## 64TH SESSION OF CONGRESS CONVENES

National Defense and Means  
of Raising Revenue Are  
Main Problems.

Washington.—National defense and the means of providing money to carry out the administration plans admittedly are the chief problems which the 64th congress faced when it assembled at noon Monday.

Champ Clark was re-elected speaker of the house and Senator Clarke, of Arkansas, was chosen president pro tempore of the senate by the democratic caucus. Senator Clarke defeated Senator Pomeroy, of Ohio, after a spirited contest. The vote was 28 to 22.

The new congress is still democratic, but no so overwhelmingly as it has been on previous occasions when President Wilson addressed it. In the senate the party has a slightly increased majority, but political fortunes have reduced the almost unswerving force in the house that came in on the democratic landslide that elected Mr. Wilson, so that now the party will have only a majority over all of 24 votes. This is regarded as a narrow margin in a body composed of 435 members, requiring a party division of only 15 votes to defeat a measure.

### Familiar Figures Return.

The new house is officially classified, with 229 democrats, 120 republicans, six progressives, one independent, one socialist. There is one vacancy in the senate there are 36 democrats and 46 republicans. Republican ranks in the house have been swelled by the return of many familiar political figures who were leaders in the long period of republican supremacy. Among them are La Follette, Cannon and William B. McKinley, ex-chairman of the republican legislative committee, both of Illinois and Nicholas Longworth, of Ohio, son-in-law of Grand Old Man.

New democrats in the senate are Underwood, of Alabama; Puckett, of California; Beckham, of Kentucky; Thayer, of Louisiana; Johnson, of North Dakota; and Hastings, of Wisconsin. On the republican side the new members are Curtis, of Kansas; Tamm, of Missouri; Wadsworth, of New York; and Harding, of Ohio.

### National Defense First on Program

The relative importance of the administration's legislative program, the army and navy increases in the five-year plan for perfecting the national defenses came first. Allied with them is the revenue problem which involves consideration of many subjects. Re-enactment of the war tax, which expires by limitation, increasing the income tax, amending the tariff to retain the duty on sugar, bond issues, some sort of tax on incomes from the manufacture of munitions of war, and an inheritance tax, all involve serious problems, and there is great diversity of opinion as to what should be done.

President Wilson's Note is Defense. President Wilson in his annual address to congress, dealing mainly with national defense, proclaimed an advanced Pan-Americanism growing from the guardianship of the Monroe doctrine to the "full and honorable association" of all the Americas.

Although the president touched on a variety of subjects, the predominating note was the necessity of a policy of military preparedness.

He emphasized his point by saying: "Unless you take it within your view and permit the full significance of it to command your thought, I cannot find the right light in which to set forth the particular matter that lies at the very front of my whole thought as I address you today. I mean national defense."

The point was not overshadowed when the president, in the most unmeasured terms he ever has employed before congress, denounced naturalized Americans who by their sympathies for the European belligerents have endangered American neutrality. While congress cheered him loudly, he referred to them as having "poured the poison of disloyalty into the very arteries of our national life" and as those who would "turn in malice against the government and the people."

President Shows Deep Feeling.

### BRIEF WAR NEWS

Earl Kitchener has resumed his duties as head of Great Britain's war department.

The German war levy of \$8,000,000 per month against Belgium will be indefinitely continued.

Field Marshal von Mackensen was slightly wounded by a Serbian bullet during the recent operations, says a Copenhagen dispatch.

It is declared that, notwithstanding denials, the pope has in his possession Germany's terms of peace, and Cardinal Amette has those of France.

There have been no important developments on the Russian or French fronts, although the Italians assert some minor successes in their campaign against the Austrians.

According to the Berlin Lokal Anzeiger a correspondent at Constantinople, direct railway communication between Constantinople and Berlin will be resumed this week. Freight trains will run twice each week between the two cities.

With evidences of deep feeling the president expressed "the even deeper humiliation and scorn which every self-possessed and thoughtful patriotic American must feel when he thinks of them and of the discredit they are daily bringing upon us."

While the president's outline of the administration plan for the army and navy passed without a ripple of applause and his references to Pan-Americanism were only punctuated with evidences of approval, republicans and democrats alike joined in an emphatic demonstration at his words of condemnation for those he assailed unreservedly.

## BELIEVED GERMANY WILL RECALL ENVOYS

Compliance With Request of  
U. S. Indicated in Berlin  
Dispatch.

Berlin, via London.—The request received here from the United States for the recall of Captain Franz von Papen and Captain Karl Boy-Ed, military and naval attaches, respectively, of the German embassy at Washington, will undoubtedly be complied with in accordance with diplomatic usage, it is stated.

Washington.—Germany notified the United States that she desired to know on what grounds the state department asks the withdrawal of Captain Boy-Ed, the naval attaché of the German embassy here, and of Captain von Papen, the military attaché.

Secretary Lansing received the request from two sources—from Count von Bernstorff, the ambassador, and from the Berlin foreign office through Ambassador Gerard.

Secretary Lansing has replied to Germany that the American government's request for the withdrawal of Captain Boy-Ed and Captain von Papen, the naval and military attaches, respectively, of the German embassy here, was entirely because of their military and naval activities.

President Wilson has fully approved Secretary Lansing's decision and it was said authoritatively it will be adhered to no matter what Germany does.
