FRIDAY JULY 24, 1915

There is considerable speculation as to what Ex President Roosevelt is doing on his trip to the coast. There is no doubt but that his trip has a political significance. Some believe that Teddy is pulling the wires for his own election to the presidency in 1916. We do not think he is. He is most likely lining up his forces with the idea of dictating as to who shall be the Republican party nominee next year. If Roosevelt desires to see who shall be the party nominee and his name should be elected, he will be the mighty man behind the throne. With a prospect of this kind in view will that element of the party which remained loyal to the ticket in 1912 take kindly to this view of things or will they in turn turn insurgents. Roosevelt is determined to run the party if he can. If he can't then what?

The controversy between the United States and Germany over certain lines of the submarine is now approaching the acute stage and the nation is, as it were, holding its breath in anticipation of the next important move that may be made. There are certain "fire eaters" in this country who seem to be determined that this country shall go to war, and are ridiculing those who are standing out for peace. While we are not for peace at any price, by any means, we have no time for the ultra militarist. The forces of our country can be so organized as to repel invasions if necessary without overburdening our people, and this should be done speedily, for if the last year has taught us anything it has taught us that commercialism has such a hold upon this old world that humanity is but a second consideration, especially from a world wide standpoint. We believe that the people of the United States as a nation are endeavoring to give humanity first place, but we cannot say this of most of the other nations of the earth. If we should raise an army for self defense it will be because we are forced to do it, and not because it is our desire or pleasure. The most we should do in case of trouble with Germany would be to recall our minister and give the German minister his passports and then prepare for defense in case Germany should attack us. It is to be hoped, however, these things may not be necessary.

COMMUNICATON.

Salem, Oregon, July 19, 1915.

To County Superintendents:

Many inquiries have come to this office as to when the teachers from Oregon will leave for the National Educational Association at Oakland. Will you kindly say to all teachers that make inquiry of you that a large number of teachers, including representatives from this department, will leave Portland at 12:30 p. m. (thirty minutes after noon), on Saturday, August 14, for Oakland, arriving there at 9 o'clock Sunday evening; that the fare will be one and one-third rate. Delegates should purchase one way tickets to Oakland or San Francisco on any date from August 12 to 17, inclusive, 1915, taking receipt therefrom from the selling office. Such receipts when signed by me and stamped by the ticket agent will be honored for return tickets at one-third fare to original starting point on any day from August 16 to 30, inclusive.

All teachers who contemplate joining our party on Saturday, August 14, should through their local agents, make Pullman reservations or write to John M. Scott, General Passenger Agent, Southern Pacific, Wells-Fargo Building, Portland, Oregon.

Teachers and friends of education will in this way form car parties that will make the trip a very pleasant one. Those teachers who care to have us secure rooms for them in Oakland or San Francisco should write at once in order that we may secure the rooms for them.

We should appreciate your giving the widest publicity among your teachers who contemplate going to the N. E. A. in August.

Very truly yours,
J. A. Churchill,
Supt. Public Instruction.

HARMONY

Dell Burdick and family are going to move to the J. Murphy place North of here the first of August, where they

will remain one year. It is understood Mr. Burdick is going to run the place for that length of time.

Here is one for the voracious amateur fisherman to remember.

A trawlerman. He had been fishing and had poor luck. Meeting an old fisherman who had a good catch he nagged for five of the largest mussels he had. "Now," he said, "just stand over there and throw them to me." "What for?" said the fisherman. "So I can tell the boys I caught them. I may be a poor fisherman, but I'm a bar." Normal instructor.

Herald A. Anthony who is collecting specimens of birds and animals for the American Museum of Natural History of New York City, is stopping at Clara Nelson for a short time, from where he will proceed to Netart's bay. Clarence Mallett and Bud Hamlin left for the valley last Monday.

G. G. Graves and family are camping at Pacific City for one week in company with relatives from the valley.

Alex. Walker is erecting a new barn on his place.

Mrs. D. P. Hopkins returned from Haines last Saturday where she had gone on account of the serious illness of her brother, Mr. Shipley, who is now convalescing.

Agri was born to Mr. and Mrs. Geo. Vanderveer last Tuesday.

