TILLAMOOK, OREGON, MARCH 9, 1922.

No. 29

BIG RAILROAD DEAL IN PROSPECT

REPORT OUT THAT G. N. & N. P. TO BUY WHITNEY RAILROAD

An important railroad rumor, from apparent good authority, has been circulated quite freely during the past few days to the effect that the Northern Pacific and Great Northern interests, who recently bought what is known as the Wilson River railroad project, has purchased the Whitney railroad which extends up the Kilchis river a distance of about twelve miles from Idaville on Tillamook Bay.

While we have no absolute authority for the truth of the rumor, we have been informed by those whose judgment is good in regard to these matters, that this move has been expected.

It is thought that the new railroad into Tillamook will take the Wilson River for a distance and then cross over the divide to the Kilchis, thus enabling the new railroad to tap a large area of burnt over timber on both the Wilson and Kilchis which may be harvested in the next three or four years or be a total loss.

It has been given out officially that while it is remotely possible that the new railroad to Tillamook may be completed in 1922, it is not probable. Those who understand the situation and know the lay of the land realize the reasonableness of the foregoing assertion. It would indeed mean a very strenuous effort to complete the road this year. However, if the Whitney road is taken over and work is begun it will mean much for the very near future and a real boom for this city and county.

It is now thought that the 15 men who left last week on a secret mission up the Wilson river may have been connected with this project.

McMinnville Hi Comes for Revenge

Tillamook and McMinnville, the pride of Yamhill county, lock horns here Saturday night.

McMinnville was beaten on her own floor Monday night--this, too, after ignoring Tillamook all season and only playing them when public opinion forced them to--consequently McMinnville comes here for revenge.

Should McMinnville win it is certain for Tillamook for to earn the right to go to Salem we must wallop her more and then take on Newberg for a third and deciding game.

Newberg defeated Mac in two games, but only by FIVE AND FOUR POINTS, the first game being 15-20 and the second 24-20. Tillamook's 24-20 victory over Mac looms big in consequence.

Saturday's game starts at 7:30. Every red-blooded fan in town must be at this game, for beat them we must--OR FOREVER HOLD OUR TONGUES.

Bert Stevens had one of his fingers cut off by Dr. Boals Tuesday on account of blood poisoning setting in, at his writing he is doing nicely.

19

Ther Herald family is surely growing.

This week 19 new names were added to The Herald subscription list--all paid-in-advance subscriptions--the majority of them being brought to the office in person. Renewals are being received almost at the same ratio, a voluntary approval of The Herald's effort to give them the biggest and best newspaper in the county.

FIRE DESTROYS PAUL FITZPATRICK HOME

Paul Fitzpatrick's home 2 1/2 miles south east of Tillamook was destroyed by fire Friday night, March 3rd, between 9 and 10 o'clock.

Only a little of the furniture was saved.

The fire started from some unknown cause and was first discovered in one of the upper rooms.

The home was insured for \$700.00 with the Great American Insurance Co. through the Everson agency. The company recognized the loss and will settle at once in full.

The entire neighborhood turned out to help. But the house was burned to the ground in about thirty minutes after the fire was discovered.

GROWING! NEW ADVERTISERS IN THIS ISSUE. Morris Schnal--Announcing a wonderful buy in raincoats. Sunset Restaurant--Submitting a sample menu of their bill of fare. Drum & Frost--Announcing opening of new garage. Columbia Batteries--Sold by Williams and Williams. Joe Donaldson--Announcing date of big sale of Jerseys. Roscoe Parker--Announcement of public sale of dairy cows. Todd Hotel--One of Tillamook's best known hostleries. Alex Cigar Store--Taxicab headquarters. Central Service Station--Announcing opening of new establishment. King & Crenshaw--Advertising the famous Lang range.

MARSH BURDICK, FIREMAN, DIES VERY SUDDENLY

IS VICTIM OF APPENDICITIS; OPERATION FAILS TO SAVE LIFE

FUNERAL SET FOR SATURDAY

MEMBER OF THE TILLAMOOK HOSE COMPANY FOR SEVEN YEARS

Marsh Burdick, popular member of the fire department of this city, was taken suddenly ill Monday night with an attack of appendicitis. He was operated on at the Shearer and Merrick hospital Tuesday afternoon, at 2 o'clock and passed away Wednesday afternoon, at 12:55.

He was born in Andover New York, September 7th, 1887, and spent his early manhood in New York state moving to Saginaw, Michigan in 1905 and in April of 1907 he was united in marriage with Miss Emerita Schultze. He came to Tillamook in December 1913 where he made his home since then. He is survived by his wife and four small children. Two sons Norman and Clarence B. and two daughters Margaret L. and Rosetta V. also his mother, Mrs. Charles Page of Hornell, N. Y., four brothers and three sisters: Mrs. Cora Run of Plainsville, N. J., Mrs. Jennie Carr of Andover, N. Y., Mrs. Lona Furness of Hornell, N. Y., Charles of Cornwell, N. Y., Menzo of Wellsville, N. Y., Norman of Portland, Oregon, and Herbert of Rochester, N. Y., and a number of relatives and hosts of friends.

