A Judicious Inquiry.
A well known vaccine man who visits the drug store, says he has often heard druggists talk a great deal, who would you buy a small vaccine, whether it was for a child or an adult and if for a child, they almost invariably recommended Chamberlain's Cough Remedy. The reason for this is that they know there is no danger from it and that it always cures. There is not one local druggist in giving it and for adults, cough and whooping cough it is unsurpassed.

Chamberlain's Tablets For Indigestion and Constipation
The sweetest and pleasantest medicine I have used for indigestion and constipation is Chamberlain's Tablets, writes Melard F. Craig, Middleboro, N. Y. They work like a charm and do not gripe or leave any unpleasant effect.
Their Appeal to Our Sympathies
The bilious and dyspeptic are our sympathies. Many such, however, have been completely restored to health by the use of Chamberlain's Tablets. These tablets strengthen the stomach, invigorate the liver and prove the digestion. They also give a gentle movement of the bowels. When you have trouble with your stomach, give them a trial.

An Appreciation
by **WILLIAM A. BRADY**
(One of America's greatest producers.)
In making "Way Down East" David Wark Griffith has again demonstrated his genius and for that genius and the man I have the highest admiration.
His "Way Down East" is another brilliant achievement and one that has brought new and greater glory to the foremost exponent of the motion picture art.
During the twenty years in which I presented "Way Down East" in the theatres of America, I probably saw the play at least a thousand times.
I felt that I knew all there was to know about it, that I had long ago experienced every emotion and thrill the play possessed.
Then I saw Mr. Griffith's play "Way Down East" and I was thrilled as I have seldom been in a theatre. Mr. Griffith has achieved the apparently impossible.

presents
"WAY DOWN EAST"
Based on John G. Brady's Famous Play by Little Blue Parker and Joe D. Grimmer
Here you have something more than a motion picture—it is a story of human hearts, unfolded in a simple, soul-reaching way, under the master guidance of Mr. Griffith—a production that will go thundering down the ages just because it is so human.
