One of our young men was arrested by the county authorities last week on a statutory charge, which fact is to be regretted, as the young man has proven himself to be entirely innocent. The case was thoroughly investigated by the district attorney and he was found to be perfectly innocent, the girl's own testimony assisting to prove his innocence. It is thought that the case against the boy was a frame up.

COATS SAW MILL OPERATING

On Monday morning the Coats saw mill started on a prolonged run with a full crew of men. This mill is capable of cutting 50,000 feet in ten hours. We understand that it is quite possible that this mill will work a double crew a' ter the first of the year. The Coats Mill means much for Tillamook. This company has spent a great deal of money here. Their three miles of logging road on Bewley Creek has cost considerable money and their logging operations from now on will employ considerable labor.

THE TIME TO BUY A PIANO IS NOW

The piano houses all over the country are overstocked and are making special inducements to buyers. I have the factory agency for the high-grade Chute & Butler Pianos and Player Pianos, and have recently secured the Wiley B. Allen Co. line, which offers unmatched Piano values. Their line comprises the following well known instruments:

Mason & Hamlin, Knabe, Emerson, Hardman Conover, Packard, Ludwig, Milton, Kingsbury, Rembrandt and others.

These pianos may be secured by the small \$8.00 or \$10 monthly easy payment contract. You buy for the identical price paid by the "spot cash" buyer, the only difference being interest on the unpaid portion remaining after each installment. Deduct the first payment then figure out how easy the small monthly payments will be for you to meet on a two or three year contract.

These pianos are received by me on consignment, and being at no expense in selling, saves you the large commission always made by a salaried salesman.

See me before buying elsewhere. It will pay you.
