FRIDAY OCTOBER 15, 1915.

FAIRVIEW GRANGE MEETING

The regular monthly meeting of the Fairview Grange was held on Thursday. After the formalities of the morning meeting and a splendid dinner at the noon hour, an open meeting was held.

J. I. Stephens, representing the Oregon Taxpayers League, gave a talk on the interests and purposes of the league. It seems that this league is a non-partisan organization, organized for the purpose of promoting economy and efficiency in county and state affairs. Mr. Stephens is now in our county for the purpose of organizing a good strong county organization. His remarks were well received.

Several matters of interest were discussed, among which was the question of protecting the Chinese pheasants and other game birds that have been turned out on several of the ranches. Most of the members of the Grange favored the idea of protecting these game birds, but all are very much incensed because of the fact that while the farmers are protecting these birds, outsiders and some town people, sneak out through their fields and shoot them early in the morning or at dusk, with the result that the pheasants are not increasing as they should. Strong action in the prosecution of violators of the game laws was urged by many, and if we hear of some arrests in the near future we need not be surprised.

A committee was appointed to raise a fund for the purpose of assisting Ed. Donaldson in taking his exhibit of farm products to the Portland Show. Mr. Donaldson will take his exhibit.

Methodist Church Notes.

Sunday school session 10 o'clock, W. E. Noyes Supt. Five minute sermon 10:45.
Morning worship 11 o'clock. Theme of discourse: "The Trial of Faith."
Class meeting 12 o'clock, W. M. Heaston Leader.
Evening service 7:30. Theme of Sermon: "The Price You Pay."
Good music at these services.
A cordial welcome.
Edw. Gittins, pastor.

Presbyterian Church Notes

The services of next Sunday will be inviting and helpful to all, and will be held at the usual hours. The Sunday school offers an opportunity for a helpful study of the Bible to young and older people. The young peoples society will be formally organized next Sunday evening with a good list of members. The committee on constitution and nominations will offer its report, committee consisting of Mr. Robert Leonard, Miss Ruby McGhee, and Mr. Roy C. Jones. Mrs. Edna Poorman will be the leader of the meeting. Many young people will want to join this society as charter members.

The subject of the pastor's morning sermon will be "Under Divine Orders." Mr. Chester McGhee will kindly contribute a violin solo to this service. In the evening the subject for the popular gospel service will be "Your Reasonable Service." The choir will supply special music in each service. All who are at liberty to attend any or all of these services are cordially invited.

Christian Church Notes

The Sermon subjects for next Sunday will be as follows:
Morning: "Glorying in Discipleship." "Sour Grapes."
Last Sunday night witnessed the lar-

gest audience that has been in attendance this fall. The Sunday School has met Oct. 24th, the day our meeting begins, as our fall rally day. Our aim is 300 in attendance on that day.
H. A. Van Winkle, Pastor.

HIGH SCHOOL NOTES

The present enrollment of the Tillamook schools is 502. This is 15 more than were enrolled at this time last year, and 60 more than were enrolled at this time the year before. In the High School the growth is from 104 at this time last year to 114, the present enrollment. The Senior class in the High School is smaller than the Senior Class of last year, but this is compensated for by the large Sophomore and Freshman classes. There are 14 boys and 20 girls registered with the Sophomore class and 23 boys and 18 girls registered as Freshmen. Of the 11 students registered in the High School, 37 are residents of districts outside of Tillamook City. One is registered from another county in Oregon, one from Idaho, and one from Alaska. Eight students are attending from district No. 1; 13 from district No. 2; 3 from district No. 20, 4 from district No. 27 and the others are scattered. All but one of the students in high school are between the ages of 14 and 20. None are over 20 and one is below 14.

The average daily attendance during the past month was 399.2, or 79.4 percent of daily attendance was 98.4. Several classes had above 99 per cent daily attendance and the group of 14 sophomore boys registered with Mr. Crockett, went through the last month with a perfect record of attendance and punctuality. Sixteen parents visited schools during the last month.

The High School Agricultural class, taught by Mr. Sanders, is doing some practice work in drainage. After studying soils in both field and class and doing some work in the field with surveyors level loaned by Judge Henderson, the class is planning to undertake surveying and estimating the drainage of a tract of land owned by Judge Mason, north of town. The whole of Saturday afternoon will be spent by this class for the beginning of this project.

Under the direction of Mrs. E. E. Koch and assisted by Mr. Koek, Marie Holden gave a piano recital last Tuesday evening at the high school auditorium. The splendid music was appreciated by a large audience. Miss Holden leaves soon to study music this winter in California. Last year she graduated from the local high school.

Fire Chief Coates of the City Fire department gave an instructive talk to the students last Friday.

The Sophomore boys of the high school have a registration record of 100 per cent in both attendance and promptness for two reports.
Wm. G. Tsit, local banker, spoke to the students Friday afternoon on the operation of a bank and also gave an explanation of the banking system.
The Parent-Teachers' Association will meet at 7:45 Friday evening and will be entertained by a good program after which the election of officers and the transaction of other important business will take place.
Professor P. C. Crockett, English and Debating instructor at the high school announced that on account of personal issues and the student body petition, that he had decided to remain until the second semester of school.

CIRCUIT COURT NEWS

John Theiler vs. Tillamook County, action for money for damages. This case was set aside by Judge Holmes, and was carried to the Supreme Court, which ordered the same back to the Circuit Court for trial. Theiler claimed \$1,000 damages from the county on account of the construction of a culvert adjacent to his property. The Jury rendered a verdict for the county.

Mrs. Ann Owens vs. W. R. Owens, divorce. Motion of plaintiff for \$125 in suit money allowed.

The jury was discharged Thursday and it is thought that court business will be over by Saturday.