BAR VIEW

The past week has seen a change in the weather at the beach. The southern winds and rain have given away to the northern winds and sunshine, which indicates fair weather for a while at least. The attendance is increasing daily and will continue as the weather improves. Sunday was an ideal day at the beach and hundreds were seen at Bar View strolling along the shore or watching the many bathers in their different maneuvers in the surf. Some of the Life Saving crew are always in evidence and pull off many pretty stunts. We might say for the benefit of the visitors that boat drills are given on Tuesdays and drills with beach apparatus are given on Thursdays, in the forenoon.

Among those from Tillamook who spent Sunday at Bar View were Judge Holmes and wife, Mr. and Mrs. Fred Christensen and children, Rollie Watson and family, Alex. McNair and daughter Miss Blanche, who had as their guests, his married daughter, Mrs. Payne, of Eugene, and Miss Barrett of Dallas.

The crowds at the dancing pavilion each evening of a dance give evidence of the popularity of the dances and the business like methods of the management.

Thursday of last week Leon Jackson and his guest L. R. Stiger took a hike from Bar View to Garibaldi, sailed across to Bayocean, hiked to Cape Meares light house, from there around to Tillamook, and arriving late to catch a train, hiked all the way back to Bar View before night. The boys say such a trip is a good thing for your constitution.

Bar View is favored each year by the visits of a number of Portland's most prominent policemen. The vanguard has arrived and consists of Lieut. L. A. Harms and family, Leo Martin and family, G. H. Horton and family, R. L. Oesch and family, H. M. Nutter and family, C. E. Klingensmith and family, John H. Young and wife, and Mrs. Van Overn, wife of Sargeant J. P. Van Overn, and her daughter, Lieut. and Mrs. Harms have with them the three daughters, Ruth, Verna and Grace, children of Sargeant Stahl, who was here last year, but who during the winter was killed accidentally. Bar View extends a hearty welcome to these big hearted fellows and their wives and children, who come each year to spend their vacation with us, to fish, to hunt, to swim and to rest. They are here for a good time and we trust they may enjoy themselves to the fullest extent.

Mrs. John Lowe and daughter Miss Erma, in company with Mrs. Richard Blade and little grandson Albert Niles have arrived from Portland and opened the Morrison cottage.

Mrs. Carl Arnold enjoyed a visit with her father G. L. King, of Ontario, Oreg., who was here for a few days last week.

F. M. Phelps, a Portland attorney was shaking hands with his friends here during the week end.

Mrs. J. H. Oliver of "Few Clothes Inn," is on a visit to friends in Portland.

Postmaster Agley of Bay City in company with his son Edwin, were taking in the sights at Bar View last Saturday.

W. D. Davis, of Albany, Or., a member of the Salt Air Orchestra, was in the city a while Saturday.

Dr. C. W. Abel and wife, of Fullerton, Nebraska, accompanied by his mother Mrs. F. Gilbert of Portland, were the guests of M. L. Rissard and wife over Sunday. They were on their way to San Francisco, to attend the Exposition.

Miss Dotie Reeves, a teacher in the McMinnville schools is a guest of her sister Anousia in camp here.

Dr. Goucher and family of McMinnville are expected soon.

Geo. Mashe and wife are here from Portland. George is the new member of the coast Guard, serving in the place of James Snyder who is away on his vacation.

R. W. Peterson, wife and daughter are here from Portland for a vacation. Rollie is a seaman for the Overland Car Co.

Earl Rolland accompanied by Mrs. Mada Johnson are McMinnville visitors who arrived Tuesday for a stay at the beach.

Mr. Krantz in company with Leslie Sealbrook drove in from Portland in their automobile. They report the roads not very good. Too much rain.

Frank Wood, with the Fithian Barker Shoe Co., Portland is here for a visit with his family at the Beach Knoll Cottage.

G. E. Danner, Mrs. Ed. Dixon and daughter Miss Ethel are here from Forest Grove for their annual vacation. They have a guest Miss Egg, a teacher in the schools of Mount City, Kan.

Mrs. James O'Connor and daughters Elizabeth and Kathleen are stopping at the Hewitt for the summer. Their home is in Portland.

Charles Gassett and Ed. Bush while on a visit to some friends of theirs, the Bushs, who live about 12 miles from Tillamook back in the woods, succeeded last week in killing a fine black bear weighing about 250 pounds. As evidence of their hunt you can see the bear skin at the Gassett Cottage in "The Meadows."