Deceased was a member of Marathon Lodge No. 98 of K. P. and Abdu-Uld Ataf Temple No. 117 K. of P. Portland Oregon.

He has been a member of the Tillamook Hose company for the past 7 years and has been a constant and faithful helper for the betterment of the company. In times of trouble and need he has always been a true friend, and a devoted husband and loving father.

The funeral services will be conducted under the auspices of the Tillamook Fire Department and the K. P. Lodge Saturday at 2 o'clock, March 12, at the Christian Church.

CHILD LOSES FINGERS IN PLAY-ACCIDENT

Charles Phelps, 3 year old son of Mr. and Mrs. J. B. Phelps of East Beaver, met with a sad misfortune last Friday.

His little sister Inad, who is only 5 years old, was playing in the wood shed with the axe. Charles came running in the woodshed and stumbled his hand falling on the chopping block, directly under the axe that Inad was playing with cutting off four fingers on his left hand.

Dr. Robinson was called and at this writing the little fellow is improving.

WE APOLOGIZE--AND MAKE ANNOUNCEMENT

Due to the greatly increased demand made upon our job printing department and the increased use of Herald ad columns these past two weeks The Herald has been slightly delayed on publication days but with another issue or so we will be back to normal again for we are expecting additional help and added equipment during the coming week.

Verily The Herald is growing--Watch The Herald in 1922.

Mrs. F. P. Hobson, of Garibaldi, was a Tillamook shopper today.

Mill Opens On 90-Day Trial Basis

The Wheeler mill resumed cutting Monday morning after an idleness of over a year. About 20 men were put to work.

The mill is being run on a nine hour basis with a minimum wage of \$3.00. Over long distance telephone Manager Vosberg informed the Herald Wednesday that the mill was being operated on this plan on a ninety day trial basis. "We offered the men two propositions," said Mr. Vosberg. "An eight hour day at \$2.50 or a nine hour shift at \$3.00. They chose the latter and if we can't make it pay at this we will be forced to shut down again."

The mill is saving only for stock. W. B. Smith, of Brighton, who is a director of the Local Legion of Leggers and Lumbermen, says that in operating on this basis the Wheeler company violated their agreement with the organization of which he is an officer, both as to hours and to wages and in consequence must forfeit the sum of \$500 to the organization according to him the mill is bonded to this effect.

A meeting was held in the streets of Wheeler last night at which time the L. L. L. discussed their side of the question the streets were reverted to when it was found that no hall was obtainable.

Big Garibaldi Mill Opens March 15

The Herald learns from an apparent reliable source that the Whitney mill at Garibaldi is to reopen March 15 in a light manner. Full operation, is however, expected in the season.

A. W. O. L. Slats, our boy humorist is away without leave this week. Sick at home with the grippe like the rest of the mechanical force. Miss Goodspeed was ill the first part of the week and the other members remaining at their work by sheer grit.

CIRCUIT COURT CONVENES; JURY INDICTS SEVERAL

SEDERBERG INDICTED FOR MANSLAUGHTER; TRIAL MARCH 14

CIVIL CASES TRIED FIRST

SEVERAL CHARGED WITH CONTRIBUTING TO DELINQUENCY

Judge Bagley convened court on Monday evening and heard the report of the Grand Jury which returned eleven indictments.

Following are the indictments returned:

Wm. Sederberg indicted on charge of murder in second degree.

William B. Johnson indicted for forgery, having forged three checks to the total amount of \$17.00. Plead guilty and was sentenced to 9 years and costs. He was paroled in regard to the prison sentence and is allowed to pay the \$17.00 and costs in monthly installments of \$15.00.

Grace Childers was indicted on the charge of contributing to the delinquency of a minor. Plead guilty and was fined \$500 and costs and was allowed to pay same by paying monthly installments of \$25.00 each.

Robert H. Getchell was indicted on charge of unlawful failure to support child. He was paroled and ordered to pay \$25.00 per month for support of child.

Geo. Childers was indicted on charge of lewd co-habitation and was sentenced to 3 months in the county jail.

Lauren Whitney, was indicted on the charge of lewd co-habitation. Plead guilty and was fined \$300. He was paroled on payment of \$100 and remainder at rate of \$20 per month.

Wesley Raney and Grace Childers

Basketeers Finally Win Recognition

Hurrah for Turnbull!

Turnbull turned the trick and now Tillamook high school has been recognized by the State Athletic Board and given a chance to win the highest basketball honors in the state.

Turnbull journeyed to Forest Grove with blood in his eye Tuesday night and met with the other two members of the athletic council of this district with the net result that after Turnbull had "talked Turkey" Newberg was forced to come to terms and has finally agreed to play Tillamook a third and deciding game for the championship of this district, providing Tillamook defeats McMinnville here Saturday night.

