FACTS ABOUT LIGHTHOUSE TRAIL

The Editor Herald:

For information of the public I would say that the "Light House Trail" over the mountain is open for foot and horse passengers, but some of the bridges are old and not safe. Next Sunday a number of the public spirited "boys" will cut out ways around and above said bridges, so that horsemen can go around and not over same. The meeting place will be Olson's restaurant, and the hour 5 a. m. Those who cannot get there at that hour can come on later, as the road is open, and the "hiking" good. Mr. Elmer Hoag will take some of the tools in his buggy around to the west end of the trail, but it would be well for those coming to bring with them a shovel or grubbing hoe or brush hook, if they have such handy. One or two will be all that is needed of each kind. I think one brush hook is on the ground now. The distance over the trail to the several points is as follows: To the summit about 4 miles; to the beginning of the trail 2 miles; the length of the trail over the mountain from the slaughter house to the county road at the Maxwell place about 4 1/2 miles; from the end of the trail along county road to the lighthouse about three miles. Total distance from center of town to lighthouse about 9 1/2 miles. From county road to lighthouse to 1/2 mile, from lighthouse to Bayocean, 3 1/2 miles. From Tillamook to Bayocean 12 1/2 miles. From Tillamook over the lighthouse trail to "Happy Camp" on Netarts Bay, 9 miles.

Respectfully,
John Leland Henderson

RACK SHOTS TO VISIT

TILLAMOOK BEAT W.E.

Mr. and Mrs. Adolph Topperwein, the celebrated marksmen, will give an exhibition of expert and fancy shooting at the Fair Grounds, Friday September 3rd, which everyone ought to see, as no such marvelous shooting has ever been done in this section.

It will be a revelation of all of the wonderful possibilities of modern arms and ammunition in the hands of the greatest experts. Mr. Topperwein is the acknowledged dean of fancy and trick shots, and his many feats are of highly sensational character. Mrs. Topperwein has no equal among women for adaptability in shooting. Ladies are especially urged to go and witness her astonishing skill with shotgun, rifle and pistol. Admission will be free to all.

Some idea of the unusual character of the exhibition given by the Topperweins will be gained from the following remarks: Adolph Topperwein, the greatest living fancy and flying target shot with a rifle, represents the Winchester Repeating Arms Co. and lives in San Antonio, Texas. His native state has long been noted for

its expert shooters and this penchant for shooting among Texans, added to his natural ability, undoubtedly accounts for the wonderful skill he displays. He uses no special equipment, but ordinary Winchester rifles, shooting regular cartridges with solid ball, or, in other words, cartridges such as are sold by all dealers. He shoots at oranges, apples, bits of coal or brick, walnuts, small marbles, empty cartridge shells, and many other tiny objects, which are all thrown into the air and hit with either rifle or revolver.

In the most remarkable exhibition of rifle shooting ever given Mr. Topperwein shot for ten days at 72,500 2 1/2 inch wooden blocks thrown into the air by an assistant, missing only 9 out of the entire lot. During the shooting, he made straight runs of 14,540, 13,599, 13,292, 13,219 and 10,383. He used two Winchester automatic rifles and Winchester cartridges, and the loading of the rifles was done by himself. Considering the almost incredible score and the tremendous strain of such incessant shooting, it is unlikely that this record will ever be beaten.

Other remarkable feats by Mr. Topperwein with the rifles were his scoring of 85 out of 100 2 1/2 inch targets throwing into the air while riding at full speed in an automobile; and the breaking of 2,307 targets without a miss at the World's Fair at St. Louis.

Mr. Topperwein is the originator of many marvelous fancy and trick shots and also of the feat of drawing the heads of Indian chiefs and other pictures with bullets shot from a rifle. Rifle shooting is not his only achievement, as he does wonderful work also with revolver, pistol and shotgun.

Mrs. Topperwein, who also represents the Winchester Repeating Arms Co., is undoubtedly the premier lady shot of the world. Although she took up shooting only a few years ago she has startled the shooting world and entertained many thousands of people by her great skill with rifle, shotgun and pistol. Shooting came naturally to her as without seeming difficulty she masters various kinds of shooting quickly.

Her first public appearance was at the World's Fair in St. Louis where, with a Winchester automatic rifle she broke 997 out of 1,000 2 1/2 inch flying targets; and later 1005 out of 2000 with a straight run of 1437.

Resides being a wonderful wing and fancy shot, Mrs. Topperwein is a consistent shooter at the traps and has made a straight run of 236 and won many high averages in open competitions, shooting against the best professional and amateur shots in the world. At San Antonio, Texas, July 18, 1908, she broke 1000 out of 1,000 targets thrown at the regulation distance, in a hours and 35 minutes.

At the Pacific Coast Handicap, held at Seattle in 1910, Mrs. Topperwein won high general average over a large field of the best shots of the

Pacific Coast and Canada. On the first day of the tournament, she made the remarkable score of 193 out of 200, which included twenty doubles, and on the final day she broke the entire program of 100 singles straight. During the year 1913, Mrs. Topperwein shot at 10,000 targets, scoring over 95 per cent. She made straight runs of 100 nine times and one run of 165. Shooting for the Denver Post Trophy in a Eastern Handicap she outshot the field of over 250 shooters by scoring 98 out of 100 from 19 yards; and closing her season's work at the State Fair in Phoenix, Ariz., she scored for the three day's shooting the magnificent total of 397 of 403 targets; and in a special handicap event, standing at the 23 yard mark, she broke 93 targets out of 100. Mrs. Topperwein is the only lady in the world who ever had the honor to qualify as a national marksman in open competition, shooting at 200, 300 and 500 yards with a military rifle.
