Will You Read This Twice?

A very important question to-day which every housekeeper must decide for herself is whether she prefers pure, cream of tartar baking powder like Royal or whether she is willing to use baking powder made of inferior substitutes which do not add healthful qualities to the food.

One kind is easily distinguished from the other, since the laws of various States require the ingredients to be printed upon the label. If anyone is in doubt which kind is most healthful, it is worth while to ask the family doctor. Then decide.

And when once a decision is reached let no advertisement or dealer's argument or canvasser's solicitation change the decision. It is not a question of a few cents or of pleasing a salesman. It is a question of health.

If this appeals to you as reasonable and sensible advice, it is worth reading twice. And it is worth remembering.

Coats Mill To

Run Steadily

Night Shift May Soon Be Inaugurated. Plenty Of Logs Now In Sight

It begins to look as if Tillamook is going to have better times and better filled dinner pails than she has experienced for the past eighteen months. We have been informed that the A. F. Coats Lumber Co. has just sealed up in its boom recently a million feet of logs that have been driven out of Bewley Creek and that their new logging railroad will soon be bringing logs to tidewater on the Tillamook River. This company is to be congratulated over the prospects for a resumption of their milling operations for they have certainly had a period of most discouraging times. In the face of all this they have expended in the city and county of Tillamook during the past four months a very large sum of money in the way of mill improvements as well as their logging operations. While they have been running at intervals for the past few months they are now just in shape to begin to operate steadily and contemplate running over-time provided they can dispose of their wood to advantage. We all certainly want to see the mill go ahead and whatever any one can do to assist the company to operate steadily will accrue to his own benefit as well as that of the city at large. A large percentage of the mill output is shipped outside to points in the middle west and as far as Pennsylvania, but the local consumption of lumber and fuel is a great assistance in rounding out the revenues of the mill so that it can run at a profit. If you are contemplating a new house or barn or need fuel give them a chance to figure with you and thus help keep the wheels of industry turning. Every car load of lumber shipped brings dollars to Tillamook and that is what we want to make our city prosperous and happy.

MANAGER EMPLOYED

On Thursday the directors of the Tillamook Co-operative Live Stock Association met in this city and employed Peter Bossman as manager of the Association, which is now ready to do business.

The object of the association is to handle all kinds of live stock, calves especially, on a co-operative basis. The support of the farmers of Tillamook County for the success of the Association is earnestly solicited. Any further information may be obtained from the manager or the directors of the association, who are: M. W. Harrison, Jack Rupp, W. E. Noyes, L. D. Smith and Chas. Kunze.
