crescent City, Cal., at a cost approximating \$1,000,000, was assured when Twigg Bros. railroad contractors of Portland, arranged with the city officials of Grants Pass to finance the project and perform the work.

## PINCHOT EXPELLED FROM BELGIUM

The Hague.—Gifford Pinchot, ex-chief forester of the United States, who, it is understood, has been acting as special agent for the state department at Washington in the European war zone, has been expelled from Belgium by the German authorities.

The German authorities objected because Mr. Pinchot's sister is Lady Allen Johnstone, wife of the former British minister to Denmark, who is still in the British diplomatic service. Germany has insisted from the beginning that all agents and consuls of the American government in Belgian territory under German military occupation should have no connection, however remote, with her enemies.