The game is scheduled to be played Monday, March 13, on the McMinnville floor, which is neutral territory, although before the meeting of the board it was Newberg's contention that it was not but that the Newberg College floor was. Turnbull, naturally, couldn't agree, and hung out for McMinnville. Special dispensation has been received from state headquarters to play the game at Mac, and so all is lovely and the goose hangs high--provided we beat McMinnville.

If ever there was a crowd at the high school gym there should be one Saturday. Stores should close, the band should turn out and every red-corpusled man, woman and child should be on hand for the game. Tillamook never before had such a team. Let's show our civic pride and appreciation in this instance in a manner that cannot be misunderstood.--Sports Editor of the Herald.

Dr. Boals reports the following births: Mr. and Mrs. Carl Carl, a girl February 17th; Mr. and Mrs. M. C. Keen, a girl, February 21st; Mr. and Mrs. James Fitzpatrick, a boy, March 1st; Mr. and Mrs. George Morris a girl, March 4th.

MANUFACTURING PLANT LOOMS FOR TILLAMOOK

LOCAL MEN OFF FOR THE EAST IN INTEREST OF PLAN

MAY MEAN ADDED PAYROLL

OIL COMPANIES TO BE INTERESTED IN LANTZ OIL BURNER

Tillamook may soon become the home of one of the state's great manufacturing enterprises if the plans of some of our most responsible citizens materialize as they bid fair to do at this writing.

Saturday E. T. Haltom, E. G. Lantz and Jack Cronin left Tillamook on a six-week trip to Eastern and Southern cities in the interests of this very enterprise--the new and enlarged Lantz Oil Burner Co., a company formed to promote and manufacture the patent of a local man which Herald readers are, of course, very familiar with.

It is planned to interest the large oil companies of the Atlantic seaboard, middle west Texas and California and to establish factories in the east and in Tillamook.

The gentlemen named went from here direct to Chicago and will go from there to Toledo, Cleveland, Youngstown, Pittsburg, make a side trip to Detroit, returning to St. Louis, then to Columbus, Cincinnati and Indianapolis, then to New Orleans, via Memphis and then to Dallas, Fort Worth, Texas and making another side trip to Oklahoma City and Tulsa and then home via California.

Mr. Haltom, who has lately become affiliated with the company is of the opinion that the Lantz Burner is the greatest domestic and commercial patent of recent years. He is not a wild-catter nor prone to boast where there is the least possibility of doubt, hence the stability of his project is assured. He says that in the east kerosene is a drug on the market, selling for from 4 to 8 cents per gallon. This is a strong argument in favor of the burner, for it is absolutely one of the most economical and best ever manufactured. It is adapted to household and commercial uses.

Two are in use in commercial work here--one at the Sanitary Market where it is used in cooking meats for sausage and another at the Louvre for candy manufacture. Their success leads Mr. Haltom to assert that there is a great field for the burner in these and kindred lines.

It is planned to form associations with the larger companies of the districts to be visited and to establish factories where freight rates will not be prohibitive. The Tillamook factory plans for which are under consideration, will care for the Northwest district.

A complete demonstrating outfit was carried east by the Tillamookers, a burner of miniature size being set up in a specially constructed trunk. A hot water tank, radiators, range and all are connected up in the display, which by the way is one of the neatest pieces of work we have seen in a long time. The outfit was on display at the Portland hotel Sunday night and attracted considerable attention. It was constructed by Mr. Lantz, the inventor of the burner.

What's next Mr. Haltom also intends to look over the eastern markets with a view to making purchases for his big department store here.

D. Robinson reports the following births: Mr. and Mrs. Yost of Mohler, a girl, March 5th; Mr. and Mrs. Vrennie Kellow, of Hebo, a girl, March 7th.

PUREBRED COMPLETES 10-MONTHS' RECORD

CANARY FOBES MAY DE KOL, NO.33007. HFHB

The Holstein cow pictured above is a "typical dairy animal" and is one of three fine cows that are being developed by "Jimmie" Watson, the son of Mr. and Mrs. Rollie Watson, of this county. "May" as the cow is known, has made in the past two of local records qualifying in advanced registry in the herd book of the Holstein-Friesian Association of America.

During the past year--freshing on Feb. 3, 1921--the official record reported credits this cow with a total milk production in the 305 day division of 15,561.4 lbs, with a 3.46 average test, making 538,695 lbs of butter fat equivalent to 647 lbs of commercial butter. The foregoing test was commenced with a seven day official record of 536.6 lbs of milk, testing 3.894 per cent fat, making 20,895 butter fat "May" freshened again on Feb. 17, 1922, dropping a fine heifer calf within one year and fourteen days from her last calving; she was again put on a seven days test which has just been

completed with a credit of 581.6 lbs. of milk--averaging 83 lbs per day over 10 gallons--testing 3.77 per cent fat.

"Jimmie" is very proud of his cow and also two very fine heifer calves and hopes some day to have a very fine herd of pure bred Holsteins and be a "real dairyman" in Tillamook county. When he finishes high school he wants to go to college and get a degree course in animal husbandry, chemistry and soil fertility. Keep your eye on Jim Watson.
