OREGON NEWS NOTES OF GENERAL INTEREST

Events Occurring Throughout the State During the Past Week.

Tax Ratios Are Settled.

Salem.—The state tax commission has completed the permanent ratios to be used in apportioning the assessment on the public utility corporations in the different counties. Counties having the highest ratios will receive the greatest tax from the public utilities. The ratios follow: Baker, 76; Benton, 65; Clackamas, 58; Clatsop, 58; Columbia, 77; Coos, 67; Crook, 52; Curry, 86; Douglas, 74; Gilliam, 76; Grant, 64; Harney, 65; Hood River, 68; Jackson, 65; Jefferson, 72; Josephine, 72; Klamath, 79; Lake, 72; Lane, 65; Lincoln, 63; Linn, 68; Malheur, 63; Marion, 68; Morrow, 88; Multnomah, 62; Polk, 53; Sherman, 58; Tillamook, 59; Umatilla, 89; Union, 71; Wallowa, 73; Wasco, 75; Washington, 63; Wheeler, 72, and Yamhill, 52.

Electric Row Settled.

Medford.—After three years' dispute in which the matter was fought out in the courts in favor of the electric company, the city of Medford and the California-Oregon Power company have finally reached a settlement whereby the city receives 3 per cent of the gross earnings of the company and a reduction of 50 per cent in the cost of street lighting. Medford, on the other hand, concedes the electric franchise as legal and agrees to pay all back charges for electricity, amounting to several thousand dollars.

VOTE ON SUNDAY CLOSING

Initiative Petitions Prepared for Repeal of Law.

Portland.—Oregon's Sunday closing law, now before the federal court on a question of constitutionality, is to be submitted to the voters of the state next fall under the initiative. Petitions asking for the submission of the question of repealing the act have been printed and will be circulated throughout the state.

Dan Kellaher heads a committee of merchants behind the plan. The printed petitions have been delivered to him, and will be placed in the hands of circulators at once.

The Sunday closing law in question was passed by the legislature in 1864 and was never repealed. It was resurrected recently to force the closing of grocery stores. Soon after the old law was dug up and an effort made to enforce it persons opposed to the closing of grocery stores and other places, except saloons, on Sundays, began work on the plan to submit the question to the voters. The result is the printed petitions and an organized plan for their circulation throughout the state. When the petitions are signed and filed a campaign will be made to have the voters repeal the law.

Land Grant Conference Adjourns.

Salem.—Unable to obtain any statement from the Southern Pacific railroad company's representatives whereby the state and the railroad could agree on a plan for disposal of the Oregon & California railroad grant lands, subject to the approval of congress, the committee appointed by the land grant conference last September adjourned without action. By a resolution introduced by S. M. Garland, of Lebanon, the committee decided to meet again December 1.

One Apple Yield Heavy.

Hood River.—While the local apple crop in the aggregate and that of the entire northwest, as well, will be far shorter than normally, a number of local tracts have produced phenomenal yields this season. One of the bumper crops has been harvested by N. W. Bone, from a 12-year-old orchard. He harvested more than 5000 boxes, about 400 trees yielding the greater part of this crop.

Union Will Close Tight.

La Grande.—Drug stores may sell nothing but drugs on Sunday. Hotels may furnish meals and lodgings only. The grand jury for Union county rendered a decision to this effect in its report on the Sunday closing law. Violators will be prosecuted, it says. The grand jury recommended that the law be enforced to its utmost scope while it remains on the Oregon statute books.

Big Paper Factory at Albany.

Albany.—The Thomas Pulp & Paper company was launched at a session of the Albany commercial club here. An organizing committee, headed by Mayor L. M. Carl, was appointed to proceed with the necessary arrangements to secure the erection of the plant in this city. The first unit as prepared will cost approximately \$750,000.
