EDITORIAL COMMENT

Say it with subscriptions.

Home industry thrives best with home patronage.

Grow a garden. A vacant lot, a spade, a package of seed—and a lot of elbow grease will turn the trick.

Bond issue carries by a majority of 34. Now the city councilmen have promised to put the city on an even better basis.

The Herald's last issue, containing 12 seven-column pages, was the largest regular edition of any paper ever published in Tillamook county. Designed as an eight-page paper it looks like ten or even 12 pages would likely become a chronic habit with us right now.

MR. AND MRS

What wonderful thoughts come up when these two abbreviations are printed in a news item—what intense human interest these portray.

In the country weekly, they take the one big place in all news items, from the simple visit to relatives, to the larger matters of human life.

"Mr and Mrs."—the great news item of the universe the bringer of recollections to the man far from home, who takes his old home town paper, and reads the items of Mr. and Mrs. and lets his mind wander back to the days when he knew the Mr. and Mrs. in knee pants, and shall we say, short skirts.

It's the home town paper where the real Mr. and Mrs. news items occur—and to receive the home town paper week in and week out is to know the great happenings of the world, the doings of Mr. and Mrs.

If you don't take the home town paper, subscribe now. If you do take it, renew your subscription.

MOTOR RECKLESSNESS KILLS MANY

During the year 1921, 57 persons were killed and 283 injured in grade crossing accidents in the six western states served by the Southern Pacific Company, according to a report made public by R. J. Clancy, assistant to the general manager.

This is a slight relative increase over the casualties for 1920, despite the safety campaign of the Company. Clancy in his report, shows however that had it not been for the tragedy of Proberta, Cal., where 13 high school students were killed the number of fatalities for 1921, correlated to the number of registered automobiles and locomotive miles for this year, would have shown a decrease of about 11 per cent.

In 186 instances instead of being struck by trains, the automobiles ran into trains, primarily the result of approaching crossing at a speed so great that braking power was not sufficient to stop automobile before hitting train, resulting in four fatalities and 88 injuries.

In 85 instances crossing gates lowered to protect them from train were run through and broken, and in eight instances crossing flagmen, warning autoist of approaching trains were run down and injured.

EMPIRE MILKING MACHINES

The Recognized Standard

NEARLY every field of endeavor has its recognized standard—one manufacturer's goods that always come up first in your mind when a product of its nature is mentioned.

It's true of cameras, pianos, locks, crackers, speed-meters, watches and a host of other products.

And it's true of Milking Machines.

Visit the homes of prize winning stock of all breeds, go to the dairy farms whose chief object is the production of large quantities of milk or go to the small farmer who has only a limited number of cows—everywhere you'll find the dominating milking machine to be the Empire.

Complete information from us will come to you under no obligation. Come to see us or ask us to come out to see your cows.

BLOOM BROUGHT DOWN PRICES IN TILLAMOOK

Before I came to Tillamook I know prices were high and people were not at all satisfied—because the prices were so high in the furniture line that no one could touch anything. As soon as I came the prices went down. Why? Prices have been on the decline for over a year but did not reach Tillamook until I came. Come in and get acquainted—tell your neighbors about Bloom's—don't send out of town when Tillamook boasts of a low priced store like Bloom's.