GENERAL CARRANZA

General Venustiano Carranza, who will be recognized as de facto head of the Mexican government, as a result of the Pan-American conference.

LONE ROBBER KILLED AFTER LOOTING BANK

Wilson Creek, Wash.—The body of the bank robber who took his own life after having been surrounded and badly wounded by a posse of citizens here, was identified as that of H. C. (Ishie) Pruett, a notorious character of the buckaroo type, who was well known about Ephrata and Soap Lake.

The robber walked into the bank during the lunch hour and, at the point of a gun, forced C. T. Griesinger, the assistant cashier, who was alone, into the vault, turned the combination lock and took all of the gold and currency, part of the silver in the money changer, and the automatic pistol under the teller's window. He then walked out of the front door.

With the aid of a screwdriver, which was kept in the vault for such an emergency, Mr. Griesinger soon took the hinges off the vault door and spread the alarm.

The robber was first overtaken about two miles east of town by two of the posse and while they waited for reinforcements the robber retreated across the Crab creek meadow, swimming the creek and taking shelter among the bluffs and rocks along the Krupp road, east of the Shilow farm. Barricaded here among the rocks he made a last stand, firing at his pursuers whenever they came within his range.

After 30 minutes' desperate fighting in which hundreds of shots were fired, the robber tumbled headlong down the bank, dead.

CARRANZA IS PLEASED

Chieftain Says Formal Battles Will Be Fought No More.

Vera Cruz.—General Carranza received with great pleasure the news that the Pan-American conference at Washington had decided to recognize him as the de facto government in Mexico.

In response to questions General Carranza said:

"The immediate effect of this will be a great moral strengthening of the cause of constitutionalism and of corresponding disheartening of opposing factions. There will be no more formal battles. Fighting of that sort already has ended, but naturally the struggle to put down minor outbreaks and lawlessness must be continued for a greater or less time in a country such as this, where there are extensive open areas."

Notable Life of Mrs. Duniway Ends.

Portland.—Mrs. Abigail Scott Duniway, 81 years old, sister of the late Harvey W. Scott and known as the "mother of woman suffrage in Oregon" died at Good Samaritan hospital following an illness of several weeks.

Oklahoma Election Officials Guilty.

Denver.—Election officials who conspired to deprive negroes of the right of suffrage through the enforcement of the "grandfather clause" of the Oklahoma state constitution are liable to conviction and imprisonment, according to a decision of the United States circuit court of appeals, announced here. The grandfather clause was declared unconstitutional by the supreme court of the United States on June 21, 1915.

President Insists on America First.

Washington.—A demand on all Americans, on penalty of ostracism, to be more than neutral in regard to the European war, to take their stand for America first, last and all the time was voiced by President Wilson in a speech in celebration of the 25th anniversary of the founding of the Daughters of the American Revolution.

Antimony Mine Reopens.

Baker.—The demand for antimony which the European war has stimulated has led to the bonding of the old property four miles east of Baker by a New York corporation, the Magnolia Metal company, which has contracted with the present owners, Dr. A. Koehler and J. E. Carter, to purchase the works for \$10,000.

Best Sugar Plant Planned.

Medford.—The Oregon Utah Sugar company, capitalized at \$100,000, with a bond issue of \$100,000, has been incorporated at Salt Lake, the object being to construct a best sugar factory in the Rogue river valley in time for the 1916 crop.

Destructing Guns.

It may be necessary to destroy guns to prevent them falling into the hands of the enemy, or to make captured guns useless. If a small amount of dynamite or other explosive is available, of course this can be done very effectively. If not, the breach of the gun is closed and the huge joints smashed as much as possible with a handspike or pick. If there is time a few rifle shots fired at the vital points of the gun will likely jam the mechanism so as to make it useless. With time, the bolts are broken off and the breech destroyed as much as possible. To do this the rifles are well heated over a fire and smashed up with heavy hammers. Ammunition is destroyed by placing it in a deep pit and setting it on fire. Telegraph wires are cut up into small pieces and the poles cut down and broken up. —London Express.

Let Them Hunt For It.

A minister in a local church known for his absent-mindedness by the members of his own family, but not to his congregation, saved himself from complete exposure at a recent service by his quick wit.

He had studied his sermon carefully, but had neglected to make any notations of the number of the chapter and verse from which the text was taken. In the pulpit he announced the text and then stopped short while the congregation waited to hear from what place in the Bible it was taken.

As he noticed the absence of notes to this fact he quickly announced, "I'm going to give you a week to find from what chapter and verse this phrase was taken." So was exposure averted. —Columbus Dispatch.

BRIEF WAR NEWS

The French government has completed its first real aerial force. It is a squadron of armored airplanes with three inch guns and fire.

Field Marshal von Hindenburg again striking at Drinak and has some headway, but along the front it is the Russians who doing most of the attacking.

Champagne, the country over the French made their big gain in September, is still the main center of contention in the west.

The fighting seems to have reached the character of trench warfare, French holding virtually all gains, while there also has been a suspension of activity in areas where the Germans record the gain of a much-contested height near Troy.

The long-threatened Austro-German offensive in the Balkans, with the ed menace of Bulgaria, has begun earnest. Almost simultaneously the rupture of diplomatic relations between Sofia and the entente powers an Austro-German army estimated 400,000 men, with an enormous amount of heavy artillery, started in a drive from the north and west.

Belgrade, the old capital of Serbia in possession of an enemy for the second time since the outbreak of the war, while other Austro-German troops have crossed the Sava and Danube rivers and are attempting to make a great drive into Serbian territory. The capture of Belgrade has been expected by the allies, as it was thought that the Serbians would make any serious attempt to save the city. It is situated on a point of the Danube, jutting toward Austria, could consequently be attacked from three sides.
