Regular Meeting of City Dads

The Proposed Construction of a New City Hall Discussed as Well as Other Matters.

Petitions containing several hundred names, most of whom were tax-payers, and many of them being the names of our prominent business men, demanding a new city hall, were presented to the city council last evening. Dr. Boals quite strenuously and seriously objected to the council taking any cognizance of the petitions. There were also others on the council who were not in favor of taking the initiative in regard to the matter. We understand that initiative petitions will be circulated and the matter will be referred to the people as soon as possible.

The council instructed the engineer to survey an extension to Miller Ave., west to city limits.

The city engineer was instructed to secure permit from the War Department for new bridge across the slough.

Council adopts report of engineer for pavement on Fifth St. from Second Ave. East to city limits, and on Second Ave. East from Ninth south to city limits, and on Third Ave., between Fourth and Fifth St.

Ike Shortledge is appointed day police.

The usual bills were acted upon.

CLEAN UP DAY PROCLAMATION

It is desirable that we should have at least two days set aside for the cleaning and beautifying of our city.

The unsightly lawn, back yard, and street alley, are not in keeping with our streets, beautiful homes and fine business buildings.

The fact that there is at this time a general movement among all towns in our state toward cleaning up, makes it especially important that we exert ourselves to have our city as cleanly and attractive as possible.

Therefore I proclaim Thursday and Friday, May 6th and 7th, as CLEAN-UP DAYS, and give their attention to cleaning and beautifying their surroundings.

S. A. Brodhead,
Mayor.

Note: Teams will call and haul away garbage on the dates mentioned above. Notify 77 J.

THEY NEED A ROAD

Mr. Jas. E. Hatch and A. J. Baier, representing five families and 15 wood choppers on Moss Creek near the Miami, presented a petition to the County Court Monday asking for a county road from the Miami up Moss Creek. The need of a road in this section is conceded by all and will be the means of placing much land on the assessment role. Until recently this section was undeveloped but the Geibisch & Joplin quarry on the Miami has been the indirect cause of the development. The quarry people are cutting the alder, maple and woods along Moss Creek and the farmer is getting his lands cleared free. Its the old story of waiting for an angel and the angel came.

VOLUNTEERS WANTED

Last Sunday Judge Henderson and a party of three others walked from Tillamook to the lighthouse over the old lighthouse trail. The Judge is very enthusiastic over this piece of scenery and thinks that 20 men can, in one day, clear the trail of all brush and obstacles to foot or horseback passengers, so that the trip can be made with ease and comfort. It is only three miles from Bayocess to the lighthouse and if the trail is cleared, it will make a nice hike for many tourists this summer.

Any one desiring to volunteer for the work of clearing the trail are requested to notify Judge Henderson or L. V. Eberhardt at once.

THE "PRUDENT MAN" BEGAN EARLY TO BANK HIS MONEY—NOW HE ENJOYS IT.

A New York theatrical man with an income of \$25,000 a year went to Wall Street with \$20,000 and tripped it. His head was turned—in a few months theatres closed—income ceased and Wall Street had finished his spare change. The EXTRAVAGANCE his family had been used to soon drove him to the extremity of mortgaging property and sacrificing pet securities. Today he is BROKE.
