A benefit for the Fire ... boys will be given at the ... on Thursday night ... a 2 reel feature and ... shown. At times for the ... discouraged over the ... public in regard to ... many of these boys ... not taxing people ... endeavors. Everyone will agree with us when we say that we have a fine fire department. The boys are on the job whenever needed and do their work too much praise cannot be given them. They have saved many thousands of dollars for the citizens of this section and they are not asking too much when they desire the citizens to appreciate a few dimes in their behalf. We should encourage our fire boys. They certainly are deserving of it.

A law passed by the legislature of 1915, provides that 75 per cent of taxes collected in a road district must be spent in that district. This fact is causing our county officials some concern in their efforts to determine the road money for the coming year. The assessments for the different districts are as follows:

R. D. No. 1 - - $9,782.52
R. D. No. 2 - - 4,092.40
R. D. No. 3 - - 2,418.96

Thus it will be seen that the north end raises considerably more money than the south end, while the south end has far more inhabitants and greater needs for roads.

While the principal involved is all right, the arrangement does not exactly fit our county here. However, we believe that if our users and is given fair consideration and a chance that the people of that locality will not be averse to giving the people of the south end the consideration. It is hoped that for the benefit of all this reason and harmony will prevail at the budget meeting.

There are some who have misgivings in regard to the effectiveness of the prohibition law that will go into effect Jan. 1, 1916. Upon investigation we find that the law is pretty well constructed and we believe it will prove far better than most people think. The law puts a great deal of power into the hands of the officials, and what handicaps that hindered the officials under the local option law have been removed. In forming the present law. For instance, if a man is seen drunk on the streets he can be taken before a justice and made to tell where he secured his liquor, or if he refuses he can be imprisoned, and any testimony which he may give implicating others can not be used against himself. It our opinion that some way they can easily circumvent this law will be badly fooled. At the budget meeting next Thursday the appropriation of $2,000 for the prosecution of liquor cases may be increased. We believe this is a wise appropriation as it will show the public that the county at large is behind the enforcement of the prohibition law. A wise provision of the new law requires that all fines secured be placed in the general fund of the county. This provision will no doubt provide for much of the expense of inforcing the law. However, we believe that a substantial sum should be laid aside to back up the officials right at the beginning and after that the operation of the law would no doubt pay its own way.

What Indeed Would Be More Acceptable

to your wife and family this Christmas than a fine new piano or player piano?

Many a home is cheerless, to a certain extent, because the musical atmosphere is lacking.

Music is not a luxury, but a necessity, to relax from the nervous strain of the average American of today.

You owe it to your children to develop their talents along this line, it being almost as important as their present school training.

The satisfaction of their becoming a finished musician is surely quite evident to you.

Pay by the easy monthly payment plan. You buy for the identical price of the "spot cash" buyer, the only difference being the simple interest on the amount remaining after each payment.

The Wiley B. Allen Co. are well and favorably known to the piano-buying public, being established in 1873.

Their business motto has always been:

"A Dollars Worth of Piano Value For Every Dollar Spent or Your Money Back."

The Wiley B. Allen Co. line comprises the following standard instruments: **Mason & Hamlin, Hardman Conover, Ludwig, Milton, Kingsbury, Rembrandt, Wellington and many others.** At the time of your purchase you receive a signed "Agreement of Exchange" whereby if for any reason whatever, within one year from date of purchase, you would want to change your instrument for any other make in stock, you receive full purchase price for yours in the exchange. This is the only piano house on the coast, that back up their line of pianos with this agreement. They do not use fake sales of any description in selling pianos. I receive all pianos on consignment, therefore being at no expense in selling, saves you the large profit always made by a salaried salesmen. Write me if interested—Do it now.