Harry Smith of Portland is here for his vacation a guest of the Jacksons.

M. E. Abrams has built up a good business in the photographic line.

Miss Druso is a Portland guest of Mr. and Mrs. F. C. Robinson.

Norris Emery is building an addition to his residence.

Mr. and Mrs. R. M. Stevens have arrived from Forest Grove and opened their cottage for the summer.

GARIBALDI

The fishing season is now open as well as the beach season. Some fishermen report a good catch while others do not succeed as well. Joe Swabaw seems to be in the lead so far. Some fine fish have been taken from the bay during the past week. A fish warden is doing duty here to see that all fishermen comply with the law. Beach traffic has not become very strong as yet.

Christian Church Notes

You are invited to hear the following program at the Christian Church Sunday night July 25th.

We are making a special effort to hold our Sunday School up to the 299 mark during the summer months. Don't say it can't be done but come and help us do it. "All things are possible to them that believe," while the one who doubts has already failed. "When things are at their worst is the time to fight; it's easy to be brave when all things go right!"

We will be glad to welcome you to any and all of our services next Sunday. The sermon subject for the morning service will be: "The Good Shepherd giveth His life for the Sheep."

THAT CAR

He owned a handsome touring car,
To ride in it was heaven,
He ran across a piece of glass—
Bill—\$14.97.
He took his friends out for a ride,
'Twas good to be alive,
The carburetor sprang a leak,
Bill—\$49.55.
He started on a little tear,
The finest sort of fun,
He stopped too quick and stripped his gears,
Bill—\$60.51.
He took his wife down town to shop,
To save car fare was great,
He jammed into a hitching post,
Bill—\$278.
He spent his little oil of cash,
And then in Anguish cried:
'I'll put a mortgage on the house
And take just one more ride."
—Exchange.

DR. REEDY HAS TRICK AUTO

Last evening while Dr. Reedy was on his way his auto took a sudden spell of jim jams, kicked up behind and left the road this side of the Upper Trask River bridge and plunged down a nine foot grade, turning several flip flops and finally landing at the bottom wrong side up. Doc was thrown several feet in the air, landing in a tree where he was caught on a limb by the seat of the pants and held suspended until kind friends came along and picked him off with a pruning hook. We understand the doctor came through the catastrophe without serious injury. His auto was soon righted and again placed upon the highway by the aid of the faithful horse and Doc went his way rejoicing.

Congratulates Tillamook Industry.

Edw. T. Hubert has received the following letter, which is of interest to the citizens of Tillamook County. It is from a prominent business man of Portland who had read the annual report of the production of cheese in Tillamook County which was published in the Tillamook Headlight on June 3, and shows how much better in quantity than in other parts of the state.

"I have been reading with interest your reports for 1914 and I note what progress in relation to the prices made for butter for up to date this year. I want to congratulate you upon such a splendid showing. I realize it is several cents short of last year, but as you probably know, I produce sweet cream for the Portland market myself and I have a great many neighbors on adjoining ranches on the Columbia River doing likewise, and the average price paid to my neighbors during the past six months for butter (at least this means sweet cream) has been around 30 cents, a little less rather than about 30 cents, for two or three months some of my neighbors only received 26 cents for butter fat. They are now getting in the neighborhood of 34 and 35 cents. So the organization you have in Tillamook appears to me to be the greatest for the farmers there is. In most sections of the state they are receiving from 5 to 10 cents less for butter fat than the Tillamook farmers are making."

WILSON LIKELY TO FIRM WITH GERMANY

Washington.—With the return Monday of President Wilson, the isolation of the policy to be followed by the United States as a consequence of Germany's last note in the war was begun.

While details as to the course to be followed are withheld, it is known that both the president and Lansing have practically made their minds that a definite cessation of what the consequences of a violation of American rights should be given to the German government in the next coming. There is little likelihood that will be any further discussion of principles involved.

By the recent attempt to force British lines through, carriers of Americans in her voyage United States with no manifest contraband, officials here feel the position of the United States in its previous policy has been fully strengthened. They do not believe that the American case that the character of a vessel is decisive and cases can be settled simply by visit and search.
