Have Plenty of Nice Clothes and Make Them Your self. You Can With The Deltor
—The Deltor is a new introduction by Butterick which makes every woman her own skilled dressmaker. It is enclosed with Butterick patterns—and only with Butterick patterns.
—It is a picture story of every necessary step in the making of a garment. It shows by picture how to lay each piece of material on the pattern for cutting without the waste of a single bit. No such boon for women has happened as The Deltor, since the coming of sewing machines or the paper pattern.
—Ask us to show you that wonderful invention, the Deltor, at the Butterick Pattern Counter.

Never Were Women's and Misses' New Spring Ready-to-Wear More Attractive Than They Are for Spring

Spring Has Brought a Silhouette Entirely New
Particularly is this true in suits and dresses. The lines of the new spring 1922 garments reveal a vast difference.

—And more new arrivals have made their appearance since the publication of the last issue. The sparest creations in ready to wear you will find here.

—Here are pictured several exclusive models whose charm is in their touch of Oriental.

NEW COATS:--

Must not be too long, else they hide the narrowness and length of the skirts. These are shown in Sport jackets and the longer models in high colors and deep shades of tan. The new spring season has introduced metallic trimmings of various kinds. Priced moderately low \$12.95 to \$38.95.

NEW SUITS:--

Economy in women's suits is best secured by buying the very best that can be afforded. That is why all new spring 1922 suits have the same trademark "Palmer". Representing the utmost in value, as well as the most correct in style. —Navy blue tricotette models play the leading role. Jackets with irregular lines in box back seem most fashionable and full silk lined. And of course Oriental sleeves have not been overlooked. Silk embroidery and bead are the decorative features. Sizes 16 to 42 and priced at \$32.50 to \$63.75.

Bewitching Hats From the World of Fashion

—Strange are the arts of milliners, who create out of everything and anything hats of beauty for all types of faces.

Stranger still is the fact that day after day maidly can go into Halton's millinery salon nuzzly four thousand miles from New York (as well as imported models from Paris) and find something bewitchingly new and becoming.

And at the New Low Prices—
The Trimmed Hats

Bird's nest straw and braids have been variously used, some in combination with silk crowns or silk facings, to form many unusual shapes with roll or straight brims, in mushroom and turban effects. Flowers, fruit, hand-made ornaments, bows and pins supply effective decoration.

Perrywinkle, Orchid, Wistaria
And Tangerine Predominate

That this is true is due to Halton's millinery workroom with its clever designer—Miss Dougherty. As well as dozens and dozens of Paris—New York hats arriving constantly.

NEW SKIRTS FOR THE FIRST SPRING DAYS:--

These skirts we are just putting on display are so designed as to be comfortable, but still have the narrow silhouette the spring styles demand and these beautiful wool models warrant your attention. Few stores will show these luxurious high colors, checks and plaids in the made-up garments but here you will find it now. Unique pockets, belt and buttons add to their attractiveness. We consider these one of the best "skirt buys". \$7.95 to \$12.45.

NEW DRESSES THAT ENCHANT:--

Piquancy of youth is well defined in these charming silk dresses and too much cannot be revealed as they are undoubtedly the smartest we've ever had. Those who haven't visited the ready-to-wear section during the past week will be pleased to learn of the arrival of another express shipment of exquisite models. Each one distinctively styled.

—Dresses of tulle, crepe, taffeta, silk crepe, knit and combination of two or more weaves. Short and three quarter sleeves are correct—and trimming applied are so varied that it would be only too confusing to reveal in cold printer's ink. The colors are really gay. Sizes 16 to 44. Perhaps the most winning combination is the fact the prices are moderately low—\$18.95 to \$36.98.

"Lasse-Kilt" Wool Combination Skirt Suit for the Miss:--

between the ages of 6 to 14 and the most clever creation that has been Dame Fashion's good fortune of conceiving. We need only refer to the illustration which conveys the exact idea of what is correct in misses' apparel. They are made with the same painstaking care to workmanship as our women's ready to wear. Sizes 6 to 14. In the following materials—All wool Scotch Tweeds, Ve'our Checks and high color tweeds, priced at \$4.39.

Misses' Wool Skirts:--

Made just like mothers. They're right new. The fringed sashes are fetching. In lively checks and plaids. Sizes 12 to 16 years. At \$5.75 and \$5.95.

Pongee Blouses:--

to wear with the Lasse Kilt Skirt which completes the combination. These smart blouses are exceptionally well made with neat ruffled collar, cuffs and front. Heavy weight 12 Mummy pongee. These are \$3.98. Others at \$2.45.

Women's Bloomerettes:--

Just like what the Fashion Journals are endorsing—worn below the knees and neatly shirred at bottom. Of heavy quality black satcen. The illustration featured will give you a much better idea of their practicality. The price is sure low—\$1.00.
